The 1972 Annual
WATERTOWN HIGH SCHOOL
WATERTOWN, MASS.
VOLUME 48
Renew Old Friendships
Return to the Old Routine
We all met the problems of our school in various ways. Some of us slept through the onslaught while others tried their hardest to achieve their goals.
Somehow, someway, the paper got done; the exam was taken and the problems of academics were solved.
People Unified ...
Isn’t That What It’s All About?
Some chose to content themselves within a crowd . . .
While others tried to find reason within themselves
The days went on;
They seemed to need
no reason for
beginning, or ending . . .
Filled with work, activities, and everyday hassles, we waited anxiously for the weekends.
In your honor,

John A. Cucinatto
Very few teachers have the ability to stimulate the desire for knowledge within their students. This individual is one of those rare ones. As a history teacher he manages to keep the past alive, and in its proper perspective, while at the same time relate it to the present. He never let us regard the present lethargically; but rather he encouraged us to denounce the wrong, to praise the good, and to know the difference.

By mingling the past and present he prepared us for the future. And isn't that the true goal of any good teacher?

A true humanist, he instilled the sacredness of mankind in our minds and taught us to realize that it is our generation which has the responsibility of improving this world. He advocates working peacefully through the system to achieve our goals rather than by violent means.

Therefore, to you, Mr. John A. Cucinatto, we the "finks" of the class of 1972 with much love and gratitude humbly dedicate our Annual to you, for the invaluable gifts you have bestowed upon us.
Good or bad . . . sports, parties, or just hanging around . . .
Things that happened after classes were best remembered.
How could these days be forgotten?

For every organization there is some board of authority. We at Watertown High have our administration, comprised of well experienced faculty members. These members serve to coordinate the activities of our school so that the faculty and student body can effectively carry out their work, as well as maintain a bit of sanity within our hectic school.

Providing disciplinary measures and checking on attendance as well as being there when you need them is not the only way to describe this part of our school; they are a group of hard working people with our best interests in mind.
DR. JOSEPH BANNON

MISS CONSTANCE TASSINARI
Dean of Girls

MR. WILLIAM DORAN
Assistant to the Headmaster
An integral part of our high school system is the guidance department, which aids the student in discovering his role in today’s society.

For the college bound student, it provides a special program of group meetings arranged to help him obtain a better understanding of admission policies, financial aid, and college in general. College representatives often visit the school to help students in gaining information concerning their school choices.

For those students interested in the pursuit of the business field after graduation, there are vocational materials — many experienced counselors who have knowledge of the schools and jobs. Mr. Yankowski specializes in placing students in jobs before and after graduation.

Facilities include an extensive library of up-to-date, informative and occupational materials consisting of school catalogues, film strips, and tapes.

THE ENGLISH DEPARTMENT

Modern Drama . . . Film Criticism . . . Rock Poetry . . . These are some of the new English courses offered to seniors for the first time this year. Instead of the traditional English course, we, the seniors were given the opportunity to select four electives, one per term, which would prove to be the most interesting and beneficial to us. Electives were offered in subjects related to the English field and selected on the basis of majority of the senior class.

We feel these courses will aid in the growth of our creativity as well as give us an appreciation of films, literature, and poetry. By understanding these arts more fully, we become more able to communicate and express ourselves through the English language.

Mathematics has to be one of the most frustrating courses at W.H.S. Aside from putting some students into delirium and others to sleep, it always seems to teach us in the long run. Our math department, equipped with some of the finest minds of our faculty, has been revised since our arrival in 1969. Just this year, more "mini-courses" were initiated for students who desire more knowledge in several particular aspects of math. These courses, although not credit yielding, have helped students to a better understanding of college board problems and their own individual math problems.

