Every graduating senior in the Class of 1947 is now at the Crossroads of Life; in every direction lies the future. Whether or not this future will be successful depends, for the most part, on the individual—his initiative, his ability, and his character.

All men in life are designers; each designs his future. And so have we, especially during the past four years, been forming with a cautious mind the plan of our future life. Its foundation has been laid in school; its completion awaits us. Will it be successful? That is for the individual to determine. Success, however, is the most difficult of designs; failure, the easiest. At any rate, the future still lies just beyond the Crossroads, and it shall go “according to plan.”
THE ANNUAL
OF
1947
WATERTOWN HIGH SCHOOL
MASSACHUSETTS
To you, Mr. Kelley, the Class of 1947 dedicates this Annual. Because of your understanding and helpfulness toward all students alike, we seniors express our appreciation in this dedication. May your future years in Watertown High School be as happy and successful as those of the past.

Mr. John Kelley
To the Class of 1947

To the Graduates:

As you graduate from high school, you will have achieved an end which has been your heart's desire for the past three years. As you approach this crossroad you realize that it is not an end in itself but only a stepping stone to a fuller and more responsible future.

Life is dynamic and you cannot stop to rest, but just as long as you plan new goals as the old ones are reached, progress to greater success will be yours.

In moving on from one goal to another you will find the way beset with difficulties, and, at times, progress will be barely perceptible; but with ambition and perseverance the obstacles will slowly be absorbed and progress will result. In setting your course for new goals, you must not allow your ambition to cause you to reach beyond your ability at a given time. Progress to the top has never been gained by skipping the rungs in the ladder to success.

As you read about the lives of really great men, you will note that their success has been caused by ever moving steadily forward with a firm but steady tread and always reaching beyond to a goal within their ability to grasp.

The progress of life can be likened to one climbing a mountain. If the climber stops to rest, he will freeze; if he hurries on without a sure footing, he will meet disaster; and if he tries to reach the crag just beyond his ability he will crash to earth—but the one who keeps moving securely and reaches for the crag within his grasp will safely reach the top.

Roberts v. S. Reed

Senior Thoughts

We little thought
That book-bound years would end—
Would cut themselves so short.
That there would merely be
A ring, a ribboned paper,
And a fear of what will come,
To say that it is done.
But done it is,
And suddenly
We find that there is nothing left
But to depart and go our separate ways alone;
And yet,
All ties cannot be severed
When a heart has loved what long has been its own.
These years are ours
And shall belong to us through all eternity;
For we have answered our last bell,
And added these, our memories
Of football games, and proms and senior plays,
To all the others that these walls have held.

The deep majestic voice
Of silence booms along bare corridors
And vacant locker rooms,
But finds that there is nothing left of us
Except, perhaps,
A name carved on a desk,
An autograph upon a battered book—
Or will it find
The wish that we have left,
Will it feel the longing in the air—
That we want to be remembered
Even though we are not there?

Barbara Ann Hinton
The Future ... Study For It
"Why don't you 'come over to my house'?"

What a relief no longer to be those green down-trodden Sophomores! As Juniors we anticipated more interesting class activities to plan and carry out.

This year our first activity was to elect our class officers. The following were elected: "Bernie" Akillian, president; Tom Oates, vice president; Gloria Druli, secretary; George Vartanian, treasurer. On the executive committee were appointed Dorothy Skinner, Nancy Nye, and Mary Coffey.
Class meetings were held, at which such topics as scholarship, manners, and election procedures were discussed. Also at one meeting *Cum Laude* certificates were presented to those students of the junior class who had been on the Honor Roll for all four terms in the sophomore year.

On February 15, our Junior Dance was held, and this social event proved a credit to us. With Mr. Moody’s great help, Rosalie Munford and her committee decorated the gymnasium most artistically, using the valentine theme instead of our class colors of green and white. A large number of the school pupils and their guests attended, everyone contributing to a most enjoyable evening.

The junior class prospered greatly under the fine supervision of Miss Jacobs. As Juniors we had but one fault—a tardy record. We seemed to think that we could sleep a little later than the Seniors and Sophomores, and still be on time. Actually we never achieved that record!

On April 11, our Junior Play, “Come Over to Our House,” was performed before a large and enthusiastic audience. The excellent cast, as well as the many active committees, made this production a success. The class was greatly appreciative of the splendid coaching of Mrs. Boerstler.

Respectfully submitted,

Gloria Druli,

Secretary
The Sophomores really did themselves proud in conducting their first social event of the year.

After a travel picture and cartoons were shown in the auditorium by Mr. McKee's projection club, the group moved to the gym and after instructions by Mr. and Mrs. Champagne, authors of the new dance "Boston," the group really cut a rug.

When the group had tired of dancing, some informal auditions were conducted by Mr. Ford and each contestant received an extra share of refreshments. No Crosby's nor Como's were uncovered, but judging from the scholastic rating of the class a few Einsteins may be in the making.

Class of

JOSEPH RUSSO

{ 64 }
After the first few weeks of bewilderment the Sophomore Class got off to a good start with a class election in which Gus Martino was elected president; Arthur Manasian, vice president; Marion Glynn, secretary; and Lois Black, treasurer.

The first formal meeting of the class was on November 22, when the Annual Sophomore Party was held. This affair was very successful. The first class meeting was held January ninth, at which time the activities of the year were discussed.

During the school year the class participated greatly in the school activities. Much credit for the brilliant success of the football team was due to playing by George Mullen, Danny Cronin, and Gus Martino. The hockey team’s success in the current season was due largely to the efforts of George and Walter Sullivan.

The Sophomores won the Cum Laude Trophy for the first term, having the largest number of pupils on the Honor Roll.

Now we have come to the end of another enjoyable school year, once more looking forward to that which follows.

Marion Glynn,
Secretary

1949 At the Sophomore Party
Activities... The Future... Act Now For It
The Student Council is a small organized club consisting of students from each course. It solves many problems confronting the Student Body and strives for better citizenship.

Paper towels and soap containers were placed in the boys locker rooms; mirrors were installed in the girls' locker rooms. Convalescent cards were sent out to students who were absent a week or more. Girls, instead of teachers, were on duty in the cafeteria during lunches. During the fire drills members of the Council were on duty in the locker rooms.

