Committee of Seven to Study Possible Methods of Co-ordinating and Increasing the Effectiveness of the Town's Recreational Activities, (to report at a later Town Meeting) appointed by Moderator Furber on May 18, 1936, under authority of vote passed under Article 17 of the Adjourned Annual Town Meeting of March 30, 1936:

Charles F. Shaw, 62 Langdon Avenue—Selectman, ex officio
Archibald Williams, 28 Marcia Road—School Committee, ex officio
Lawrence F. Lane, 47 Boylston Street—Park Commissioner, ex officio
Bernard F. McHugh, 19 Emerson Road

Playground Commissioner, ex officio

M. Louise Russell, 96 Robbins Road
James M. Oates, 145 Russell Avenue
Bernice L. Campbell, 330 School Street.

Committee on Resolutions on the Late Wm. P. McGuire, Town Clerk, appointed by Moderator Furber on May 20, 1936, at suggestion of Selectmen, composed of Past Chairmen of Selectmen under whom the late Town Clerk served as Clerk:

Judge P. Sarsfield Cunniff
G. Frederick Robinson
Wesley E. Monk
W. Harvey Lucas
Charles M. Abbott
Edward D. Holland
Edward P. Furber
Maurice H. O'Connell
James H. Sheridan
Charles F. Shaw.

Committee on Resolutions on the Late Thomas F. Vahey, appointed by Moderator Edward P. Furber on November 23, 1936, under authority of vote passed at Town Meeting held under Article 1 of Town Meeting of Sept. 16, 1936:

JOHN A. COLLINS—43 Paul Street
CLIFFORD S. LOVELL—176 Church Street
G. FRANCIS J. HARRINGTON—9-B Fairview Avenue
CHARLES F. SHAW—62 Langdon Avenue
EDWARD D. HOLLAND—16 Stearns Road
POPULATION

IN MEMORIAM
(Unanimously adopted at Special Town Meeting, September 16, 1936)

WILLIAM P. McGUIRE
Dec. 5, 1873—May 7, 1936

Appropriately the Town of Watertown, through its duly elected representatives in Town Meeting assembled, pauses in its deliberations while it pays reverent tribute to the memory of one who gave the best years of his life whole-heartedly in its service.

WILLIAM P. McGUIRE

born in Watertown, educated in its schools, came into the public life of the Town in 1907 as Moderator of the Town Meeting. Elected Town
Clerk in 1909, he held the post uninterruptedly to the day of his death. During this time, he served also as member of the Board of Registrars of Voters, local Agent for Soldiers' Relief, Agent for Burial of Deceased Soldiers, Clerk to the Board of Selectmen, and held membership on sundry important Committees of the Town Meeting.

As Town Clerk he was custodian of the archives and ancient records of the Town, keeper of its seal, recorder of Vital Statistics, Supervisor of elections, and faithful reporter of the minutes and votes of Town Meetings.

Quite naturally he was a sort of liaison officer between the Board of Selectmen and the other departments of government; between officials and the general public; the repository of many confidences, counsellor extraordinary; emissary of good will. He was a veritable encyclopedia of municipal lore, accessible at all hours of every day in the year—patient, considerate, helpful—a model of the efficient public officer.

The years of his incumbency of town office were epochal alike in town and nation.

Locally they witnessed the passing of the old Town Meeting as it had been known here and elsewhere in New England for nearly three hundred years, and the substitution in its place of the Representative Town Meeting; the creation of the Finance Committee—a most forward step; the division of the Town into voting precincts and consequent enlargement and improvement of voting facilities; the adoption of Civil Service for Fire and Police Departments; the extension of the term of office for Selectmen and other elected officials; the erection of this splendid auditorium for our Town Meetings and municipal gatherings; the planning and completion of our impressive and commodious Administration Building.

In this steady march of Municipal progress our late Town Clerk was always in the van.

This period saw our population grow from 11,000 to 36,000; the bestowal of full suffrage upon the women of the Nation; the Nation itself embroiled in world conflict, emerge triumphanty, rise to a new peak of prosperity, only to plunge swiftly into depths of depression and discouragement. Followed then the long hard pull to restore confidence, courage, and contentment—a fight not yet entirely won.

These pregnant years took heavy toll of body, mind and soul of those charged with official responsibility. Governmental problems hitherto undreamed of pressed for solution. Not all the casualties were of the battlefield.

The man whose memory we honor was a pillar of strength through those days of anxiety and stress. When skill, courage and steadfastness were needed to keep our little boat on an even keel the man at the helm could always count on the loyalty and competence of this man who stood at his shoulder until the danger passed and then modestly sought the background.

No man of the time was more concerned about the physical well
being and comfort of our boys who answered the call of our common country, or was more attentive to the wants and needs of their dependents at home. He was always their champion.

He held other important positions of trust in the business life of the Community. But whether in the commercial or the civic environment his judgment was always sound, unaffected by popular clamor; his integrity was unquestioned, his courage unchallenged, his devotion to his Town and its people unrivaled.

He had the respect and confidence of all. He was an outstanding citizen.

The Great Recorder has written "Finis" across the last page and closed forever his book of life.

To that in all humility we can only add a sorrowful "Amen".

RESOLVED that this appreciation be inscribed upon the records of our Town Meeting and that a properly attested copy thereof be presented to his widow with assurances of the deepest sympathy of all our townspeople.

P. SARSFIELD CUNNIFF, Chairman

G. FREDERICK ROBINSON    EDWARD D. HOLLAND
WESLEY E. MONK            EDWARD P. FURBER
W. HARVEY LUCAS           MAURICE H. O'CONNELL
CHARLES M. ABBOTT         JAMES H. SHERIDAN

CHARLES F. SHAW

Resolutions Committee.

These Resolutions were unanimously accepted by the Town Meeting.

