Edwin H. Whitcomb
We, the class of 1935 of the Watertown Senior High School, who have benefited so greatly from our opportunity to attend public school, wish to declare our feeling of appreciation and respect for those wise educators who, through foresight and liberal-mindedness, founded the Boston Latin School.
TO MR. A. ROBERT KELMAN

The Senior Class owes a debt of gratitude for his fine advice and cooperation.

The Annual Staff wishes cordially to thank Miss Jacobs, Miss McKinney, Miss Thayer, and Miss Sweet for their help in preparing this book for publication.
TO MISS BYRON

There are no words which express better than these below the deep feeling that we experience at the retirement of you, our friend, whose geniality and keen understanding mold all your pupils into more complete personalities.

As time wears on, and our High School Days come to a close,
We pause and think of all those whose friendship we have made.
And now before we turn to new interests the future has for us,
We wish to pay tribute to our true and loving friend, Miss Byron.
From deep in our hearts, to you we give our sincere gratitude
For your helping hints and ever present willingness
To help us in our tasks, and to guide us, inexperienced, to clearer understanding
Of what really fine companions our teachers always are.
In the shrine of memory we will always have and ever cherish glad recollections of the dear days spent with you.

CLASS SONG

Tune: Santa Lucia

I

On this Commencement Day
With true solemnity,
Our Alma Mater dear,
We say farewell to thee.
In thy lov'd portals
We've spent these happy years,
And now we say farewell
With sighs and tears.

Chorus

Mem'ries of thee will stay
In our hearts alway,
Dear Alma Mater,
Dear Alma Mater.

II

And we will not forget
Our friends so dear,
Though they be far away
Or very near.
When we are old and gray,
We'll keep them in our heart,
And we'll regret that we
Have had to part.

Chorus

Mem'ries of thee will stay
In our hearts alway,
Dear Alma Mater,
Dear Alma Mater.

MISS BYRON MR. KELMAN
Early in September of 1932 the good ship, "Class of 1935", set sail on the sea of the high school course. The ship started on her voyage with a handicap, for her crew was divided into two parts, those attending in the morning and those attending in the afternoon. However, weathering this difficulty worthily, the crew met to elect its officers with the following results:

President, Gilbert Wallace; Vice-President, John Walsh; Secretary, Bethia Jakeman; Treasurer, Kathleen Martin; Executive Committee, Phyllis Edwardson, Edward Lindo, Peter Koumjian.

During the first part of the voyage the crew's main achievement was the presentation of a short one-act play called "Grandma Pulls the Strings", which met with great success. After a calm voyage over her junior year, the ship sailed proudly into port.

Soon she started out once more, to travel across the middler year. This time her crew was united. Again they met to elect the following officers:

President, Donald Thurber; Vice-President, Robert Stevenson; Secretary, Bethia Jakeman; Treasurer, Stanley Cook; Executive Committee, Mary Prendergast, Robert Rich, Peter Koumjian.

Very soon one of the most important events of the trip occurred. This was the middler class play, "Quality Street". Barrie's whimsical little play was greatly enjoyed by both the audience and the actors. Now the "Class of 1935" had reached another port in her travels.

Once again the good ship sailed from harbor. This time she set out upon that last and all-important senior year. Those lucky members selected to guide the ship as officers were:

President, Donald Daughters; Vice-President, Robert Stevenson; Secretary, Bethia Jakeman; Executive Committee, Roland Capone, John Walsh, Gardner Sherlock.

Many activities were calling the busy crew this year. Some members shone in athletics, others in journalism, still others in music. Dramatics busied some of the crew from the time of the operetta, "Peggy and the Pirate", which was given at All School Night, to the successful presentation of the senior play, "Paddy, the Next Best Thing".

In the log book is found catalogued the Promenade and Graduation. However, we will allow each member to cherish his own delightful recollections of those memorable occasions.

At last the ship has reached her destination. With mingled emotions the crew disembarks, waving goodbye to the teachers and friends who have been so kind in guiding them across the sea.