The “Red Feather Drive” was conducted by the Council with great success. The “Harvest Hop,” a dance which was given by the Council, helped raise money for the School Treasury.

Members of the Council took part in ushering on Parents’ Night. Chosen members of the Council participated in determining the results of the school elections. The Council solved a great many difficult problems during the year.

Thirteen is not an unlucky number for 1947, because thirteen Seniors of the college preparatory course were elected to the Watertown High chapter of Cum Laude, the highest scholastic honor that the school can bestow.

These Cum Laude seniors are Thomas Butler, Thelma Chloodian, Lucy Chotilian, Arshalous Djinivilis, Theodore Dowell, Joanne Griffin, Lillian Habinowski, Vartkes Karaian, Dorothy Kelly, Margaret Marashlian, Alcmena Valacellis, Hans Ingvar Viklund, and Mary Ellen Waugh.

Election to Cum Laude means that these Seniors are outstanding for scholarship, but it is to be remarked that this year, as usual, the individuals are leaders and active participants in every field of school activity.

Thomas Butler, valedictorian, is president of the Class of 1947 and president of National Honor, while Dorothy Kelly is National Honor secretary. There are the presidents of two prominent clubs, and active members of several others. The co-editor, Lillian Habinowski, is accompanied by several members of the staff of The Bulletin, and Vartkes Karaian and Arshalous Djinivilis are important members of the Annual staff.

There are faithful members of the Band, the Orchestra and the Glee Clubs, and actors from both Junior and Senior plays. These Cum Laudes are prominent socially and even athletically, tennis, soccer, basketball and golf have not been neglected.

The group of Cum Laudes are leaders in every field as well as that of scholarship.

The first requirement for a pupil to be elected is that he be in the upper third of his class. From this list of eligible candidates, the faculty then vote for those who exhibit the finest qualities of character, leadership, and service.

The membership being small and the members not necessarily united by a bond of interest as in other clubs, the activities are somewhat limited. We are, however, proud of what we have been able to accomplish.

Our major events have been—first, an assembly on *The Atomic Age*, during National Education Week, for which the members were happy to have Professor Ivan Getting of M. I. T. as speaker. Secondly, in January after mid-years, a successful informal dance was held in Whitehill Hall. Lastly, in May, we conducted an impressive Induction Ceremony, which climaxed our activities for the year.

Members have also served the school by assisting with the sale of El tickets and by giving special help to underclassmen in certain subjects.

Mr. Reed is the head or our Saltonstall Chapter of National Honor Society which was established in Watertown High in 1937. Miss Jacobs, chairman of the faculty committee, is very ably assisted by Mr. Adams, Miss McNally, Miss Randall and Mrs. Thulin.

The motto of the society is: "Noblesse Oblige." The colors are white and yellow and the flower, marguerite.

The purpose of the Thursday Afternoon Sketch Club is to stimulate interest in all forms of Art. However, it specializes in commercial advertising and fashion-designing. The club which consists of twenty-seven enthusiastic students has given its talents generously to other school activities by making posters and by planning decorations for some of the highlighted occasions held in the building. During the past year, the students visited the Art Museum and also the Gardner Museum in order to gather information for their work. The Sketch Club took an active part in the all-school assembly which was held in the latter part of the year.
The Art Club, sponsored by Mr. Moody, has proved to be an inspirational background for many of the art students of the High School who intend to make art their career.

The club functions in co-operation with both the Bulletin and the Annual. Its linoleum blocks are reproduced in the Bulletin and such important features as the cover, book plate, signature pages, sectional headings, cartoons, etc., appear in the Annual. John Coakley's amusing cartoons and Harold Kloonjian's fine workmanship typify the high quality of the club-members' skill.

The efficiency and expediency of the Art Club have made it one of the most outstanding clubs affiliated with the Annual.
The Band

OFFICER

Secretary  Lorraine Nelson

The Watertown High School Band, under the direction of Mr. Arnold L. Chick, has about forty-five members. They have been very active this current year, playing in assemblies and at the football games last fall.

A very successful concert was held on January 17th, at which many past members who have recently been discharged from the service took part.

In May the band attended two music festivals, one in Medford and the other in Portsmouth, New Hampshire.

In all, our Watertown High School Band has had a very successful and profitable year.
The Arts and Crafts Club aims to develop an interest in the planning and making of various useful projects. Under the guidance of Mr. Donald, the club meets every Friday morning in the wood shop.

Credit is given for the successful completion of every approved article. This year the members made chests, bookcases, lamps, bookends, and small tables. In the spring the club climaxes the year by an outing, financed by the club treasury.

"I took this one when . . ."

The Camera Club is one of the oldest clubs in Watertown High. Members are instructed in various phases of photography such as portrait taking, enlarging, copying, printing, the use of various types of cameras, and the means of achieving good composition. The club members do the photography work for the Annual and the Bulletin. Pictures of all clubs, activities, and "candid" are taken by members of this club.

Miss Thayer, our sponsor, does a great deal of work for the club. She offers many suggestions for the good of the club and is always on hand to help at any time.

Informal contests are held during the year and each member has a chance to exhibit his work for comment or criticism. The spring contest and exhibition are the big feature of the club in which every member submits pictures.

The Bulletin is a four-page newspaper published bi-weekly by the students of Watertown High School. The editors meet every day during the homeroom period to arrange material for print.

The staff engaged in two competitions this year, namely those sponsored by Columbia University and by the Boston Globe. In order to participate in the Columbia contests, the editors were given the opportunity of going to New York with the faculty adviser.

Prepared the next issue

Newspaper assignments this year have ranged from tea at the Ritz-Carlton with Helen Hayes to visits to settlement houses in Boston.

The Chess Club has competed with other teams in match-play although efforts to draw up a schedule with schools in the immediate vicinity of Watertown have proved of little avail since few schools offer chess as an extracurricular activity. At Watertown High School, however, club members have gladly remained after school Wednesday afternoons and replayed the U. S. vs. Russia tournament games at Moscow, 1946. Mr. Vacca, the club sponsor, seemed to have an almost inexhaustible supply of tournament games.

Problems submitted to the third composing tourney, sponsored by the Christian Science Monitor, were also solved. In addition illustrated talks were given by individual club members.

Wally Faherty deserves special commendation for building a handsome chess ladder, which he generously presented to the club.