The following letters were received by Moderator Furber and telegrams by P. Sarsfield Cunniff, being read to the Town Meeting by Judge Cunniff:

"June 10, 1936.

"Mr. Edward P. Furber
11 Bates Road,
Watertown, Mass.

Dear Ed:

I have been away substantially two weeks and, therefore, have not acknowledged yours of May 20, 1936.

It is a sad event which occasions a committee to prepare and present resolutions on the death of Billy McGuire but, of course, I am willing to serve as a member of that committee. I deem it an honor to have any part in paying tribute to so fine a character.

Of course, it is true that usually a man may be replaced in a position of trust and honor but it seems to me as though there is a void in the Town of Watertown's affairs, social, business and civic, which can never be filled. A man of the highest integrity he administered whatever position he was called upon to occupy with efficiency and distinction."
Honorable in all his undertakings, fair and impartial in the administration of his offices, genial as a friend and associate, he seemed always to welcome an opportunity to serve and did serve his community well. Truly a fine and loyal citizen of Watertown.

At this distance I cannot take an active part in drafting the resolutions, but I am sure that Judge Cumniff and those who are at hand will express my thoughts even better than I and I give my approval to any resolutions that they may draft.

With my personal regards, I am,

Sincerely yours,

S/ Wesley E. Monk.”

Massachusetts Mutual Life Insurance Co.,
Springfield, Massachusetts.

P. Sarsfield Cumniff
Marshall Street,
Watertown, Mass.
Regret cannot join meeting this evening. My expressions of respect in letter to Mr. Furber. Regards self.

S/ Wesley E. Monk.”

“Aulcraft Paints, Limited
Toronto, Canada.

My dear Ed:—

You may be sure that I consider it an honor to be a member of the Resolution Committee.

It will not be practical for me to join my associates in deliberation but knowing them so well I shall join the best that can be penned by Sarsfield for the committee.

S/ Charles M. Abbott.”

“September 15, 1936
Toronto, Ontario, Canada.

Hon P. Sarsfield Cumniff
263 Washington St., Newton, Mass.

William McGuire was a true public servant. His life is a solid part of the history of Watertown. You and your associates who knew him so well have prepared for the Town Records I am confident a Memorial to which I could add nothing. One of my fondest memories is the long and firm friendship between us.

S/ Charles M. Abbott.”
To any Constable in the Town of Watertown, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Watertown to meet in their respective voting places in said Town:

PRECINCT 1—Coolidge School, Arlington St.
PRECINCT 2—Hosmer School, Winthrop St.
PRECINCT 3—East End Fire Station, Mt. Auburn St.
PRECINCT 4—Senior High School, Columbia St.
PRECINCT 5—Central Fire Station, Main St.
PRECINCT 6—James Russell Lowell School, Lowell Ave.
PRECINCT 7—Administration Building, Main St.
PRECINCT 8—Central Fire Station, Main St.
PRECINCT 9—West Junior High School, Waverley Ave.
PRECINCT 10—Browne School, Main St.

on Monday, the second day of March, 1936, at 8 A.M., to act on the following articles, viz.:

Article 1. To choose the regular Town Officers for the ensuing year, the following to be printed on and chosen by the official ballot, to wit: One Selectman for three years, who shall also be a member of the Board of Public Welfare, Surveyor of Highways and Appraiser; one Moderator for one year; one Town Clerk for three years; one Treasurer for one year; one Collector of Taxes for one year; one Auditor for one year; one Assessor of Taxes for three years; two members of the School Committee for three years; two Trustees of the Free Public Library for three years; one member of the Board of Health for three years; one Park Commissioner for three years; one Water Commissioner for three years; one Tree Warden for one year; three Constables for one year; two members of the Planning Board for three years.

Also for the election of nine (9) Town Meeting Members for the three-year term in each of the ten voting precincts of the Town, and to fill the following vacancies: one (1) vacancy in term expiring in 1933, in Precinct One; one (1) vacancy in term expiring in 1937, and one (1) vacancy in term expiring in 1938, in Precinct Two; one (1) vacancy
in term expiring in 1938, in Precinct Three; one (1) vacancy in term expiring in 1937, and one (1) vacancy in term expiring in 1938, in Precinct Seven; one (1) vacancy in term expiring in 1938, in Precinct Nine; one (1) vacancy in term expiring in 1937, and one (1) vacancy in term expiring in 1938, in Precinct Ten.

THE POLLS WILL OPEN AT 8 A.M. AND WILL CLOSE AT 8 P.M.

You are also required to notify and warn the legal voters aforesaid to meet in the Administration Building, in said Town, on Monday, the second day of March, 1936, at 8.15 P.M., to act on the following article:

Article 2. To choose all other necessary Town Officers in such manner as the Town may direct.

The consideration of further business under this warrant will be postponed until Monday evening, March 16, 1936, at 7 P.M., in the Senior High School Building, Columbia Street, or until such later time as the meeting may direct.

Article 3. To hear the report of the Town Officers as printed, and to hear the report of any committee heretofore appointed, and act thereon.

Article 4. To grant such sums of money as may be thought necessary for the uses and expenses of the Town for the ensuing year, direct how the same shall be raised, or take any action relating thereto.

Article 5. To see if the Town will vote to appropriate the necessary sum of money to pay that portion of the Town debt which matures on or previous to January 1, 1937, direct how the money shall be raised, or take any action relating thereto.

Article 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1936, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

Article 7. To see if the Town will vote to rescind action taken at Town Meeting held on August 13, 1934 under Article 24, by which it was voted to appropriate the sum of $25,000. to pay the cost of construction of water mains under the National Industrial Recovery Act, or take any action relating thereto.