Remember When...
History and the Social Sciences help us to understand the present and at the same time give us an account of the past by not repeating past mistakes we can build a better future. Here at W.H.S. we have the advantage of not only learning about our own government and people but can also grasp a better knowledge of the affairs of countries that shape and affect the world. This is done through courses in the histories of America, Europe, and Russia and mini-courses in current issues. Modern Day China, and Modern Africa. Psychology, Sociology and Anthropology are essential so that we can visualize man's beginnings, motivations, and attitudes and thus promote unity and peace through understanding.

Science
For The
Seventies
Watertown High School’s science program includes courses in Biology, Chemistry, Physics, Physical Science, Earth Science, and Marine Biology. Marine Biology is a new course in the department, innovated by Mr. Buckley. This course benefits students who have a particular desire to study life beneath the sea.

Since our arrival in September of 1969, the science department has been constantly revised to meet the growing needs of our school. Together with the faculty these new changes have been used to aid us, the students, so that we can make the most of our newly acquired knowledge in science.

Whether a student plans to attend college or to begin a career immediately upon completing high school, there is a science program which will be useful in his everyday life.

At W.H.S. the student may choose from several different languages.

Latin is still around although interest has changed greatly over the years.

Still popular among students are the modern languages: French, Italian, and Spanish. Armenian and Russian are new courses that have just recently started, they are helpful in teaching new cultures and languages to students who are interested in broadening their scopes of international understanding.

English as a second language is also offered by this department to aid students who are new to our country and language.

Annual Art Advisor
Our arts and crafts department is vital to our high school experience, by offering students the opportunity to develop their creative ability and discover new concepts. The casual atmosphere of these courses adds to the creativity of the student. In this relaxed atmosphere he can learn to be himself and express his own ideas through such media as sculpture, etching, woodcuts, lithography and acrylics in art class. Clay, plaster, wood and glass are mediums used in the crafts department.

This department is of great service to the school and its various organizations. The crafts club works on posters used in advertising the different activities and functions held during the school year, and also holds an annual toy drive at Christmas for the children at Fernald School in Waltham.

For those students planning a career in business, or planning to go on to further business education after high school, the Business Department offers a wide selection of business oriented courses. These courses include typing, shorthand, bookkeeping, office machines, general business, and a new distributive ed course. In addition, the Business Department provides the most modern equipment and instruction in order to keep up with the modern world of business.

New this year is the distributive ed course. This course offers basic instruction in buying and selling in department stores. Students are instructed in the classroom and local department stores.

Home Economics offers a varied selection of courses, including Foods, Chefs, Clothing, and Family Living. These courses afford the student the ways and means to prepare for the future either as a possible homemaker or as a professional in the field.

Early Childhood Education, introduced last year, and fully initiated this year is now a major part of the Home Economics Department. This course was created for girls who are particularly interested in young children and wish to prepare for vocations in the child care field. Early Child Education involves a combination of classroom instruction and field work in area kindergartens.

Bank Street College of Education
Students creating while learning and gaining valuable experience, is the best definition for our industrial arts department. Over the years, our department has trained students for vocations that would make them good tradesmen and enable them to fit into the core of the working world. Without woodwork and machine, auto shop and printing, electricity and mechanical drawing, our school would certainly be lacking in a balanced curriculum.

This year, for the first time, girls have been accepted as students in the industrial arts department. Presently several girls are taking woodwork and working right alongside the boys and doing just as well. As times change we can anticipate more girls to join in and pursue other fields of interest as auto mechanics.
Physical education is an important part of any high school curriculum and especially so at W.H.S. For the time we spend each week in gym we are instructed in exercises, competitive sports and the techniques of apparatus. Physical fitness tests are given to determine each student's capabilities in various aspects of his individual development.

Boy's physical education programs stress physical activities which are beneficial in coordinating and toning muscles. Some factors of the boy's program are wrestling, football, volleyball, and other games.

Girl's physical education, primarily, is concerned with providing exercises that girls would not normally get. Some characteristics common to girls' classes are: Gymnastics, field hockey, and exercises.

Our physical education department is also responsible for our interscholastic sports program. Watertown has a wide range of varsity sports. The latest addition being the Girl's Gymnastic Team.