The Chemistry Club, under the ideal sponsorship of Mr. Kelly, has continued its custom of conducting experiments in Room 212.

Club requirements are that members, who will work in groups of three or four, will conduct and write up at least two experiments for the year.

Most interesting of the experiments being worked upon are the making of liquid soap, cold cream, and Bakelite. Experiments with copper and oil have also been conducted quite successfully. Although we don't profess to be great chemists, most of our experiments have been very satisfactory!

The club dues, which are collected weekly, will go towards our "end of the year" party.

The Commercial Club, under the leadership of Miss E. Desmond, is now in its sixth year. Each week programs are planned by members of the club. These programs have included the following: a spelling bee, personality questionnaires, and business etiquette. In addition, members of the Guidance Department have spoken to the group.

Each spring the club sponsors a typewriting contest. Prizes are awarded to club members who write the most perfect paper with the greatest speed. At the close of the year, as at the beginning of the year’s activities, an outing is held at Riverside.

This year for the first time, the club members have selected and are purchasing pins to be worn as an insignia of this enjoyable and instructive club.
The Chorus this year, as in other years, consists of almost forty voices. This organization is limited to girls only, and these are chosen by Mr. Walter Mayo from the various other choral groups and classes of the school. Only girls who are gifted with outstanding voices are chosen.

During the year, the girls participated in high school assemblies along with the Glee Club and the Orchestra. They also took part in assemblies at the East Junior High and Saint Patrick's Parochial Schools.

The purpose of the consistent practice of the group was to come as near perfection as possible in the songs to be sung at the annual concert in May. The Chorus also had the privilege of attending and participating in the Massachusetts Music Festival in Medford and the New England Music Festival in Portsmouth, N. H. The organization received a very high rating.

David Leigh

The Dramatic Club has a total membership of thirty-four students and is under the sponsorship of Miss Griffith. The main purpose of the club is to instruct the student in the art of acting and stage craft. The meetings are held alternately at Whitehill Hill and Room 218. When in Whitehill Hall the members present small plays for their experience and their own amusement.

For the entire school the club has presented in the auditorium “Overnight Guests,” a one-act comedy concerning the difficulties of a family and its relatives which have been moved into the wrong house.

Five of our members acted in the Senior Play “Spring Green.”
This year, for the first time in its eleven-year history, the Debating Club has come under the sponsorship of Mr. Joseph F. Murphy. The objectives of the club are mastery of argumentation and discussion, proficiency in cross-examination and refutation, and skill in the art of speaking.

One of the goals set by the club for the current year is participation in intramural debates, as well as debates with other schools.

This year the National High School Debate Topic is: "Resolved, that the Federal Government should provide a system of complete medical care to all citizens."

When the members are busy preparing briefs on their topics, they hold weekly discussions on such questions of national importance.

---

DRAMATIC CLUB

The Glee Club this year consisted of about ninety members. The addition of many boys made a great improvement over last year's club.

The money collected for dues through the year was put into a fund for the purchasing of new music.

The Glee Club participated in the Thanksgiving Assembly, singing "The Lord's Prayer." The day before Christmas vacation the members sang carols in the corridors. On the same day, in the Christmas Assembly, they sang "O Holy Night," "The Bells of Saint Mary's," and "Silent Night," after which the whole school sang Christmas Carols.

The main purpose of the steady practicing every Friday club period is to perfect the selections chosen to be sung at the Annual Concert held in May.
The French Club of Watertown High School was organized three years ago to stimulate interest in the study of French, and to permit the carrying on of activities which would not be possible in regular class time.

Included in this year's activities were French songs, French movies and talks on the literature, art, music and history of France. The most worth-while activity of the club was the adoption of a French war orphan, to whom one box of food and one box of clothing were sent each month for a period of twelve months. The club also contributed numerous French records to the school.

The social activities consisted of a Christmas party, a picnic, and dinner at a French restaurant.
Election of officers was delayed for two months so that club members might have sufficient opportunity to appraise one another's character, citizenship, and executive ability. The wisdom of this policy was reflected not only in the election of capable officers but also in the entertaining and instructive program carried on throughout the year.

Talks by Mr. Vacca, lectures by outside speakers, sound films, kodachrome colored stereopticon slides, songfests, visits to Italian radio programs, museum exhibits, and Italian restaurants, all comprised to make the year an enjoyable and memorable one.
The purpose of the Hi-Y is the development and maintenance of good Christian character and the extension of its good qualities throughout the school. Under the sponsorship of Mr. Fry, this organization successfully held its Annual Victory Dance on November 29th, in addition to several highly successful Stag Struggles.

One of the aims of the organization this year was the contribution of $125 to the World Youth Fund. This money will be used for the benefit of all the unfortunate young people of the world.

Members of the Hi-Y are constantly present in the cafeteria during all lunch periods to see to it that all tables and chairs are kept clean, and that all dishes are removed. Because of this, our cafeteria has received numerous compliments from all sources.

Math Club

OFFICERS

President George Vartanian
Vice President Bernard Akillian
Secretary-Treasurer Esther McAuley

Under Mr. Adam's skillful leadership, the members of the Math Club learned many useful things concerning the field of mathematics. At the beginning of the year the club concerned itself with many different types of mathematical puzzles which, after a thorough explanation, proved to be quite simple.

The club then discussed logarithms and their origin, beginning with the history of multiplication and working right up through our present day logarithmic tables. The members have also learned how to compute examples on the slide rule, a device which simplifies logarithms a great deal.

The club intends to continue with this fine work and thus it will accomplish a great deal by the end of the year.
The Library Club offers its members an insight into library work as a profession by allowing them to participate in the work of the library.

This year's group tends to be practical-minded rather than literary-minded, so we have done more of the technical work than we do some years.

The Club had speakers for several of the meetings. Sometimes they talked about qualifications and training required for librarianship, sometimes about their favorite new books, sometimes about travel experiences.

For social activity, the club visited the Brookline High School Library, held a merry Christmas party, went as a group on a skiing party, and enjoyed one evening together at the theatre.

As is the usual custom, the club presented a gift of permanent value to the school library, this time, a set of poetry books.

ORCHESTRA

Projected Club

OFFICERS

President: Harry Oldford
Chief Operator: Jacob Andrews
Secretary: Arthur Harris
Treasurer: Robert Sullivan

Organized during the spring of 1946 under the sponsorship of Mr. Gordon W. McKey, the Projection Club consists of twelve boys selected from the upper classes. The purpose of the club is to bring to the student body the best moving-picture entertainment that is available for school use.