Article 8. To see if the Town will appropriate a sum sufficient to pay the County of Middlesex as required by law on account of assessments levied on the town for its share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1932 bonds maturing in 1936, issued in compliance with Chapter 10, Acts of 1932, also for any
other indebtedness incurred and outstanding under said Chapter 10, also for the town's share of the cost and interest on said bonds due in 1936, also for the care, maintenance, and repair of said hospital for 1935, and including interest on temporary notes issued therefor in accordance with sections of Chapter 111 of the General Laws applicable thereto, and for all other expenses in connection therewith, determine how the money shall be raised, or in any way act thereon.

Article 9. To see what method the Town will vote to adopt for the collection of taxes for the year 1936, and to fix the compensation of the Collector, or take any action relating thereto.

Article 10. To see if the Town will appropriate a sum of money for the rent of the Grand Army Hall, care of the grounds around the Soldiers' Monument, and to defray the expenses of decorating the graves of deceased soldiers on the next Memorial Day, and authorize Isaac B. Patten Post No. 81, G.A.R. to expend the same; also two hundred dollars ($200.) of this amount to be expended under the direction of Watertown Post No. 99, The American Legion, and one hundred dollars ($100.) of this amount to be expended under the direction of the Burnham-Manning Post No. 1105, Veterans of Foreign Wars of the United States.

Article 11. To see if the Town will vote to appropriate a sum of money to pay the cost of providing suitable headquarters for Burnham-Manning Post No. 1105, Veterans of Foreign Wars of the United States, direct how the money shall be raised, or take any action relating thereto. (Request of Burnham-Manning Post No. 1105, Veterans of Foreign Wars of the United States.)

Article 12. To see if the Town will vote to appropriate a sum of money to pay the cost of providing suitable headquarters for Watertown Chapter No. 14, Disabled American Veterans of the World War, direct how the money shall be raised, or take any action relating thereto. (Request of Watertown Chapter No. 14, Disabled American Veterans of the World War.)

Article 13. To see if the Town will vote to place the school janitors and custodians under Civil Service, or take any action relating thereto. (Request of the School Janitors' Association.)

Article 14. To see if the Town will vote to appropriate the sum of fifteen hundred dollars ($1500.) for annuities to be paid to the dependents of two deceased firemen, as provided by Chapter 340 of the Acts of 1933, direct how the money shall be raised, or take any action relating thereto.

Article 15. To see if the Town will vote to raise and appropriate a sum of money for the improvement of Coolidge Avenue from Arlington and Arsenal Streets to Cambridge line; and Arlington Street, from Mount Auburn Street to Belmont Street; said money to be used in con-
junction with any money which may be allotted by the State or County, or both, for this purpose; or take any other action in relation thereto.

Article 16. To hear the report of the Planning Board relative to a petition of Harold O. Whitney, et al for a change in the Zoning By-law affecting a certain parcel of land on Main Street, Watertown, Mass., which change, if voted would change the land in question from 3-C (residential, to 2-B (store purposes). (Request of the Planning Board.)

Article 17. To see whether the Town will appoint a committee to study possible methods of co-ordinating and increasing the effectiveness of the Town's recreational activities, or take any action relating thereto. (Request of The Citizen's Recreation Committee, Ruth H. Furber, Chairman.)

Article 18. To see if the Town will amend the present Zoning By-Law, or take any action relating thereto, by adopting the following:

**ZONING BY-LAW**

Section 1. To promote the health, safety, morals, convenience and general welfare of its inhabitants, to lessen the danger from fire and congestion, and to improve and beautify the town under the provisions of General Laws, Chapter 40, the use, construction, repair, alteration, height, location and area of buildings and structures and the use of land in the town of Watertown are hereby regulated as herein provided.

Section 2. DEFINITIONS. In this by-law the following terms shall have the meanings here assigned to them:

(a) A FAMILY: Any number of individuals living and cooking together on the premises as a single housekeeping unit.

(b) A ONE-FAMILY HOUSE: A detached dwelling designed for and occupied by a single family.

(c) A DWELLING: Any building used in whole or in part for habitation.

(d) SEMI-DETACHED HOUSE: Two one-family houses built as a unit at the same time and separated by a brick-nogged division with no openings.

(e) A TWO-FAMILY HOUSE: A detached dwelling designed for two families, one over the other.

(f) APARTMENT HOUSE: A dwelling for more than two families under one roof, or for one or more families above a first floor used for non-residence purposes.

(g) HOTEL OR LODGING HOUSE: A hotel or lodging house is a building erected or used for paying guests, permanently or transiently, where over three (3) bedrooms are used for such purposes.

(h) A HALF STORY: A half story is that portion of a building under a sloping roof where the full length rafters rest on the top beams of the story below. If the rafters rest on higher beams it shall be deemed a story.
RECORD OF TOWN MEETINGS

(i) AN ACCESSORY USE OR BUILDING: A use of land or a structure or building customarily incident to the main use of land or building to which it is accessory.

(j) A NON-CONFORMING USE OR BUILDING: An existing use of land or of a building, or a structure or building which does not conform to the regulations for the district in which such use of land, structure or building exists.

(k) A LOT: A lot is that area of land described in an application for a permit.

USE REGULATIONS

Section 3. For the purpose of this by-law, the Town of Watertown is divided into five types of districts designated as:

1. Single Residence Districts.
2. General Residence Districts.
3. Apartment Districts.
5. Light Industrial Districts.

Said districts are as shown, defined and bounded, on the map accompanying this by-law entitled Zone Map, Watertown, April 1, 1935, signed by the Planning Board and on file with the Town Clerk, and said map and all explanatory matter thereon are hereby made a part of this by-law.

In such districts, subject to the provisions of sections 13 and 14, new buildings or structures, and alterations, enlargements or extensions of existing buildings or structures, may be designed, arranged and/or constructed; and land, buildings, structures, or parts thereof, may be used as specified for each type of district in sections 4, 5, 6, 7, and 8, subject as specified in such sections, to the provisions of sections 16 and 17. No other uses shall be permitted in such districts.

