THE SUN

Enormous, Brilliant, Overwhelming; The constant symbol of the unceasing energy of youth, now setting on our high school years, yet to rise again tomorrow, the morning of our days of future endeavours. For the continuing process of learning will not stop — ever new and challenging horizons will face us.

“The spirit can only teach. Not any sensual, not any liar, not any slave can teach.” — Emerson

It must come with no restraint from the heart, and this is the manner by which Miss McCaffery has given of herself. Devoting her time more than is necessary, and not for her own benefit, but for the future welfare of her students.

Since 1947, she has taught U.S. history, supplementing it with extensive travels of this country. As the faculty advisor of student council her duties have been many and varied.

And so, we the class of 1968, dedicate this book to you, Miss Eleanor McCaffery.

English Department

Reading and writing carried over from our grammar school days has had a chance to mature in our high school years. From Shakespeare to O'Neil, the English student is provided with not only the proper instruction, but also the opportunity to receive objective criticism on his compositions. Yet, the purpose of studying English is not only to develop students' expression and techniques, but also to instill in them an appreciation of the creative achievements of man.
Members of the English Department relax over a cup of coffee.
Math Department

"Mathematics is the explanation for the universe." All things in the universe can be mathematically proven, from the energy released from a supernova to the number of oscillations from the collision of two small insects. We are given courses at WHS that not only prepare us for further education, but train our mind to analyze and solve our future problems.

Science Department

Science at first may baffle the student with unknown terms and symbols. As the years pass, we begin to comprehend basic theories. Science challenges the inquisitive mind to self-research and work, and attempts to provide an explanation for the mystifying world around us.
Lab work is an integral part of the chemistry curriculum.

Art Department

The art department endeavors to develop in each student an understanding and appreciation of art. The student has an opportunity to arouse his curiosity, spontaneous thinking, and self-expression through meaningful artistic experiences.
Crafts

The craftsman creates a thing of beauty out of mere substance. Working with his imagination and hands, he makes materials such as clay, glass, and steel become images of interest, and flat objects are made to appear three-dimensional.

Mr. Voci points with pride to his student's achievements.

Crafts students prepare original designs.

Department of Physical Education

The Ancient Greek theory "a sound mind and a sound body" is put into practice two periods a week for all of us at W.H.S. Our gym periods serve as a healthful and invigorating break in the academic routine. The physical education staff tries to develop every student's athletic abilities, but more important, they serve to build a competitive spirit and sense of good sportsmanship that will remain with us a lifetime.
Guidance Department

Even though WHS consists of a mere fourteen hundred students, one can be easily lost in the crowd. It is the responsibility of the Guidance Department to untangle the masses, and make each computerized number feel like an individual.
Students find information on all careers in the guidance department.

An important and often overlooked function in our modern society is that of the skilled craftsman. As the world becomes more and more mechanized, job opportunities continue to open for the man who can use his hands. Our industrial arts department serves to develop these manual skills in order that they may be put to use keeping our moving world in motion.
Paul Palazzolo, Louis Santucci, and Leo Mingace explore a shocking subject.
Specialists

Supplementing the purely academic courses and curriculum in our school, Watertown is fortunate to have a variety of special departments, and facilities including a library, with able coordinators. Courses in developmental reading, drivers' education, which includes classroom and road experience, speech therapy, and data processing are offered. In addition, Watertown High School has a staff nurse who offers medical assistance to students.
Service Staff

Behind our faculty and staff, there is a little known group of people running the school. These unsung heroes clean the building, fix broken appliances, and in general, keep the school going. Our custodial staff does an excellent job in all these departments and deserves special credit for their faithful assistance in all school functions.

Arthur Hotin, Frank Gorgone, Frank Farago
STEPHEN L. ABRAMSON
91 Channing Rd. College
Steve seems reserved until one enters into his web of political discussion. He is one of the few students who has formed definite political convictions. Steve plans to enter junior college next year.

MARY ANN ADAMS
53 Bennett Rd. College
Mary Ann's artistic talent has been well exemplified this year as an art editor of the Bulletin. Her versatility is evident as she is a member of National Honor Society, Tri-Hi-Y, French Club, choirs, and the Tennis Team.