In addition to its regular classroom film showings, the club sponsored an afternoon presentation of The Count of Monte Cristo, and, encouraged by the fine attendance, undertook the more ambitious plan of sponsoring the personal appearance of Mr. Irving Williamson, who showed his own undersea pictures.

Under the able direction of the president, Harry Oldford, the club has enjoyed a successful first year of existence and is planning further pioneering projects for the future.
The orchestra this year has been, as in the past, very active in school activities. Under the wonderful direction of Mr. Walter Mayo, the orchestra has done much to make things much more pleasant at school assemblies. Among the many activities in which the orchestra has taken part are the Senior Play, the Junior Play, and the Woman’s Club Concert and Dance Night. On May 10, the orchestra participated in the festival at Medford, and on May 24, the orchestra participated in the festival at Portsmouth, N. H. At both these festivals the orchestra received a very high rating, and everyone had a wonderful time. The members of the orchestra have worked very hard to obtain and maintain the high standard which they now claim. Much credit should be given to Mr. Mayo for his fine work with the orchestra as well as with many other musical groups in the school.
After a lapse of two years the Watertown High School Radio Club was reorganized in November, under the sponsorship of Mr. John Craig.

The purpose of the club is to instruct its members in radio theory and fundamentals of operation.

During the past year theory was taught by Lawrence Grillo, a capable senior. Movies provided visual instruction. Code recordings, purchased by the Radio Club of 1943, helped to train members to pass the test for their amateur radio licenses.

The Radio Club’s nine members did radio servicing to help pay for club equipment. The club members also contributed their services to the school by repairing some of the school’s radio apparatus.
The purpose of the Quid Nunc Club, sponsored by Miss Boyle, is to serve the school and the community.

During the past year its members had charge of the Junior Red Cross. For this national organization, the members of Quid Nunc filled thirty Christmas boxes with small toys for children in Europe, crocheted New Havens, made basket favors for service men in hospitals, and collected clothing for European children.

Every month one representative attended the Junior Red Cross meetings in Boston, at which meetings reports on group activities were given by the participating schools.

Speech Club

OFFICERS
President Grace Semonian
Secretary-Treasurer Helen Ohanian
Sponsor Miss Norcross

"Care each word before you let it fall"

The Speech Club, composed of six girls who want to improve their diction and their confidence in themselves, meets weekly in Room 104. There we study the physical and physiological bases of speech, take exercises in voice training—including relaxation, control of breath, initiation of tone, resonance—and emphasize such elements of tone as pitch, volume, quality, and duration. In all of our work the phonetic approach is used. From time to time we record our voices and, by a critical analysis, judge the success of our efforts and our progress. We hope to improve enough to participate in school assemblies if the need arises.
The Rifle Club composed of fifteen members has complied with Junior Rifle Club requirements of the National Rifle Association of America, the governing body for rifle and pistol shooting activities in the United States, and is therefore chartered by this Association. Its members, under the Instructor's guidance, receive instruction in the safe and proper manner of handling firearms, are taught to shoot accurately, fire for qualification ratings of national significance, and participate in team and individual competition. The Watertown High School Rifle Range has been greatly improved this year through the addition of special lighting facilities, reconstruction of the target area, and establishment of a more suitable firing platform.

The best part of the day

This September a new and unique school was founded for Watertown’s returning veterans. The faculty and School Committee decided that it would benefit the veterans more if facilities could be found separate from the High School. The Francis School was selected because of its proximity to the high school. This building soon came to be known as “Kilroy Prep.” The veterans were fortunate in having two capable instructors, Mr. Kounjian and Mr. Herlihy.

During the first week of October, the Veterans’ Glee Club of Watertown High School was formed. The aim and purpose of this club is to co-operate with the faculty in furthering the veterans’ interests and to help the veterans readjust themselves to civilian life.

On the Friday before Christmas the club sponsored a dance which was a great success. Three prominent citizens of the town chose a senior queen.
The purpose of the Watertown Tri-Hi, which holds its meetings bi-monthly at the Newton Y.M.C.A., is to create, maintain, and extend throughout the community, high standards of Christian character.

In October we had a social dance which was a big success. The Sunday before Christmas we had an alumnac tea. Many girls of three years back attended this tea. This club plans to have another couple dance in the spring which will conclude the social activities for the year.

At the end of the year Tri-Hi gives a one hundred dollar scholarship to a worthy student of Watertown High School.

On the night of December 13, 1947, the senior class presented its play, “Spring Green.” It was a most capable cast indeed which enacted the roles, and we seniors might well be proud of its roaring success. After playing to a capacity crowd, the cast was told by many people that it was “the best play ever put on in the high school.”

Seniors such as Charles Beaudette, Bruno Vittimberga, Dorothy Kelly, Esther McCauley, and a few others, are worthy of the many fine praises extended them by Watertown’s prominent citizens. A full length comedy under the direction of Mrs. Betty Boerstler, the play served as a means of raising funds for the publication of the Annual, in addition to providing gay entertainment for the night. “Spring Green” will long remain as one of the most excellent plays ever enacted within the walls of the high school auditorium.
On April 12, 1946, we as Juniors presented a dramatization of Mark Twain's comedy, "A Connecticut Yankee in King Arthur's Court."

It is the story of a clever Yankee engineer named Hank, who, knocked unconscious by tripping over a light switch, finds himself in a dream, back in the Middle Ages. At first he believes himself in the local insane asylum, but is soon convinced that he is faced with a death sentence handed down by King Arthur. By predicting an eclipse which he knows has already taken place, he saves his own life and becomes the idol of the kingdom. He then converts the court into a 20th century business office. Hank accidentally touches an exposed wire on his switchboard and suddenly awakens from his dream.

The class may well be proud of its thespians—particularly of Philip Dupuis for his performance of "Hank," and Esther McAuley for hers of Queen Morgan Le Fay.

The "Yankee" with members of the Court

the Class of 1947

SENIOR PLAY

Front Row: D. Castrucci, J. Griffin, D. Leigh, L. O'Brien, C. Beaudette, E. McAuley, P. Slavin
The Future... Keep Your Attention On It
A silenced hush comes over the audience; the high school orchestra plays the first few bars of the graduation march, and we seniors commence to march with dignity down the aisles of the auditorium. Can this actually be June, 1947? Is it true that our three years in Watertown High School have come to an end?