From the marching band, which provides school spirit, to the softer sounds of our dance band, music plays a vital part in our school activities.

In Whitehill Hall, the Marching Band, Concert Band, Dance Band, String, and Woodwind ensembles under the direction of Mr. Zarba, rehearse regularly. During these rehearsals the members put in countless hours converting written music into sound, resulting in the fine music we hear at rallies, half-time shows and concerts.

But music doesn’t consist only of performing. Students are offered courses in music theory and appreciation which not only broaden one’s perspectives in this field but act as important factors in the formation of a well-rounded music program at Watertown High School.

The Driving Force

The importance of driver's education in a school curriculum is well appreciated. Students are instructed in both the classroom, and the school automobiles. Subjects covered include: operating a car, the working of the engine, insurance rates, and safety.

Driver's training is the companion course for driver's education, this course involves both practical driving and observation.

By being able to take these two courses students are greatly aided in their driving ability and also receive driver education certificates, which provide for lower insurance rates.

In Memoriam

Joseph Bruce

1954 — 1971

"No man is an island, entire of itself: every man is a piece of the continent, a part of the main: if a clod be washed away by the sea, Europe is the less, as well as if a promontory were, as well as if a manor of thy friends or of thine own were: any man's death diminishes me because I am involved in mankind: and therefore never send to know for whom the bell tolls: it tolls for thee."

JOHN DONNE
SPORTS
Winning Season For Football

Watertown’s success in football this season gave the Raiders the best record in over a decade. Co-captains Richard Morrill and Paul Warner led the team from summer sessions and camp to a strong third place in the Middlesex League. The well-deserved winning season was achieved by the entire team’s hard work and dedication.

The football team was honored by the selections of Joe Antonelli, Dom Lalli, Richard Morrill and Robert Porier as All-Middlesex with recognition also given to Bob Calloggero, John McManus and Rich Merullo.

Congratulations to Coach Barbati and his entire team for a long to be remembered season.

Halfback Sil Dirico holds for extra point.

KRUNCH!!!
Cross Country Wins Seven

Paced by Senior Co-Captains Paul Bartley and Rick Devaney, as well as senior lettermen Mike Rundlett, and Jack Sheehan, the Watertown High School Cross-Country Team enjoyed a highly successful season. After being soundly beaten by League Champion Belmont in its first outing, the Red Raiders rebounded to win 7 of their last 8 meets, losing only to League Runner-up Wakefield, 27-32, and finishing in third place in the perennially strong Middlesex League. Also contributing significantly to the team’s success were senior Steve Katsikas, juniors Mike Sheehan and Dan Quinn, and sophomore John McCarthy.
Mike Rundlett first over the line.

The W.H.S. soccer team, led by tri-captains Larry Porier, Jay Turner and Brian Duff, had the most successful season in several years. The socsters, starting off slow with a pair of defeats, enthusiastically finished the season with a commendable 7-7-2 record.

Coach Costello's third year with the team was highlighted by defeating Belmont, Stoneham and Wakefield each twice and knocking Winchester out of first place. Jay Turner, Larry Porier and Brian Duff were recognized as All-Middlesex and John Murphy made Honorable Mention. Good luck to next year's captains Jimma Pomponi and Ed Oteri in leading their team to a successful season.
Field Hockey: A Successful Season

Varsity Captains
JEAN OTERI — PATTI McNEICE

Jane McManus passes off.

Jean Oteri fights for the ball.
Field Hockey, 1971

Securing 3rd place in the Middlesex League by producing one of the finest seasons that Watertown has ever had in Field Hockey, was the 1971 Girl's Field Hockey Team. Hard work by the team and coaches paid off with a final record of 4-3-2. Led by Co-Captains Jean Oteri and Patti McNeice, the team started the season by defeating Wakefield and Lexington. Despite three successive disappointing losses the team kept the spirit up and got back on the right track by defeating Reading. Superb goaltending by Marianne Guggina and excellent work by the defense was responsible for the three following shut-outs, two wins, and one tie. The final game of the season resulted in a 2-2 tie with Woburn.