Section 4. SINGLE RESIDENCE DISTRICTS

1. One-family detached houses.
2. The taking of boarders or the leasing of rooms by a family resident on the premises.
3. Churches, schools, public libraries, public museums, parish houses, and, subject to the provisions of section 17, the following: cemeteries, hospitals, sanitaria, and philanthropic institutions with essential accessories.
4. Private clubs not conducted for profit, provided that where space is used for dances and entertainments a special permit shall be secured as provided in Section 17.
5. Municipal parks, playgrounds, recreation buildings, water towers and reservoirs.
6. Agriculture, greenhouses, and nurseries, subject to Section 17.
7. Real estate signs, of not over 6 square feet in area, advertising
the sale or rental of only the premises on which they are located, lodging and boarding house signs of not over 1 square foot, and bulletin boards of not over 10 square feet accessory to uses specified in paragraphs 3, 4 and 5 of this section and placed as the Planning Board may direct.

9. Telephone exchanges, provided there is no service yard or garage and that the design of the building with reference to harmony with the architecture characteristic of the district be approved by the Planning Board.

10. Such accessory uses as are customarily incidental to any of the above uses subject to the provisions of Section 13.

Section 5. GENERAL RESIDENCE DISTRICTS

1. Any use enumerated in section 4, subject, as stated in section 4 to the provisions of section 17.

2. Semi-detached and two-family dwellings.

Section 6. APARTMENT DISTRICTS

1. Any use enumerated in sections 4 and 5.

2. Apartments, as regulated by other by-laws.

Section 7. BUSINESS DISTRICTS

1. Any use enumerated in sections 4, 5 and 6.

2. Apartment houses, subject to other by-laws.

3. Offices, banks and places of assembly.

4. Retail stores, and shops for custom work or the making of articles to be sold at retail on the premises, subject to the provisions of section 13 (c).

5. Restaurants and other places for serving food.

6. Place of business of a dealer in alcoholic beverages, barber, and similar personal services; caterer, clothes cleaner and presser, confectioner, decorator, dressmaker, electrician, florist, furrier, hand laundry, milliner, motor vehicle sales room, news dealer, optician, painter, paper-hanger, pastry shop, photographer, printer, publisher, shoemaker, shoe repairing, shoe shiner, tailor, undertaker, and, subject to the provisions of section 17, the following: blacksmith, baker, builder, carpenter, contractor, dyer, mason, plumber, roofer, tinsmith, upholsterer; and similar uses which the board of appeals may, as provided in section 17, in specific instances find to be compatible with the uses above mentioned.

7. Commercial amusements.

8. Gasoline and oil stations, garages for storage and repair, and stables, subject to the provisions of sections 16 and 17.

9. Billboards, as regulated by law and by-laws and subject to the provisions of section 17.

Section 8. LIGHT INDUSTRIAL DISTRICTS

1. Any use permitted under sections 4, 5, 6 and 7, subject, as stated in section 7, to the provisions of section 15.

2. Lumber, fuel, feed and ice establishments, and contractors' yards, subject to the provisions of section 17.
3. Light manufacturing, employing electricity and/or other unobjectionable motive power, utilizing hand labor and/or unobjectionable machinery and/or processes and free from neighborhood disturbing odors and/or other nuisance features, subject to the provisions of section 17.

The following uses are prohibited in all districts:—abbatoirs and stock yards; acetylene gas manufacture or storage; acid-chlorine or hydrochloric, nitric, picric, sulphuric or sulphurous or other corrosive acid manufacture; ammonia, bleaching powder or chlorine manufacture; asphalt manufacture or refining; boiler works; celluloid manufacture, treatment or storage; cement, lime, gypsum or plaster of Paris manufacture; coke ovens; crematory, except in cemeteries; creosote treatment or manufacture; dextrine, glucose or starch manufacture; distillation of bones, coal or wood; dyestuff manufacture; exterminator and insects poison manufacture; emery cloth and sand paper manufacture; fat rendering; fertilizer manufacture and bone grinding; fireworks or explosive manufacture or storage; gas (illuminating or heating) manufacture or storage; glue, size or gelatine manufacture; incineration or reduction of garbage, dead animals, offal or refuse; lamp black manufacture; paint, oil, shellac, turpentine or varnish manufacture; pulp manufacture; gasoline, naptha or petroleum refining or storage in excess of an amount necessary for use on the premises or in supplying retail trade at service stations; printing ink manufacture; pyroxylin manufacture, treatment or storage; heavy rolling mills; smelters or blast furnaces; tallow, grease, or lard manufacture or refining from animal fat; tanning, curing, or storage of rawhides or skins; japanning; tar distillation or manufacture; wool pulling or scouring; match manufacturing; vinegar, sausage and sauerkraut manufacturing; fishpacking, smoking, curing or storage; potash refining.

4. Notwithstanding the provisions of this section or of section 17, no use shall be permitted which would be offensive because of injurious or obnoxious noise, vibration, smoke, gas, fumes, odors, dust or other objectionable features, or be hazardous to the community on account of fire or explosion or any other cause. No permit shall be granted under this or any other section for any use which would prove injurious to the safety or welfare of the neighborhood into which it proposes to go or destructive of property values, because of any excessive nuisance qualities.

HEIGHT REGULATIONS

Section 9. RESIDENCE DISTRICTS

(a) The limit of height of all buildings in residence districts No. 1 and No. 2 shall be two and one-half stories, not to exceed thirty-five feet, except that schools and permitted institutions may be three stories high.

(b) The limit of height of all buildings in districts numbered 3 shall be three stories, not to exceed 40 feet.
(c) The limitations of height in feet shall not apply to chimneys, ventilators, skylights, tanks, bulkheads, penthouses, and other necessary features usually carried above roofs, nor to towers or spires of churches and other buildings, if such features are in no way used for living purposes.