Remember way back to that September, 1944, when we entered these "Golden Halls" of learning? Remember how confused, how bewildered, how utterly "green" we were? Oh, to be sure, we were unimportant then, but we knew our day would come. Although those "big seniors" were dominant, we had a lot of fun—we were important, in our own way. Remember also our first big event even before our elections? It was the Sophomore Party, which helped most of us get better acquainted. Then we had our elections, and these were our choices: Leo McKeon, president; Thomas Norbury, vice president; Susan Piteri, secretary; Shirley Knell, treasurer; and executive committee members, Jack Harrington, Ted Dowell, and Charlie Clark. With the ending of our sophomore year, we all looked forward to being Juniors.

September was here once again, now 1945, and we returned to school to assume our duties as Juniors. Almost everything we did then was merely routine, for we had been in school a year and were no longer "green." Most of us got tangled in a maze of activities right away. Election results were as follows: Jack Harrington, president; Frank Cousineau, vice president; Susan Piteri, secretary; Jean Gonsalo, treasurer; and executive committee, Charlie Clarke, Phil Dupuis, and Wally Faherty. We, as Juniors, sponsored a class play. What a feeling of importance we experienced whenever we passed a poster advertising "A Connecticut Yankee in King Arthur's Court!" And then we had a dance—the Junior Dance—not soon to be forgotten by those who attended. Now we looked forward to another glorious year. The summer vacation barely crawled by—we were eager to be Seniors.

September, 1946! At last we were really Seniors! The first thing we did was to elect our class officers. The results
showed that the genial Tom Butler was chosen to lead the class as president; Frank Cousineau was elected vice president; Susan Piteri, secretary; and Jacqueline Parisi, treasurer. The executive committee was composed of Phil Dupuis, Joe Fitzgerald, and Walter Faherty. Once organized, this group drafted the committee of the various class activities. Perhaps the most perplexing problem was that of selecting the Annual staff. John Gentili was elected editor, together with Helen Hamilton and David Smart as assistant editors.

As Seniors we had outstanding teams in practically all sports. A few prominent figures in the world of sports were Frank Cousineau, who was chosen for the coveted All-Star football team, and Dick Bradley, Jack Beale, and Chuck Fahey, elected to the Bay State All-Star hockey team.

Our class play, "Spring Green," was one of the unforgettable events of the year. Through the efforts of an exceptional cast, this production received one of the best ovations in the dramatic offerings of the High School.

And who could ever forget Freak Day? What fun it was to see our friends walk across the stage in their hilarious costumes! At this assembly everyone roared with laughter. It was then that we realized how important we really were. We were showing off to the underclassmen—and were we proud!

Then came our Senior Prom, our final fling. Remember the brilliant hues of red decorations, contrasting with the pure white ones? Red and white were our class colors. Every boy was a handsome prince; every girl was a fair maiden at that prom. That was the night.

We had, too, our Class Day and Baccalaureate, and then our Banquet, at which we received our Annual, happy moments of our high school years. Now we were ready for the closing event—Graduation.

* * * * *

In a few, short minutes all will be over; our twelve years in school will have been completed. A figure clad in grey rises, walks to the front of the stage, and receives his diploma. A few minutes later, another member of the Class of 1947 follows, then another. And thus with much dignity we bring to a close the class history. May the future hold success and happiness for all of us!

MOON ROCKET SERVICE IN SIGHT

QUEEN VICTORIA DOCKS TODAY

By Ann O'Keefe

New York, April 1—The Queen Victoria docked in New York harbor today, and many distinguished personages were seen when the gang-plank was lowered. Among the more outstanding celebrities were Toni (Lorraine) O'Brien, returning from a tour of European theaters; Dr. Leo McKeon, who had just completed two years of medical research at the Averill University in Paris; and The Misses Marion McGivern and Mary McMahon, arriving for a vacation in the States after teaching school in England. Marjorie Wood and June Badger, editors of the society pages of the London Times, were accompanied by Jacqueline Parisi and Sue Piteri, outstanding congresswomen, who had been making a goodwill tour of Europe. Edmund Gallagher was there with his two sons, each carrying a tennis racket tucked under his arm. Mrs. Esther Rockwell (née McAuley) and her daughter were returning after a month's tour of Europe, climaxing by a visit with Madame Marie Davis, the noted French hair stylist, and her able assistant Shirley Knell. The arrival of Richard Fay, who had spent several years studying European architecture, caused much excitement as did that of Charles Farnham, who had served as floral designer for the United Nations Flower Fair. Of the many returning newly-weds, Mr. and Mrs. Joseph Ochala, widely-known for their social activities, took the spotlight.

ENGINEERS HOLD ANNUAL CONVENTION

Boston, April 1—The fifth annual convention of American Engineers convened yesterday at the Gardner Snow Engineering Center. Mr. Snow opened the convention by calling on Theodore Vlachos to give his annual report on the progress of the Cameron-Roche Corporation with which he is affiliated. To the 300 men attending the convention, Andrew Harris then extended his greetings on behalf of the Mathew-D'Angelo Chemical Research Laboratory.

Ernest Paretechanian spoke on the relationship of architecture to engineering. He was ably assisted by Donald Weldon and Philip Dupuis, who were on hand with scale models to illustrate Mr. Paretechanian's talk.

Following the business meeting, which included talks by such eminent men as Roland Pivin, chemical engineer with the Kamishian Foundation, and Paul Andrews, free-lance civil engineer, luncheon was served by caterers Mary Vincent and Betty Melkonian.

The engineers plan to meet again next year at the Coutts Plant in New York.

DR. TANGUSSO TANGLES WITH ROBBER

Officers William Ames and John Hurney were summoned to the Russell Doane Radio Parts Company last night by a call received from Mr. Doane's secretary, Lorraine Nelson. She exclaimed that the safe had been burgled. The car of Dr. Joseph Tanguusso, who was returning from a night call at the time, was apprehended by the thief, and the doctor was knocked to the street in a scuffle. Fortunately Dr. Tanguusso's nurse, Sally Johnson, was on hand to rush him to the Cambridge Hospital. There his wounds were treated by Dr. Vivian Morrison, famous woman physician.