The starting offensive line, spurred on by high scorers Patti McNeice, Jean Oteri, and Debbie Erickson was marked as the most aggressive and most improved line in the League. This was also said of our defense, led by Joan Morgan, Sandy Koot, Debbie Boyd, and Joyce Migliaccio. Other members of our team who deserve recognition are, offense: Eileen Brackett, Barbara Aufiero, Karen Brennick, and Diane Oates. Defense: Marianne Guggina, goalie Jane Ciccarrello, Judy Fitzpatrick, Peggy Johnson, and Debbie Cole.
This year the W.H.S. basketball team compiled an 11-7 record. This basketball season was the second most successful in the past nineteen years. This year's team was dominated by juniors, with the only seniors being Bill Barrett and Kevin Harrington. The team, under co-captains Bill Hatten and Joe Boyce, found the season both disappointing and encouraging. After losing a second time to Lexington, the Raiders were faced with having to win their remaining three games to qualify for the state tournament. They played an inspired game with Concord but fell short in their quest by three points. The remaining two games were won over Melrose and Belmont. The fine showing of basically a junior team unfortunately missed qualification for the Tech Tournament.

Boyce with a jump shot.

Hatten — two from the corner.
After a poor start the W.H.S. hockey team displayed courage and a fighting attitude as they took on some of the toughest opponents in the league and although only winning one, they battled all teams to the final buzzer.

Co-Captains Richie Morrill and Paul Warner led all scorers but were followed closely by Larry Poirer, Bill Wall, Terry Brennan, John Murphy, Paul Tiranbassi, and Swoop Fanning. Early in the season goalies Tom Bianchi and Paul Felzerano appeared shell-shocked but due to the perseverance they became respected throughout the league. Other outstanding members of the team and returning lettermen are M. Walker, D. Aceto, C. Deignan, K. Cameron, B. Rizzo, J. Deignan, and B. Alberico.
Paul Warner makes a good defensive play.

Face off at center ice.

Nice save, Tom!

“Girls go back to defensive positions.”
The 1972 Girls' Basketball Team showed tremendous depth, drive, and determination, and these qualities, combined with a strong defense and aggressive offense secured sole possession of 2nd place in the Middlesex League. The team's willingness to participate in early morning practices gave evidence of the enthusiasm that was to reign throughout the season. Under the coaching of Miss Coffey, and led by co-captains Eileen Brackett and Patti McNeice the team began the season with a decisive win over Lexington. Watertown continued to work like a machine losing only to Winchester and Melrose. In each game teamwork was the key word as every member contributed something, with special credit to high-scorer Maureen Everett who averaged 16 points per game. As a result, of the fine 7-2 season, the team entered an International Tech Tourney. Despite a loss to Dracut in the first round, this Tech completed one of the finest seasons that girls' sports have had at Watertown High.

The future looks bright for Girls' Basketball for, under Coach Teresa Bentley, the Girls' J.V. wound up the season with the second undefeated year in a row.

This year the Watertown High girls' athletic curriculum expanded to include a Girls' Gymnastic team. Under the coaching of Miss Karen Alexander and Miss Teresa Bentley the team began formal practice in early January. Due to the fact that this was Watertown's first Girls' Gymnastic team a full league schedule was not carried. In the first meet against Woburn, Watertown put on a fine show, losing by only four points. Spirits ran high as the team prepared to take on Melrose. Despite losing by a significant margin the experience gained was invaluable. The team showed marked improvement in all areas. The season concluded with a workshop in Belmont and an exhibition show for a P.T.A. Open House at Watertown High.

This year's team was made up of primarily underclassmen, many of whom showed great skill and interest. High hopes are held for next year as a full league schedule is anticipated.
The Cheering Section

"Can I go home now"?

"Set it up . . . Shoot it in"!!

"The team — the team . . ."