Section 10. Business and Industrial Districts.
(a) The limit of height in business and industrial districts shall be five stories, not to exceed sixty feet.
(b) The limitation of height in feet shall not apply to such features as are mentioned in (b) of section 9, nor to water tanks or scenery lofts.

AREA AND COVERAGE REGULATIONS

Section 11. In Residence Districts marked "1" land laid out after adoption of this by-law shall provide for each dwelling a minimum frontage of eighty feet, and a minimum lot area of ten thousand (10,000) square feet; and in residence districts marked No. 2 a minimum frontage of 50 feet and minimum lot area of 5000 square feet.

Except as provided in the following paragraph, the percentage of a lot which may be covered by any building used for dwelling purposes shall in no instance exceed the following:—in districts marked No. 1, 15 per cent; and in districts marked No. 2, 25 per cent.

Lots in districts marked No. 1 or 2 having smaller frontage or a smaller area than the minimum herein prescribed, and shown on any plan duly recorded by deed or plan at the Registry of Deeds at the time this by-law is adopted may be used, provided that front yard requirements are fulfilled.

In business and industrial districts no building shall be built, reconstructed, extended or arranged so that it covers more than 80 per cent of a corner lot or more than 80 percent of an interior lot. Industries abutting water areas fifty or more feet wide need not observe this provision. The open space required in this paragraph shall be located in such a way as, in the opinion of the building inspector, to properly light and ventilate the building, and provide access in case of fire.

No lot, or the buildings or structures thereon, shall be changed in size so as to violate the provisions of this by-law.

YARDS

Section 12. Front Yards. In all residence districts there shall be provided in front of every building or structure a front yard extending the full width of the lot, and equal in depth to the average of the depth of yards on adjoining lots, a vacant lot to be deemed as having a front yard of 15 feet in depth, between the building and the line of the way or ways on which the lot abuts, and no building or structure shall be erected, moved, altered, reconstructed or enlarged so that a front yard less in clear depth shall result except that in "1" districts,
the front yard set back shall be 25 feet. Projecting eaves and uncovered steps shall not be considered as coming within the meaning of this section.

Back Yards. Behind every dwelling there shall be provided a back yard, extending the full width of the lot, and not less than thirty (30) feet in depth, between the rear line of the house and the rear lot line. A back yard may contain accessory buildings not over one and one-half stories high and covering not over 30 per cent of the back yard area.

Side Yards. At each side of every dwelling there shall be a side yard the full length of the house, and not less than seven and one-half feet in clear width, between the side of the house and the side line, except that in areas marked "1" side yards shall not be less than 20 feet wide.

Yards for Non-Residential Buildings. Any use, not residential or accessory, permitted in a residential district, shall observe all provisions of this by-law in regard to depth and width of yards as applied to dwellings.

GENERAL PROVISIONS

Section 13. ACCESSORY USES.

(a) Accessory uses shall be on the same lot with the buildings of the owner or lessees, and shall be such as do not alter the character of the premises on which they are located or impair the neighborhood.

(b) Garage space for not more than two motor vehicles shall be permitted as an accessory use in residence districts, provided that the board of appeals may permit space for a motor truck or for additional motor vehicles under the provisions of section 17.

(c) Where manufacturing of any kind is permitted as an accessory use, it shall be restricted to such light manufacturing as is incidental to a permitted use and where the product is customarily sold on the premises by the producer to the consumer.

(d) The use of a room or rooms in a dwelling as a professional office or studio or for customary home occupations by a person resident in the dwelling may be permitted as an accessory use. In such cases a professional sign of not over one square foot in area may be used and there shall be no public display of goods. The use of a room as a music studio shall require a special permit as provided in section 17.

Section 14. NON-CONFORMING USES.

(a) Any building, part of a building or structure which, at the time of the adoption of the original by-law, did not conform to this by-law or was being put to a non-conforming use may continue to be used for the same purpose. A building not conforming in lot coverage may be rebuilt to the same coverage.
(b) No non-conforming building or structure shall be altered except as ordered by the building inspector to make it safe, nor shall it be enlarged, or moved unless into a district where it conforms, nor shall it in any ten-year period be repaired to an extent of more than forty per cent of its assessed value at the time of the last application for a permit to repair.

(c) Wherever a non-conforming use has been changed to a more restricted use, it shall not again be changed to a less restricted use. When such a use has been suspended for one year all future uses shall be conforming.

(d) In residence districts the removal of sod, loam, sand, gravel, or quarried stone for sale, except when incidental to and in connection with the construction of a building for which a permit has been issued, shall be deemed a non-conforming use of land, and shall be permitted only if written permission of the board of appeals be obtained in accordance with the provisions of section 17, and only under such conditions as the board of appeals may impose and make a part of the permit. The Board shall in each instance impose such conditions as will protect the neighborhood and the town against substantial injury.

Section 15. DISTRICT BOUNDARIES. The district boundaries shall be as shown on the zone map, the scale of the map and the figures entered to serve as guides. Where a zone boundary line divides a lot in a single or joint ownership at the time such district is established a use authorized on the less restricted portion of such a lot may be extended into the more restricted portion, but in no case for more than 20 feet over the established zone line.

Section 16. LOCATION OF AUTOMOBILE SERVICES AND PLACES FOR SALE OF ALCOHOLIC BEVERAGES.

No portion of the front or side lines of a public garage, automobile repair shop, greasing station, storage battery service station, or gasoline filling station, or any of their appurtenances or accessory uses, shall hereinafter be placed within fifty feet of any residence district. No driveway to such premises shall be in any part within 50 feet of any residence district. No such business shall have any driveway entrance or exit for motor vehicles within three hundred (300) feet of the property line of any public or private school, public library, church, playground or institution for the aged, the sick or dependent, or for children under 16 years of age. Every filling station structure and pump shall hereafter be located not less than 15 feet inside the building line and no filling shall be done except into cars standing on the property of the filling station. No place for the sale of alcoholic beverages shall be permitted anywhere within three hundred (300) feet of the property line of a public or private school, church, or library.