Then they turn to wave goodbye to their mates as each sets out on his separate way of life. Yet I feel sure that each member of the crew will have many pleasant memories as he joyfully looks back on the voyage which he took on the good ship "Class of 1935".

AGNES ABRAHAIMIAN
With stenography and the art of hairdressing at her command, Agar should not be too limited in her choice of work. Typewriting and Dramatic Clubs have interested her at school while tennis, swimming, reading, dancing, and singing occupy her leisure time. Wilfred Academy is her goal.

The world, dear Agnes, is a strange affair.

MARJORIE E. ADAMS

The success of dramatics in our school was boosted through Marjie’s efforts in “Quality Street” and “Paddy, the Next Best Thing”, in which plays she carried the lead excellently. She finds recreation in skating, swimming, tennis, and dancing. She plans to enroll at the Katharine Gibbs School.

There is great ability in knowing how to conceal one’s ability.

RUHAMA ARSLANIAN

Rudy's twinkling eyes, sunny smile, and sweet voice will long be remembered by us who have known her. Her development of accuracy and velocity in typing was reached through her membership in the Type Club. Bookkeeping having been her major, she plans to sell her ability in that market of figures.

Can we ever have too much of a good thing?

East Junior High
Commercial Course 106 Winthrop Street

VAHE ASLANIAN

Vahe has been indeed one of our musical and dramatic artists. He was given a role in the Operetta, the senior play and "The Spell". He was one of the leading tenors in the former Boys' Glee Club and the school Chorus. After training at Boston University, he would like to teach music in schools.

This is the thing that I was born to do.

East Junior High

JOHN F. WALSH
When William R. Hearst leaves his profession, John will be ready "to fill his shoes." His affiliation with the Bulletin, of which he was editor-in-chief, has given him a fine start for his future profession. He was also Vice-President of the junior class, a member of the senior executive committee, and a faithful member of the Annual staff.

Is not every able editor a ruler of the world, being the persuader of it?

FREDERICK H. WALTER
Fred's sterling qualities have been exhibited in his work as assistant editor of the Handbook, as a member of the Annual write-up committee, and on the hockey squad. In recognition of his high scholastic standing he was elected to the Cum Laude Society. His training at business college will be in preparation for C. P. A. examinations.

A. ELIZABETH WILSON

A fun-loving nature, a contagious laugh, and a typical English pronunciation of “million” are all characteristic of Betty. Possessing talent in several lines, she is capable of expressing herself dramatically, artistically and practically. And now, practically, she is desirous of working as either a stenographer or hairdresser.

From the crown of her head to the sole of her foot, she is all mirth.

Gather 'round brethren, while the Mystic waves his slightly calloused hand over the Magic Crystal and looks into the future!

Ah, the cloud (this wouldn't be according to Hoyle if there weren't a cloud) is beginning to fade away. Now Knowzall can perceive a figure (oh, it's nothing, anyone could do it). Who is it? Now don't rush me, we'll find out in due time. It is the Class President, Don Daughters. He is engaged in earnest discussion with Bob Stevenson, Robert Rich, and Clinton Thompson. (Brain Trusters?) The Mystic is sorry, but he cannot reveal the subject of their conversation.

And there is a charming young woman appearing in the crystal. (Stick around, there'll be more!) She is Betty Jakeman. Only her smile is visible, but that is enough. Now several figures appear in the cloud. They are becoming more distinct. Marjorie Hathaway, Sylvia Sheldon, and Marjorie Adams are acting, with Dorothy Robinson, for the Schuberts.

Look, the cloud (could this be London?) reveals a scene of action! We see Bill Donnellan and Fred Walter on ice. How thin it is, we don't know. In the stands is Alice Donnellan, together with Bunny Kelly. The cloud reveals Warren Newell patiently explaining something to another business man, Charlie Sheldon. Now Don Fennell is explaining it to both of them. Gardner Sherlock is enjoying it all. And there are Senator Thurber, Congressman John Lund, the Swedish Consul, Fred Johnson, and Lobbyist John Wilson vigorously heckling each other.