AUDREY AKILLIAN
86 Dexter Ave. Business
Aud is one of W.H.S.'s musically inclined students. She belongs to orchestra, chorus, Madrigals, and A.C.Y.O.A. Choir. Previously she was a member of Pep Club and the Basketball Team. She plans a career as legal secretary.

KATHRYN ALBANO
28 Osco St. College

It is with pride and devotion that the Annual Editors have contributed to the 68 Annual. The patron drive which called for an entire school effort was a success as was the book sale. The three thousand dollar advertising goal was surpassed and as a result there are included in this annual, pages in full color. This yearbook speaks for us, capturing the spirit of all the activities in our 3 years at WHS.
Assistant Editor, Maureen Ridge

Art Editor, Lucille Barker

Margret Treglia, Annual Art Staff

Chief Typist, Sharon Gallagher

Editor-in-Chief, Anita Saghbazarian
Fulfilling its role as news media for the school, the W.H.S. newspaper, THE BULLETIN, informed the student body of current events of the school and town. It also provided a means whereby the students could voice their own opinions and ideas on controversial issues.
Our literary magazine, the Harbinger, is a student publication advised by Mr. Neylon. Distributed once a year, the Harbinger consists of the students' original works, ranging from poems to short stories.
Art Club

For students who are interested in art, the Art Club enables them to see the many different aspects of art. These students have the privilege of attending field trips and listening to guest speakers from different art schools and colleges. Many of the students in the Art Club wish to further their art education and are given the opportunity in this club.

Crafts

Mr. Cafarella and Christine Jigarjian discuss a new approach to a design problem.
Tri-Hi-Y

Affiliated with the Y.M.C.A., the Tri-Hi-Y is a service club for young Christian girls. This worthy club sponsored the social highlight of the year, the Winter Carnival, which was on February ninth. Contributions and food were given during the year to the 400 Club, needy families and the State Hospital. An orphan in India was their adopted child.

Hi-Y

To participate equally between service to the community and social activities was the objective of the Y.M.C.A. affiliated Hi-Y Club. A Halloween party for the Mount Auburn Hospital, contributions to worthy charities and teaching young and retarded children to swim were just a few of their commendable activities.
Rifle Team

Because of the precision involved, membership in the Rifle Team is limited. It is necessary for the team to practice in various ranges in local area, to prepare for stiff competition. In addition to learning the basic positions of shooting, which include off-hand, prone, kneeling, and sitting, members are instructed in the use of other firearms.

Projection Club

With the growing demand for audio-visual aid in modern day education, the Projection Club provides invaluable services in the high school. With lighting for the school play, for the new light show dances, as well as the sound for these activities, members never have a spare moment when not in class.

Camera Club

Not only does the Camera Club aid in the production of the Annual, but members are also involved in photography contests outside the influence of WHS. Mr. Sullivan, the faculty advisor, keeps the group informed on new equipment and techniques – which, in a world where photography is rapidly becoming an art, changes and advances are considered invaluable.
Math Team

A more specialized branch of the Math Club is the Math Team. This is a team consisting of students who have taken part in four competitive meets this past year. To promote scholarship and competition among high school students interested in mathematics was the main goal of the members lead by Captain James Nalbandian. The Math Team's year was one of success.

Math Club

An educational field trip, and winter and summer outings, were the Math Club's special activities of this year. In this club, Mr. Cleary has made an effort to promote scholarship in math. The enjoyment and understanding of this subject helped to make the meetings very interesting.
Speech Tournament

During the course of the year many Speech Tournaments between other high schools and Watertown High School were held. To acquire qualifications for the State Speech Festival, the contestants were required to obtain 260 points out of 300. Speakers also participated in the V.F.W. Voice of Democracy Contest and the American Legion Oratorical contest.

Library Aides

The Library Aides performed an indispensable service to WHS this year. Covering the desk, filing and checking books and periodicals, assisting students and teachers in locating materials, the aides helped the school while enriching themselves.