Section 17. PERMITS BY BOARD OF APPEALS REQUIRED.

No permit for the use of a room in a dwelling as a music studio, or
for dancing or entertainments in a private club, or for a cemetery, hospital, sanitarium or philanthropic institution or airport, or for the place of business of any blacksmith, baker, builder, carpenter, contractor, dyer, mason, plumber, roofer, dispenser of alcoholic beverages, tinsmith, upholsterer, or for any use referred to this section under heads of 8 and 9 of section 7, or for anything permitted, only under section 8, shall be issued by the building inspector except with the written approval of the board of appeals as provided in this section.

Where special permits by the board of appeals are required under this section, the building inspector shall issue no permit until so directed in writing by the board of appeals. Upon application for such a permit the boards shall at the expense of the applicant give not less than seven (7) days' public notice by publication in a newspaper and by mail to the applicant and to the owners of all property deemed by the board as affected by such a permit, and shall hold a hearing and render a decision. The applicant shall show to the satisfaction of the board that the use of the premises for which application is made shall not constitute a nuisance because of noise, vibration, smoke, gas, fumes, odor, dust or other objectional features, and that such use shall not otherwise be injurious to the inhabitants or their property, or dangerous to the public health or safety. When not so satisfied the board shall refuse a permit. When, in the opinion of the board, such a permit may be granted if accompanied by conditions especially designed to safeguard the district and the town, it shall impose such conditions and make them a part of the decision, and they shall be made a part of the permit issued by the building inspector. The board may, after a hearing and proof of violation of such conditions, or any of the terms of the permit, withdraw the permit, after which the use shall be discontinued.

Section 18. CONFLICT OF LAWS. In general this by-law is supplementary to other by-laws affecting the use, height, area and location of buildings and structures and the use of premises. Where this by-law imposes a greater restriction upon the use, height, area and location of buildings and structures or the use of premises than is imposed by other by-laws, the provisions of this by-law shall control.

Section 19. PLATS. Applications for building permits shall be accompanied by a plat of the lot in duplicate, drawn to scale, showing the actual dimensions of the lot and the exact locations and size of the buildings already upon the lot, and of the building or structure to be erected, together with the streets, and alleys on and adjacent to the lot. The lot corners shall be indicated by such stakes and bounds as shall be required by the building inspector. A record of such applications and plats shall be kept on file in the office of the building inspector.

Section 20. ENFORCEMENT. This by-law shall be administered by the building inspector. He shall approve no application of any
kind, plans and specifications and intended uses for which are not in all respects in conformity with this by-law. He shall issue no permit for anything covered by section 17, until the applicant has secured the written permit of the board of appeals therein required.

Section 21. OCCUPANCY PERMIT. No building or structure erected, altered or in any way changed as to construction or use under a permit or otherwise and no premises shall be occupied or used without an occupancy permit signed by the building inspector, which permit shall not be issued until the building structure or premises and its uses and accessory uses comply in all respects with this by-law. A temporary permit may be issued in appropriate cases.

Section 22. APPEALS. Any person aggrieved by the action of the building inspector, or by a decision of the board of appeals, may appeal under the provisions of Section 30, Chapter 40, of the General Laws.

Upon the adoption of this by-law the selectmen shall appoint a board of appeals of three members, the first appointments to be for terms of one, two and three years, thereafter for three years. They shall also appoint two associate members, one for a two-year term and one for a three-year term.

Section 23. EXCEPTIONS UNDER SPECIFIC CASES. When in its judgment the public convenience and welfare will be substantially served, the board of appeals may in specific cases, after public notice, a hearing, and subject to appropriate conditions and safeguards, determine and vary the application of the district regulations herein established in harmony with the general purpose and intent as follows:

(a) Issue permits, subject to proper conditions to protect the district, for temporary structures and uses for development work and similar purposes, provided that no such permit shall be for more than a one-year period, subject to renewal as needed for the special purpose; after which the structure shall be removed and the use cease.

(b) The board of appeals may grant no variation which would amount to an amendment of this by-law, all such amendments to be made as provided in General Laws, Chapter 40, Section 27.

Section 24. AMENDMENTS. It shall be the duty of the planning board upon petition signed by 50% of the owners as they appear on the most recent local tax list, of the property in any block, or upon its own initiative from time to time, to hold public hearings of which there shall be given, at the expense of the petitioners, not less than (20) days' public notice of the time and place of such hearing by publication in a newspaper of general circulation in Watertown, and notice by mail, postage prepaid, to the owners of all property deemed by the board to be affected thereby, for the consideration of amendments altering the boundaries of any districts established by this by-law, and thereupon to submit to the Town for action its report and recommendations in regard to the same.
For the purpose of this section, a block shall be the area so designated on the block plans on file in the Watertown assessors' office.

Section 25. If any provision of this by-law is declared unconstitutional or illegal, by final judgment order or decree of the Supreme Judicial Court of the Commonwealth, the validity of the remaining provisions of this by-law shall not be affected thereby.

Section 26. This by-law shall take effect as provided by law.

(Request of Committee on Zoning By-Law.)

Article 19. To see whether the Town will adopt the following by-law or some modification thereof for the purpose of regulating billboards or other outdoor advertising devices, or take any action relating thereto:

By-Law for Regulation of Advertising Signs and Billboards

SECTION 1. Authorization. In conformity with the General Laws and lawful state regulations for the proper control and restriction of outdoor advertising devices, and without relaxing any restrictions on said devices imposed by such regulations, said devices in the Town of Watertown are hereby further restricted as provided in the following sections.