Raider Spirit. Watertown High's spirit is an overwhelming factor in psyching all of our teams, be they winning or losing — we're there. The Cheerleader, Indian, and Majorette squads play vital roles in this area led by cheerleader captain Lee Babcock and co-captain Paula Mucci, Indian captain Kathy Smith and Jean Rizza, and Janice Brescia, the majorette leaders. You can find them practicing in all sorts of weather for long hours making up new routines for rallies which have been most successful this past year. We must express our deepest gratitude to these squads for lifting the Raider Spirit.
Rifle Team

Under the supervision of Coach St. Onge and Captain Rich Marchant, the Rifle Team was able to come up with a good season this year. Practicing once a week at Kennedy Jr. High School, hindered the Rifle Team in outshooting other schools in the league. Next year Coach St. Onge hopes for a better season with a returning group of juniors and sophomores.

The 1972 Annual

From virtually thousands of meetings, discussions, and both good and bad ideas, somehow or other we came up with this yearbook. Starting out in September we thought only of our positions on the staff and never thought of the amount of work there was to do. We chased seniors and teachers for questionnaires, picked out a cover, and called Purdy's every week for something they forgot or something we never realized we'd need. Fortunately we all managed through the pains of selling ads and the humiliation of selling these yearbooks. Finally, after many hours spent during and after school the editors and staff hope that you are pleased with the results of their efforts which, all combined, have brought you your 1972 Annual.
Editors confer over a page lay-out.

Editor Mosman checks the files for a story.

"Hey, I found it!"

Art Editor Peggy Mantineo fills in for a typist.

Debbie puts it all together.

Mr. Kelleher and staff check the copy.
SENIOR CLASS OFFICERS — Front L-R: Anne Carbone, Secretary; John Carito, President; Barbara Crupi, Vice President; Jean Sinclair, Treasurer. Second L-R: Joe Antonellis, MaryAnn Drinkwater, Paula Janos, Leslie Given, and Paula Mucci.

JUNIOR CLASS OFFICERS — Front L-R: Mary Ellen Monroe, Bill Hatten, Jane McManus, Jay Segare, Jean Papalia. Second L-R: John Ryan, Carol Millian, Franca Spiridiglozzi, and Chris Beach.
The Student Council of W.H.S. is a very important organization of our school. This council sponsored a trip to Washington for one of its members, a town election candidates day, and an exchange with another high school. This year was the first year that the council was elected on an at large basis rather than a home room representative from each home room.

The 1972 Bulletin

The Bulletin of 1972 must be considered to be the best the school has seen. The Bulletin is a credit to the literary talents of the editors and staff. This year’s Bulletin innovated a “Tate of the Month” column, Watertown After Dark and many informative editorials. The Annual, on behalf of the student body, would like to thank the Bulletin’s Editors, Denise Carver and Jeanne O’Brien for everything.
Tri-Hi-Y

Theatre Workshop

Modern Music Appreciation

The Modern Music Appreciation Club was designed for students who wish to listen to and gain more enjoyment from the various types of music which the twentieth century has produced. This club is a fascinating experience as it provides a break from the routine of the school day. Records are provided by the students, and are analyzed and carefully listened to. It is felt that through the appreciation of music the student will broaden his knowledge and enjoyment of music.

Let's Talk

A new addition to Watertown High is the “Let's Talk” Club. This club provides a relaxing atmosphere where the thoughts of the members can be shared. Members are also provided a time and place to get together and just talk things out. Current events, school happenings, and personal concerns are some of the many different subjects covered by this sociable club. The girls in this club work closely with their advisor, Miss Tassiniri, to expand the club and generate more interested students, enthusiasm and communication.

For those interested in photography, Watertown High School offers not only daytime courses but also extra-curricular activities through the Photo Club. Field trips to observe contemporary and historic work and to actually practice photography occur after school and on weekends.

Projection Club

Under the supervision of President Dave Shamlian and Faculty Advisor Mr. Allen Andrews the Audio Visual Club takes care of the school services and public services of our town.