"LUNATICS SEEK PASSAGE TO EARTH"

By Anne Brown

Internationally-known scientists Dr. Daniel Ounjian, Dr. Hans Vicklund, and Dr. Aram Barsoomian gathered in Valacellis Hall of Djinnivis College to discuss plans for establishing permanent transportation facilities on the moon. Interested in this new project were Governors Douglas Ludlam, Richard Bradley, and Robert Rose. Admirals Bradford Towle and John Coffey spoke reassuring words on the aspects of living on the moon.

Russell Leary, who had recently returned from a visit to the lunar regions, told of the schools and colleges there where he studied the improved Kelly Electron Theory.

Joan Bevan, Barbara Hinton, Estelle Lockhart, and Rita Andrews, who thought they had experienced just about everything in the line of travel, told how they blinked incredulously on stepping from a rocket ship at Bowser Moonfield. It was indeed a surprise to see David Leigh getting ads for the "Moon Overshoe Gazette." Dave located the women and ushered them to the Donald Rockwood Inn. On entering the inn, they spotted Dorothy Wright and Mary Ellen Waugh, interplanetary-known cosmopolites.

Our intelligent scientific convention was abruptly brought back to earth by George Blanchard, who lit his atomic pipe too quickly.
ZAPPONI AIRLINES TAKES ON STAFF

Last week the United Zapponi Airlines took on a new staff at the Walter Wright Airport. Harry Avedisian has been appointed president and Robert Hennessy, vice president. Miss Margaret Marashlian has been placed in charge of the Nurses and Lois Tewksbury, in charge of the air hostesses. The Travelers Aid Bureau will be under Florence Mills' supervision.

Nancy Kant, commercial artist, has been appointed head of the advertising department. Her model is the well-known Rose Nalchian. Frank Natale has been placed in charge of the Commercial department at the airport.

An added convenience on the airfield—will be Ardminus Hatabian's Beauty Salon, which is being built by the Sarro Chebookjian Construction Company. Located next door to this company will be the Nancy Connor Immigration Translating Office.

HITHER AND YAWN

By Lillian Habinowski

A gay crowd of first nighters was on hand yesterday evening for the opening of Thomas Butler's new play, "Spring Bean," which stars matinee idol Charles Beaudette and the ever-popular Joanne Griffin. Photographers Willy Bakalyan and Bob Sanassarian were kept busy snapping candid of celebrities as they arrived at the Hackett Theatre. Espied in the lively throng were the distinguished Dr. Vartkes Karanian; designer Marie Ellard chatting with Jean Gonsalo, fabulously wealthy owner of a Palm Beach night club; and Mayor Charles Clarke escorting Mae Murray, who just recently returned from Hollywood after making a picture for the Trebias Brothers Productions.

The Forty-Sevener's Club sponsored the Horse and Dog Show held yesterday at Ted Dowell's exclusive outdoor club. Svelte Phyllis Czanzelesi, whom we best know as the up and coming woman doctor of our time, proved herself to be as efficient with a bridle as she is with a stethoscope. She walked off with no less than six prizes. Joseph Fitzgerald, wealthy playboy, proudly displayed a blue ribbon won by his pet dachshund, whom he has sentimentally named "Dora" after the soignee Supple model, Dodo Castrucci.

Recently returned to her country estate after basking in Florida all winter, Joan Knight entertained a number of young socialites at a soiree last week. Conversing informally in a little group were Violet Druki, famous for her modern dance interpretations; Jack Harrington, railroad tycoon; and Helen Hamilton, who is claimed to be the best dressed woman in America. Late comers to the party were Ruth Smith and Doris Hannon, who had been unexpectedly delayed when they had a flat tire on the side of a hill. They might have remained there yet had not Richard Rundett and Antonio Russo gallantly come to their rescue. They fixed the tire and proved, incidentally, that the age of chivalry was not dead.

Lornette Linnings—Barbara Robinson, Mary Carroll, Phyllis Ryan, and their escorts attracted many an envious glance from diners at the Crave Club last night. They danced to the music of Wendall Finneault and his orchestra in the dreamy atmosphere created by interior decorator Harold Kloomjian. The floor show at the Crave Club is exceptionally good this week. The Leigh Brothers are featured in a gay revue which boasts the support of the Twinkle Toes Dancing Girls, Lydia Deliandis, Jean Fantasia, and Ruth D'Amico.

Teresa Brennan and Ann Corsi were noticed comparing notes about the tour they make to plan through Europe next month. After lunching at Babock's they went to the Hauswright Dress Shop, where they selected their wardrobes under the personal supervision of Monsieur Alexander Melick.

Well-known women-about-town, Lois Fish and Harriet Dane, will combine their efforts to honor the famed artist, Elka Gigante, at a reception to be held next week at the Hotel Doggett.

COMING

"YANKEE FROM CONNECTICUT"

AROUND THE CLOCK WITH STATION WHS

7:30 a.m.—"Rise and Shine"—Half-hour of fun and music with Dave Smart announcing.

8:00 a.m.—"Coffee with your Crumpets"—chatty hour of news and comments, with Phyllis Slamin pouring the coffee.

11:30 a.m.—"Thelma and her woes"—a gripping drama that stars Thelma Chloodian and George Balcom.

6:30 p.m.—"Highlight on the Lowlights"—shorts commentary by Don Leary.

8:00 p.m.—"Hour of Harm"—mystery, intrigue, adventure packed into one hour. Starring Lawrence Grillo and Pat Paimo.

11:00 p.m.—"Musical Nightcap"—vocalist Muriel White sings to the accompaniment of Donald Hawes and his trumpet.

AMVETS TO HOLD ANNUAL OUTING

By Kay Francis

William Stevens and Helen Ohanian, co-chairmen of a newly appointed committee announced today that the annual outing of the Watertown Amvets and Auxiliary will be held next Saturday at Sellers' Willows.

Dick O'Halloran, Jack Murphy, and Al Moriggi will drive the three town buses for the members. Helen Gjertsen's catering service will provide the refreshments.

The members plan to return for the dance they are sponsoring at eight o'clock at the Thomas Fowler Hall. Music will be supplied by Bruno Vittimberga and his orchestra.
20,000 SEE CHAMP DEFEND CROWN

New York, April 1—A great crowd of some 20,000 persons was jammed into the Madison Square Garden to see Clayton Merritts defend his crown against challenger Conn. Merritts won by a knockout in the fifth round to the excitement of all present.