1st row — 1 to r: Barbara Sherbach, Sandra Whitney. 2nd row — Mrs. Cohen (librarian) George Boyd, Christine Weber, Brian Armstrong.
Secretarial Club

Trips to diversified companies in the Metropolitan area helped the Secretarial Club understand the many opportunities in today's business world. Under the supervision of Miss Moran, this club is for business course students who wish to plan for their future careers.

Student Leaders

Sponsored by Miss Raybould and Mrs. Albert, the student leaders club has without a doubt proved to be a valuable asset to the physical education department. This year the Student Leaders have tried to further the development of leadership, charity, and good character in girls of high school age. This was clearly shown in their Charity Clothes Drive and field trip. Another successful activity was the student leader-WMEX basketball game.
Election Commissioners

Chosen annually by members of the various homerooms, the Election Commissioners were in charge of the elections throughout the year. The efficient and precise counting of ballots was solely the concern of these people under the supervision of Mr. Peter Burke.

Student Council

To encourage student participation in school affairs, and to accomplish projects that would benefit the student body is the main purpose of the student council. The Council Kick Off Dance provided for their annual scholarship. By sponsoring the school charity drive, the Student Council was able to contribute to major charity organizations.
Theater Workshop

Theater Workshop affords students an opportunity to lose their inhibitions and display some hidden talent. By participation in diverse activities which include directing and acting in the senior play, selling tickets or helping behind the stage, students benefit from a unique exposure in a fascinating field.

World Literature Club

To know, to understand, and to appreciate the various pieces of literature that have influenced the thinking of mankind, were the goals of the World Literature Club. Under the direction of Mr. Grassia, the members planned to purchase copies of MYTHOLOGY by Edith Hamilton for the English Department. Occasionally, plays, concerts, and lectures were attended by this club.
Office Helpers

Without the aid of the Office Helpers, the administrative functions of WHS would grind to a halt. These unsung heroines of the school answer telephones, deliver messages, file correspondence, and perform a myriad of duties.

Quid Nunc, which is associated with the Red Cross, does an enormous amount of volunteer work. During the Christmas and Thanksgiving season members donated baskets to needy families in the community. Through their constant efforts to help those less fortunate than themselves, they have made many who are sick and elderly a little happier.

Quid Nunc
Gridiron Club

Coach Hayes and the Gridiron Club work to better the team by reviewing movies of previous games and by having a weight lifting program. The club raised money for a scholarship, a banquet, and jackets for the senior players, by holding a dance and a raffle.

Electricity-Electronics Club

The Electricity-Electronics Club provides diversified opportunities for gaining experience in a rapidly expanding field. Students may work with standardized power circuits, or adapt commercial equipment for shop use. For those interested in electronics, there are available a variety of kits ranging from simple crystal receivers to five tube superheterodyne radios.
"I don't know what kind! Little green ones!"

Senior Class Play

Steve, Stan, and Joe enjoy a friendly game
Watertown High School has a tradition of presenting outstanding dramatic productions. This year's production was no exception. Under the direction of Mr. Paul Hughes, the 1968 presentation of Neil Simon’s “The Odd Couple” was good theatre and good fun. The play attracted the largest audience in many years.

HLETICS
Football

Playing in the most formidable league in the state, the Suburban, Watertown was a team never to be taken lightly. Under the leadership of Captain Ralph Deldon the team continued to improve throughout the season. Despite a poor record, the WHS griddiers played every game till the final sound of the gun. The students and faculty are all proud of the "never say die" attitude of the team.

Following the blocking of teammate Tom Barrile, Merrill Dorian turns the corner — for extra yardage.

Cheerleaders

Led by Captain Janet Rice and Co-Captain Ellen Busconi, the cheerleaders gained the support of loyal fans and cheered the WHS athletes on. No matter how tough the competition, the girls were always there to encourage and support our athletes.
Majorettes

Entertaining at halftime, performing at rallies, and parades, the majorettes provided unique entertainment for the students and citizens of Watertown. Performing with skill and grace, our majorettes helped to liven up many athletic events.
**Soccer**

Despite a disappointing season, the soccer team represented W.H.S well with its never ending determination to win. Although the team consisted mainly of untested underclassmen, these players gained invaluable experience promising to produce a winning season next year. Under the expert leadership of the tri-captains, Richard Sheehan, Roy Tiano, and Robert Nigg, the team played every opponent with spirit and skill.