The club works with both students and teachers to educate them in the proper use, as well as care, of the equipment. The club also takes an active part in the production of The Senior Class Play and all assemblies.
Distributive Education Club of America (DECA) was first introduced to Watertown High this fall in connection with the changes in the Business curriculum. Miss Farnsworth, club advisor and teacher coordinator, is the school specialist in this new field. The general purpose of this club is to educate high school students who are interested in pursuing a career in the retail field.

All Distributive Education students have common interests. They share these interests and develop poise and confidence through the many activities of the DECA organization. It also provides a social outlet for many activities shared by the group.
Ski Club

A common interest in skiing is the whole basis for the success of the Ski Club. Members of this club enjoy this sport greatly and can all be equally deemed as ski enthusiasts. Mr. Voci the club's sponsor helps the members in planning and carrying out ski trips. During the school year this club has ventured forth to the slopes on several occasions to enjoy the sport. The Ski Club though just created last year is becoming extremely popular as the amount of skiers in the student body is ever increasing.

Travel Club

The primary concern of the Travel Club is to generate interest in the fun and educational benefits of travel of all kinds, encompassing not only Boston and its surroundings, but also the more exotic travel in this country and abroad.

At each meeting a member of the club shows slides and talks about a trip that he or she has taken. It is hoped that the travel club will sponsor a spring trip.

The Art And Craft Clubs

ART CLUB

Based on individual learning through media and ideas our talented Art Club strives to express creativity.

One of the Art Club's numerous activities is the raising of funds for the Art Club Scholarship. Each year this scholarship is given to a student who has best expressed his ideas through art. Money for this scholarship is raised by the members themselves at school cake sales.

CRAFTS CLUB

One of the many outlets for creative ability at Watertown High School is the Crafts Club, this club enables the student to expand his knowledge and develop his abilities in the crafts field.

Among the activities of the Crafts Club are the annual toy drive for the Fernald School, art and crafts exhibits of original work, and field trips to various museums and throughout Boston and Rockport.
Needlecraft Club

An opportunity to students who are interested in sharing and or learning new needlecraft skills is the basic desire of the Needlecraft Club. This club provides girls a portion of their school time to devote their personal interests to their: knitting, purling, crewel work, bead work, or macrame. It is also a good time for conversation and demonstrations of new crafts. Under the direction of Mrs. Peek and Mrs. Carey this club anticipates some fine needle craft projects from all its members.

The International Students Union members come from many countries including Greece, Portugal, Columbia, Syria, Israel, Italy, and the United States. The languages spoken by members cover a wide range: Portuguese, Arabic, Greek, Armenian, Spanish, Romanian, and Italian. Club members welcome newcomers to the United States and serve as interpreters and tutors. They also serve as resource people who can teach others about the social life and customs of their countries, therefore functioning as both a social club as well as a service club.
Armenian students have founded the new Armenian Club to afford themselves the opportunity to get together with their fellow Armenian students. This club, which began this year, is a welcome addition to the club offerings, as there are a great number of Armenian students within our student body. Club members get together at each club period so that they may speak Armenian and speak about other areas of interest. The Armenian students haven't had an organization of their own until this year. The president of the Armenian Club for 1972 was Bedros Dilisian.

Mr. Garabedian believes in "Armenian Power."

Armenian Club A W.H.S. First
Biology Club

This year's Biology Club is basically ecology oriented. Its primary objective is the cleaning and maintaining of the High School grounds in a pleasingly natural state.

In order to acquaint the student with the practical applications of Biology in today's society, the club sponsors several field trips to local educational and research institutions.

Under the leadership of club president, Tom Webster; Vice President, Debbie Brown; Treasurer, Aaron Clevenson and faculty advisor, Mr. George Buckley, the club has become an extremely involved and enjoyable experience.