SECTION 2. Exemptions. This by-law shall apply exclusively to outdoor advertising within public view of any highway, public park or reservation. It shall not apply to signs or other devices controlled under the provisions of Section 1, 2 or 8, of Chapter 85, General Laws, or to signs or other devices on or in the rolling stock, stations, subways, or structures of or used by common carriers, except advertising devices on bridges or viaducts or abutments thereof; and, except for lawful restrictions as to size and location, it shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon or advertise the property itself or any part thereof as for sale or to let and which contain no other advertising matter. It also shall not apply to any advertising device legally permitted and maintained on the date of the taking effect of this by-law, until one year after the first day of July next following said date.

SECTION 3. Definitions:

“Advertising devices” shall mean billboards, painted bulletins, posters, panels, signs, placards and other outdoor units designed to call public attention to the matter displayed thereon.

“Advertising sign” or “sign” shall mean any outdoor advertising device.

“Sign-board” shall mean any structure designed for displaying an outdoor advertisement.

“Highway” shall mean any public way.
“Public Park” shall mean a piece of public land of at least five thousand square feet set apart for beauty and public enjoyment.

“Public reservation” shall mean a piece of public land set apart for recreational use, as a state or municipal forest, as a protection to a public water supply, as a memorial, or cemetery, or as a place of unusual scenic or historical interest.

“Permitted” shall mean authorized by an official permit.

“Display” shall mean to make or maintain visible from any highway, public park or reservation.

“Area” of a sign or signboard shall mean the area of the face view of the entire device, including all attachments except supports and lattice at the base thereof.

“Residential District” shall mean any area zoned as residential.

“Non-conforming business” shall mean a business located in a residential or rural district, other than such rural business as farming or the raising and sale on the same premises of farm, garden or orchard products.

“Lawful sign” shall mean any outdoor advertising device not prohibited by any provision of law or by any lawful regulation.

“Accessory sign” shall mean any outdoor advertising device which carries only advertisements strictly incidental and subordinate to a lawful use of the premises on which it is located, including signs indicating business transacted or goods sold or produced on the premises or an occupant thereof, but not including any sign sold or rented to an outside party.

“Sign on a wall” shall mean a sign closely attached throughout to and facing with that wall, or on a window or door therein.

“Lot” shall mean a plot of ground containing and devoted to the purposes of a building, or laid out to contain a building, with all required open spaces; or a larger tract of unbuilt, undivided land under one ownership.

SECTION 4. General Restrictions. No person, firm, association or corporation shall be permitted or allowed to erect, display or maintain any billboard or other outdoor advertising device, not exempted by Section 2 hereof, except those specified in paragraphs (a) (b) (c) (d) and (e) of this section.

(a) In districts not of a residential or rural character, any lawful sign on or attached to a wall of a building or any lawful ground or roof sign or signboard no part of which extends over fifteen feet above the part of the ground or roof on which it stands.

(b) In a residential or rural district, any lawful accessory sign or signs not exceeding five square feet in aggregate area on any one building or lot; or any lawful sign or signs advertising only the sale or rental of the premises, not exceeding a total area of ten square feet; or, on the premises of any public building, or of any farm, garden, tree-nursery or forest, any lawful accessory signs not exceeding all
together fifteen square feet in area within the limits of said premises; or any lawful accessory signs on the front wall of any building occupied by a non-conforming business.

(c) Any lawful sign not exceeding thirty-two square feet in area displayed by the town, or any sign displayed by the United States, the state or the county, relative to government business.

(d) At any boundary line of the town a lawful sign not exceeding five square feet in area indicating the meetings of any civic organization located therein.

(e) On property owned or principally occupied by a religious, civic or charitable organization, association of war veterans or the like, any lawful accessory sign displayed by written permission of the Selectmen and approval of the inspector of buildings if any, for a limited period not exceeding sixty days.

SECTION 5. Set-backs. No advertising sign or signboard shall be permitted or allowed to be so located as to obstruct a view between any points on connecting streets within fifty feet of a corner of the rights of way; or to obstruct any door, window or fire-escape on a building; or if on a roof, to be set nearer than one-half its height to the wall thereof on a street front; or, in a residential district, to extend more than six inches nearer to any boundary of the lot or premises on which it is located than it would be lawful to maintain a building except as provided in paragraph (d) of Section 4.

SECTION 6. Prohibitions. Except signs exempted under Section 2, no person, firm, association or corporation shall be permitted or allowed to erect, display or maintain any billboard or other outdoor advertising device in any district.

(a) Except the owner or a tenant occupant of the premises, where it is located, or a party holding written permission from either to display the device for a limited period, which party’s name shall be conspicuously displayed thereon;

(b) Upon any rock, tree, fence or pole;

(c) Within one hundred feet of any church, public building, monument or memorial, or within three hundred feet of any public park, playground, or public reservation, if within view from any portion thereof; except that this paragraph shall not apply to accessory signs on the walls of buildings;

(d) If it contains any obscene, indecent or immoral matter;

(e) Unless all parts and attachments and the ground about the base thereof are kept in neat and safe condition.

SECTION 7. Administration. No advertising device for which a permit from any state authority is required shall be erected, displayed or maintained in the town until five days after a permit therefor, or a true copy thereof, has been filed with the Town Clerk. Whenever notice of an application for such a permit is received by the Town
Clerk, he shall immediately transmit it to the Inspector of Buildings or other officer, if any, charged with the administration of this by-law. Such officer, or in the lack of such officer, the Town Clerk, shall thereupon make an examination of the case and, as promptly as possible, within thirty days of the receipt of the application by the Town Clerk, shall send written notice to the state authority to whom the application is addressed, stating whether or not the proposed advertising device would violate any provision of this by-law, and, if so, what provision. Like notice shall be sent also to the applicant and to the owner or tenant of the proposed location of the device.