Tellzall (or was it something else?) hears a deep voice belonging to Jimmie Singiser. His figure vanishes to reveal a big business men's convention. Harry Kenney is taking a group picture of Bill Doe, Bud Knapp, Gilbert Wallace, John Walsh, and Stan Bond. Horace Pearsons, aided and abetted by Roland Capone, is regaling (?) Effie Farrenkopf, Marjorie Crewe, and Betty Van Keuren with,—well, let it go. At a distance, Seezall can see (isn't it marvelous?) Lillian McMurtrie and Kathleen Martin laughing at something or other. And what is this, looming on the horizon? (Back of the ropes, please!) It is a car containing Pete Mock and Marjorie Scribner on their way to a tennis match between Louise Hedlund and Lloyd Sexton. Here comes the cloud again. One minute please, while we change clouds. Ah, here is a new cloud in which Ken Fletcher and Madeline Reed are singing a duet.

Now the cloud obscures everything. (Watch your hats and coats!) The mist disseminates to reveal Huck Reardon leading his orchestra. While he plays soft music, Bette Farwell emotes before a camera. On the sidelines Ruth Golub writes about it. More music, this time of a faster rhythm. It's a newscell. (Aren't you glad you stayed?) On the screen we see Tom Kingsley and Bill Aberle competing in the Olympics. In the stands is that professional football player, Ben Wolohojian, also Malcolm Johnson, and George Graham. The scene changes. (just like that!). There are Phyllis Turner and Emily Richardson, surrounded by Paul Moore. Stan Cook is taking a picture of the proceedings for the Associated Press.

Now the ever-present cloud begins to obscure the scene; the Mystic can see no more! Kindly drop your contributions in the box as you leave the tent. We thank you, one and all!
SENIOR PLAY

*Paddy, The Next Best Thing* was the Seniors' choice for their class play. The cast did an excellent piece of work under the able coaching of Mrs. Hawthorne.

Who doesn't remember Marjorie Adams flitting about as the quick-tempered Paddy, or Bethia Jakeman as the sweet and lovable sister? Then, too, there were James Singiser as the whimsical old father who chuckled one minute and scolded the next—Horace Pearson as the "luckless" suitor, Roland Capone as the doctor with his quaint apothecary shop. Phyllis Turner and Erna Cummings as the Cockney patients furnished hilarious comedy. Robert Stevenson played the part of a trusted family servant, long in service. Joseph Mock had the part of Lawrence Blake, an old friend of the family, returned from extended travel to marry the older sister, only to fall in love with Paddy. Marjorie Hathaway did well as the sophisticated cousin of Blake. Elizabeth Wisdom and Josephine Magliocca assumed the character parts of friends of the Adairs. Vahe Aslanian acted the family butler's part with dignity. Lloyd Sexton did a masterful job as an English fop.

The Cum Laude Society, founded at the Tome School, Maryland, in 1906, has for its object the encouragement and reward of high scholastic attainment in secondary schools and corresponds in aim and methods with the Phi Beta Kappa in colleges. The motto of the society consists of the three Greek words αρετη, δυνατη, and πειρη, signifying virtue, justice, and honor.

Watertown High is one of the few schools to hold membership in this society and was granted its charter in 1921.

The organization was first called the Alpha Delta Tau Fraternity, but to avoid confusion with the Greek-letter fraternities of a different character, this name was changed in 1916 and it became the Cum Laude Society. In the same year the constitution was amended in order that girls, who had formerly been excluded from the society, might be allowed membership. The society is incorporated under the laws of Maryland.

A LITTLE BETTER

A little better skill in posing, a little better likeness and Boston's foremost imprint — and you have a much better photograph, much more satisfaction and far wider approval of the results. Then we add beautiful covers and scrupulous care in details of packing and, mark it — we deliver on time. No detail escapes our interested care.

The Watertown Co-operative Bank offers you a time-tested method—one which has worked wonderful transformation in the habits of many inveterate spenders. Regular monthly payments, earning quarterly dividends which are left in the bank to gather more interest—all this makes a fascinating process to watch—vastly more fascinating than the disappearance of money on its famous "wings."

Anchor a portion of your flighty wealth to this bank!