Math Club

The Math Club is working to stimulate an interest in the study of mathematics through exploration and investigation of the infinitude of topics in this field. At each meeting one club member gives a presentation on a subject which he has researched. In addition to these activities the club also makes a visit to Wood's Hole Oceanographic Institute in the spring.
SI SIGMA TAU

Sororities

SIGMA ALPHA NU

Students interested in physical education may participate in the student leaders club which allows them to assume a role of leadership in their gym classes. They are responsible for all equipment, exercises, and the conducting of class if necessary.

Each year the student leaders raise money for a scholarship that is awarded to a senior girl planning to major in physical education in college. Ways involved in raising money include cake sales, raffles, and the student leader-faculty basketball game.

In order to fulfill the interest of the large number of students in the field of nursing Watertown High School has a Future Nurses Club. Together the students explore opportunities and requirements for careers in the fields of nursing and health. The club enables these students to share their common interests and to learn about community life, in which they will soon participate.

Drinking at Calamity Jane's man-trap saloon.

Molly and cowhand watch La Paloma dance.

"So one woman isn't enough for you! Dog!"

"Hands up! Or I'll drive a cannon through you!"

"Make one more attempt on Lily Blossom and your name is Black 'n Blue."
"Take this Dicky-bird upstairs and find her a dress."

"No man calls me a liar!"

"She is here! Huh! From what direction does it issue?"

"Si, drop zem, or I weel put a bullet in her heart!"

THE GAME OF GOLD, a dashing story of the Old West, was produced by the senior class to an appreciative audience. This wildly entertaining Gay '90's melodrama told the story of a handsome cowpoke. Ned Harris, who heroically challenges the villainous Blackman Redburn to win the love and respect of the beautiful Rose Blossom. Assisted by Rose's sweet, blind sister Lily, colorful Calamity Jane and bumbling, pompous Judge Nix, Ned and his brave and daring partner Wild Bill Hickok prevent Blackman and his sexy dancer sweety La Paloma from carrying out their devious plans.

Memorable scenes involve conscious stricken Molly Loveless and her honest, hard hitting sheriff husband, the faithful cook Pong Ping and evil Chet Pussey. Teetotal Tessie and her temperance crusade are hilarious when they break things up in the mantrap saloon. A lively musical background greatly added to this rootin' tootin' Black Hills drama.

Special thanks should be given to our dedicated senior director Barbara Crupi and our knowledgeable faculty director Mr. Paul A. Hughes, who devoted their time and efforts to make the play the great success it was.

You're about to take a giant step forward into your future. We think we can make it the right one if you want it to be at New England Telephone. With a job that's every bit as big as your ambition. You see, we need people with all kinds of talents. And especially people who really want to get going with their future. And want to be rewarded with automatic raises. Your high school diploma is all the experience you need. If you want a job and a future that's tailored to your talent... along with unusually generous fringe benefits, stop in and see your guidance counselor. Ask when and where you can apply for an interview with the people who want to make your future as happy as you want it to be.

New England Telephone: An equal opportunity employer.

ACKNOWLEDGEMENTS

THE STAFF OF THE 1972 ANNUAL WOULD LIKE TO EXPRESS THEIR THANKS TO THE PEOPLE WHOSE SPECIAL HELP CONTRIBUTED TO MAKING THIS YEARBOOK A SUCCESS. THEY ARE GRATEFUL ABOVE ALL, TO MR. KELLEHER AND MR. VOCI, FOR THEIR VALUABLE GUIDANCE, WHICH SET THE STAFF ON THE ROAD TO CORRECT MANAGEMENT AND WORKMANSHIP. THEY ARE INDEBTED TO DR. KELLEY, HEADMASTER, AND MISS DONNELLY AND MISS MATHEW, SECRETARIES, FOR THEIR WONDERFUL COOPERATION AND UNDERSTANDING. THE ASSISTANCE GIVEN BY MR. FINN, MR. CHEVOOR, AND MISS MORAN OF THE BUSINESS DEPARTMENT AND A SPECIAL THANKS TO MRS. CALLAHAN AND MISS ESENELOHR.