Gathered in the Garden were sports writers from all parts of the nation. Seen pushing their way through the milling crowd were Harry Lande and William Fleet who write for the Times. With them, as their guests, were Rosetta Gaddi and Joe Marchant, Frank Furlong, director of the city council, and Donald Matheson of the Maloney Light and Power Company.

Many celebrities had ringside seats. Shirley Holman was seen counting out money to Jean Shea, who evidently had picked the winner of the fight. Seated directly opposite the Misses Holman and Shea were Gordon Scott and Joseph Turbine, who had flown up from Boston especially to see the bout.

GREENOUGH SIGNED AS HEAD COACH

Dick Greenough, brilliant professional football player, was signed last week to fill the position of head coach at Watertown High School. When asked if the press might have an official statement, Dick complied with, “It is my sincerest hope that we beat Belmont again this year.”

Stasia Papas was also signed by Watertown High. Stasia, who, like Dick, has enjoyed an outstanding career as a professional player, will coach the girls’ sports.

D.A. MAY INDICT PROMINENT MEN

Boss Harold Bekarian, overlord of Ward 3, does not answer his telephone today. A sudden illness has laid low socialite Allan Jellison. "Dr. Robert Richards, his physician, curtly ordered: "No visitors." Thomas Rice, local business tycoon, has found it necessary to take a business trip to regions unknown. Much consternation has been aroused among other leading social and political figures since “Fighting” Allen Cohen, the District Attorney, announced yesterday the possible indictment of prominent men about town in the bribery case arising from the Hoopsters versus the Eagles basketball game played last week:

The finger of suspicion was first directed at the Hoopsters' brilliant center, Paul Burns, whose sorry showing in the game together with his failure to make a single basket, led to much speculation. Driving a suddenly-acquired sports roadster and flashing a huge bank roll about in the better known night-spots, Burns was apprehended for questioning.

D.A. Allen Cohen has announced that he will prosecute to the full extent of the law. He states, “Sport contests must and will be kept clean in our town.”

COUSINEAU AWARDED CUP AT BANQUET

Frank Cousineau, well-known professional football player, was feted at a dinner given in his honor last night. Frank, who was voted “Most Valuable Player” by a council of ten nationally-known sports authorities, was presented with a gold cup and $500 by master-of-ceremonies Karl Osterlund.

Osterlund then called on various men who had established themselves in the world of sports to rise and acknowledge the applause of the audience. Among those who were on hand were Rudy Hoiseth, Jack Agahigian, and Louis Mastrangelo.

THUNDERHEAD AT FORTE RACETRACK

Gene Kileoyne, long interested in sports of all types, has recently gone in for horseracing. Kileoyne has purchased a yearling named Thunderhead, which has already established itself in sports' circles. It is assumed that Jockey Richard Milton will ride Thunderhead in the fifth race at Forte racetrack tomorrow.

Seen at the track today were Audrey Fowler and Gloria Piantedosi, both of whom won large sums of money.

The Will of the Class of 1947
Class Will

We, the class of nineteen-hundred and forty-seven, being of disparaged mind and decrepit body, are now prepared to submit our last will and testament to the operators of the institution which has imprisoned our minds within the walls of knowledge. We hereby, according to custom, make use of our benevolent assets:

Settlement I—To Miss Norcross we leave the following to be used according to her own discretion—( , , ? !).

Settlement II—For Mr. Ford we “tack up” a basket, which (on arising occasions) can be flagged to half-mast.

Settlement III—To Mr. Murphy we bequeath a football team “so sound, so firm, so fully packed,” they’ll always win—not draw.

Settlement IV—For Mr. Moody we reserve one appointment with John Warner “before it’s too late.”

Settlement V—To Miss Boyle, for dressing up the “bifocals,” we present one set of Chen Yu Rainbow nail lacquer.

Settlement VI—For Miss Thayer we purchase one gross of double weight, economy-size soft as silk, 8” x 10” Kleenex.

Settlement VII—To Mr. Chandler we leave $1,000 capital so that he can make gifts of next year’s Annual.

Settlement VIII—To the Underclassmen we leave one large tube of “Unguential” to heal the whips and scars, surely to be issued by the Class of 1948.

Settlement IX—To Miss Jacobs we give the power of X-ray vision to check up on all “absentees.”

Settlement X—Lastly, to Mr. Reed we leave a token of our “warmest” appreciation—a full length man’s heavy fur coat to wear on Broadway at 8:10, on chilly mornings. Our will having been successfully completed and instated, we now face the inevitable end—the world.

Testators
The Future . . . Work for It
FOOTBALL

The opening of the 1946 hoop season found a large squad of basketball enthusiasts reporting to the W. H. S. gym. With a high percentage of veteran varsity material, along with several fine prospects, a well-balanced team was produced, and the season got off to a booming start.

The boys really showed their capability in that thrill-a-minute game that was staged at the Brookline High gym. The Wealthy Towners jumped out to an early lead but were soon put under harness by a hard-fighting Watertown quintet. By taking and holding the lead until the final whistle, our basketeers emerged victorious by the slim margin of 32 to 31.

Special mention should be made of the superb all-round playing of Berj Taskjian, Frank Cousineau, and Jack Butler. As a result of superior teamwork and good coaching, the team had a fairly successful season.
The Watertown High School football team enjoyed one of its most successful seasons in recent years by winning six of its ten scheduled games.

With the return of Coach Joe Murphy from the Armed Forces, Watertown once again showed supremacy over its ancient rival from over the hill, Belmont High School, by pinning on them a 20-6 defeat on Thanksgiving Day, before a record crowd. The features of this game were the forward passing and catching combination of quarterback Bill Wickstrom and end Frank Cousineau; also, the broken field running of Benny Akillian, plus the hard line plunging of Rudy Hoiseth.

The graduating seniors are Co-Captains Dick Greenough and Frank Cousineau, Jack Agahigian, Rudy Hoiseth, Louis Mastrangelo, Gene Kilcoyne, and Clayton Merrits.