Track

This year our reliable track teams, coached by Mr. McGinnes again showed their winning prowess. The cross-country team, lead by senior Don Studley, Capt. Tav Lattanzi and Bob O'Rielly posted a 7-4 record against rugged competitors. The Indoor season also proved a success. Although weakened by graduation the boys worked hard and achieved a 4-3 record in tough met league. The strongest events proved to be the shot put and the hurdles, and with good depth all through the team the boys carried on the track teams winning tradition.

Basketball

Suffering from a lack of size and experience, the WHS Hoopsters had a disappointing winter. Despite their poor record, the Raiders continuously improved their style of play under the tutoring of Coach Tom McGovern and provided many thrills to WHS fans; especially in the games against Brookline. Captain Buddy Kluge and Paul Geary, rated among the top players in the Suburban League, were the Red Raiders one-two scoring punch.

Hockey

Our '68 hockey team was the only bright light in an otherwise dull athletic year. The team, led by Alex MacKenzie, Gerry Mack, and Greg Luck, pulled off two of the biggest upsets that the Middlesex league can remember. The boys ended Melrose's 54 game undefeated streak, and after running into some trouble in the middle of the season, pulled off another big upset over league leading Stoneham, finishing the season with a 7-6-3 record.

In the fourth year of competition, the WHS gymnastics team had a disappointing start by losing its first two meets. However, the team displayed its determination, by later winning two meets under the leadership of high scorers, Co-captain Fred Brewin and Jim Banacos. The team finished with a respectable record of 2-6-0.

Field Hockey

A game in which skill and ability in perception of other player's actions is a vital part, field hockey involves the constant awareness of each player. Led by Co-Capt. Gail Dorey and Joan Sparks with the spirit of true sportsmanship, the girls played every game with determination to win. With the loss of only the Capt's. to the starting team, the future looks bright for the field hockey team.

Basketball

Led by Captains Gail Dorey and Joan Sparks, the team finished the season with a 2-6 record. Weakened by graduation, the team, suffered most of its defeats because of their inexperience. With their energetic desire to achieve victory the girls represented WHS well.

Before you accept
that first job . . .

Look over
your
employer
as carefully
as he does
you

What's the Company like anyway? Would I be proud to work there? Reputation for square dealing with employees? Pleasant surroundings?

Will I be working with others my own age? Are they friendly? Do they socialize after hours?

Will the boss be reasonable? Appreciate good, hard work, but won't explode if I make a mistake?

Will I make a decent week's pay? Have a chance for raises, advancement, more responsibility? How about fringe benefits?

Is the work challenging? I had what it takes to get through high school. Will they give me a chance to use my brains?

Note: Many young men and women in this area can answer "Yes" to these questions. They work for New England Telephone.

Why not talk with our employment interviewer soon . . . before you graduate? Ask your Guidance Counselor to tell you when and where to apply.

THANKS

Realizing that the 1968 Annual couldn't have been produced without the assistance of many people who offered their advice and service to us, we, the staff of the 1968 Annual, would like to express our gratitude and thanks to:

OUR ADVISERS

Mr. William Kelleher, our faculty adviser, who helped us organize, and who made valuable suggestions in preparations of our yearbook. Mr. Laurence Cafarella, our art adviser, who devoted his time and talent to us.

OUR HEADMASTER

Dr. John J. Kelley who understood and helped us in our difficulties.

OUR FACULTY

All the teachers who extended their co-operation at all times. A special thanks to Miss Moran, Mr. Finn, and their typing classes.

OUR PROFESSIONAL ASSOCIATES

Purdy Studios, especially Mr. George Corregan, Mr. James Bleiler, and all those patient photographers whose talents were of invaluable aid. Taylor Publishing Company and Mr. Jack Delaney.