BOYS' BASKETBALL

Front Row: Violet Druli, Joan Knight (Co-Managers)

Basketball

This year the girls' basketball team finished the season undefeated and untied. Much of the credit was due to the first team seniors: guards—Pat Dolan, Shirley Green, Flo Tamburro; forwards—Joan Knight, Stassia Pappas, and Rose Nalchian. The school will miss the good sportsmanship, playing ability, and team work of these girls.

The junior class has many young "hopefuls" with a surplus of ambition and ability for next year.

Schedule
Watertown 45—Somerville 22
Watertown 35—Winchester 8
Watertown 30—Medford 10
Watertown 34—Newton 30
Watertown 26—Arlington 22
The Class of 1947 has much to be proud of in the record attained by the Girls' Field Hockey Team this year. Under the capable coaching of Miss S. Biggane, the girls, full of spirit and enthusiasm, upheld Watertown's fine record by dropping but two of its six games, winning two and tying two against keen competition. Much credit is due Jackie Parisi and Joan Knight, our high scorers, while the whole squad is to be commended for its fine sportsmanship and co-operation.

GIRLS' BASKETBALL
Front Row: J. Knight, S. Green, F. Tamburro, R. Nalehan, D. Skinner, S. Pappas
Combining a strong defense with abundant speed in the forward waves, the Watertown High School Pucksters fought from pre-season oblivion into a second place position of the Bay State League.

Under the able direction of Coach Murphy, the Raiders created a mild sensation when they trounced Boston College High 7–1, and defeated league-leading Wellesley 1–0. Speedboy “Chuck” Fahey, assisted by John Treblas, tallied the only goal of the game, and the defense combination of Bradley, Beale, and Carey surpassed every other, setting up a nearly impregnable defence.

Watertown had the distinct honor of placing seven members of the squad on the Bay State League “All-Star” team. In addition, Dick Bradley was the recipient of the trophy for the finest goalie in the league.
The Soccer Team opened its season last fall by losing to a strong Belmont team at Belmont by a score of 2 to 1. Next, Medford beat the team 2–0 after a no-score first half, but Watertown snapped into the win column by scoring easily over Browne and Nichols, 6–1. Tech J.V.'s proved no match for the Red and Black, and were beaten by a score of 4–0. The boys lost a couple of heartbreakers to Belmont on the return game, and then to a strong Exeter Academy team. Next, the soccer team played an exciting tie game with Governor Dummer which was no doubt the best game of the year. Two overtime periods failed to break the deadlock. We lost to Medford and then beat Browne and Nichols a second time; lost to a strong Tabor Academy, and won the final game against Suffolk University.

Harry Kennedy, center forward, was top scorer and played a fine game as did Dowell, Rose, Dupuis, Clark, Melick, and Fitzgerald, all seniors.

BOYS' HOCKEY
Second Row: T. Bolduc, Coach J. Murphy, R. White, G. Sullivan, P. Hallihan, W. Sullivan, L. Toceci, E. MacCurdy, H. Kasharian, W. Faherty, D. Sabatino (Manager)
Front Row: H. Trebly, J. Beale (Captain), D. Bradley, J. Carey, A. Shannon, C. Fahney
Much of the spirit and enthusiasm evidenced by the student body at all sport events was due to the "peppy" and keen leadership of the cheerleaders. Under the direction of Miss S. Biggane, the girls, regardless of weather, attended all football games and led the spectators on to animated singing and cheering. In basketball, on the other hand, the juniors were excluded from the cheering, but the seniors did an exceptionally fine job. For hockey, although cheering space was unobtainable, most of the girls appeared and did their best to back up the boys. Our thanks go out not only to the entire group but also to Muriel White, the snappy senior, who led the group of obliging and vivacious girls.
The Tennis Team was fortunate in having the following Seniors: Violet Druli, Joan Knight, and Ann O'Keefe. These girls have proved to be valuable players. The following are up-and-coming Juniors and Sophomores: Joanne Hynes, Gloria Druli, Janet McBride, Nancy Nye, and Joan Pesce.

The singles teams were made up of Joan Knight, Violet Druli, Gloria Druli, and Joanne Hynes; the doubles team of Nancy Nye, Janet McBride, Ann O'Keefe, and Joan Pesce.

Miss Biggane, our coach, should be given credit for her fine work. She has given a great deal of time and patience in making the tennis team a success.

Tennis

CHEERLEADERS
M. McDonald, G. Druli, D. Castrucci, F. Tamburro, S. Linehan, A. Paimo, S. Paresekan, C. Lukshaw, K. MacLeod
Muriel White
Striving to equal the record of their predecessors, the Watertown High School Racketeers stormed through early-season practice sessions in an effort to cope with the stiff Suburban League schedule that lay ahead of them.

Bolstered by a fine squad of veteran material under the captaincy of Ed. Gallagher, the 1947 Tennis team showed a great deal of promise. Gallagher, who had been defeated but once in his junior year, seemed destined to become the leading point-getter. Peter Fredrickson, Jean Gonsalo, Jack Supple, Phil Pappas, and Gardner Snow completed the team.

Under ex-coach John MacNeal’s, whose team had lost only two contests during five years, Watertown was recognized as a tennis power. Mr. John Koumjian took over the coaching reins at the start of the 1946 season.
Prospects of a strong track team for the coming season are above average. As a result of last year's efforts, a good nucleus presented itself for the 1947 season.

With a team led by Co-captains Jack Agahigian and Paul Andrews, and including Ralph Hutchins, Joe Tangusso, Jack Wathen, Dallas Carlisle, and Bob Abbott many victories are assured for the Red and Black. Agahigian will handle the shot-put, while the other members of the team will do the running and jumping. Carlisle, one of the best high jumpers in Watertown history, was one of the mainstays of last year's squad. It is expected that Andrews and Tangusso will prove a winning combination in the 100 and 220; Wathen, in the mile run.

The team has already received invitations to participate in several dual meets as well as in the Patriot's Day meet at Concord, the Belmont Relay Carnival, and the State Meet.

SALES  SERVICE

Attention, Graduates!

The backing provided by ready cash is a most valuable business asset.

Start your business career with the opening of a savings account and resolve to add to it each year.

Give yourself that flying start to home ownership by saving where money earns safe profits regularly!

You'll like the convenience of saving any amount any time; the way dividends paid twice yearly shorten your saving time.

There's a savings plan to fit your needs . . . ask about it tomorrow!