At least twenty-five days before an outdoor advertising device not requiring a permit from any state authority and not exempted under Section 2 shall be erected or displayed in the town, a description thereof and of its proposed location shall be filed with the town clerk, after which the procedure shall be the same as prescribed in the preceding paragraph in the case of an application for a state permit, except that notice whether or not the device would violate any provision of the law shall be sent, within twenty days after receipt of the description, only to the party filing the same and to the owner or tenant of the proposed location.

SECTION 8. Penalties and Enforcement. Whoever violates any provisions of sections 4, 5 or 6 hereof, shall be guilty of a misdemeanor and shall be punished by a fine of not more than one hundred dollars, and whoever after final conviction for such violation unlawfully displays such outdoor advertising device for twenty days shall be punished by a fine of not more than five hundred dollars.

The Selectmen or any officer charged with the enforcement of this by-law shall cause any such violator to be prosecuted; and shall notify the state regulatory authority of Outdoor Advertising of any and all violations of lawful state regulations.

Any town officer or any interested party may petition the Superior Court in equity to enjoin the erection or maintenance of any outdoor advertising device erected or maintained in violation of any provision of this by-law. Town officials shall have the same right and power to cause the removal of any outdoor advertising device as of any structure or building maintained in violation of a by-law.

SECTION 9. If any provision of this by-law is declared unconstitutional or illegal by any Court, the validity of the remaining provisions shall not be affected thereby.

SECTION 10. All regulations for outdoor advertising devices here-tofore adopted by the town and in force at the time of the adoption of the foregoing sections are hereby repealed.

Article 20. To see if the Town will vote to authorize the Selectmen to remove the old Town Hall Building, or take any action relating thereto.
Article 21. To see if the Town will vote to appropriate and authorize the Treasurer, with the approval of the Selectmen to borrow under the authority and in accordance with the provisions of Chapter 188 of the Acts of 1935, as amended such sum as may be necessary for the purpose of paying the town's share of W. P. A. projects, or to take any action relative thereto.

Article 22. To hear the report of the Selectmen relative to the laying out of the following-named street, to wit:

Bostonia Avenue, from Mount Auburn Street to dead end; under the provisions of Chapters 82 and 80 of the General Laws, as amended, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street, as and for a public way, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, or otherwise acquire, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or land damages therefor; and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Article 23. To see if the Town will vote to accept Chapter 31 of the General Laws known as Civil Service Laws, or take any action relating thereto. (Request of Watertown Town Employees' Union, Local 807.)

And you will notify and warn the legal voters of the Town of Watertown to meet at the times and at the places herein specified by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant with your doings thereon, into the office of the Town Clerk on or before the time of said meeting.

Given under our hands this fourteenth day of February A. D., 1936.

JAMES H. SHERIDAN,
MAURICE H. O'CONNELL,
CHARLES F. SHAW,
Selectmen of Watertown.
Officers’ Returns on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the times and at the places herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

JOSEPH W. REGAN,
Constable of Watertown.

Attest: WM. P. McGUIRE, Town Clerk.

Notices were mailed to the Town Meeting Members at least seven days prior to Town Meeting of the proposed business to be considered at the meeting.

WM. P. McGUIRE,
Town Clerk.

ANNUAL TOWN MEETING
March 2, 1936

Precinct Officers

Precinct 6. Harold W. Duvall, Warden; Lester A. Murphy, Clerk; Election Officers: Annie M. Davis, Rosalie J. Whelan, Lewis A. Reed, George A. Taylor, S. Alice Youngman, Theodore B. Robinson, Margaret A. MacDonald, Percy J. VanDyke, Fred W. Bray, Dorothy G. Viering, Harriette J. Brennan, Margaret A. Gallen, John B. Stuart, Mary G. Luther.

Precinct 9. Joseph M. Lally, Warden; Frederick W. Owen, Clerk; Election Officers: Mary Toland, Mary D. McEligott, Emma Roche, Eleanor Mosman, George H. Lord, Edmund Tocci, Joseph J. Kelly, Georgiana O'Shea, Margaret R. Colby, Frances Delaney, Harry E. Hill, Eva M. Eagleson, Margaret Hayes, Annie M. Owen.

The foregoing officers were sworn to the faithful performance of their duties by Town Clerk, Wm. P. McGuire.

The necessary ballots and paraphernalia for conducting the election were inspected by the election officers of the various precincts.

At 8.00 A.M. the meetings were called to order, the polls were declared open, and voting continued until 8.00 P.M. The ballots were counted and the result of the same was declared in the respective precincts.

The return of votes cast in Precincts 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10 were duly recorded in the record books of said precincts, and the ballot sheets and records were delivered to the Board of Registrars who proceeded to canvas the same with the following result, which was declared by the Town Clerk.
The following persons, indicated by star (*) were elected and were sworn to the faithful performance of their duties by Town Clerk, Wm. P. McGuire.

Total Vote cast: 10,771.

**SELECTMAN, MEMBER OF BOARD OF PUBLIC WELFARE, SURVEYOR OF HIGHWAYS AND APPRAISER—**

ANNUAL TOWN MEETING

Monday Evening, March 2, 1936

Meeting was called to order at 8.15 P.M. by Moderator Edward P. Furber.

Officers' returns on warrant were read by Town Clerk, Wm. P. McGuire.

Voted: To take up Article 2.

Article 2. To choose all other necessary Town Officers in such manner as the Town may direct.

Voted: That the Selectmen be and they are hereby authorized to appoint all Town Officers not chosen on the official ballot.

Voted: That this meeting be and is hereby adjourned until Monday evening, March 23, 1936 at 7.00 P.M., to meet in the Senior High School Building, Columbia Street, Watertown, at which time and place all business called for in the warrant for the Annual Town Meeting of March 2, 1936, under Articles 3 to 23 inclusive, will come before the meeting for consideration and action.

WM. P. McGuire,
Town Clerk.
Notice for Adjourned Town Meeting,
Monday Evening, March 23, 1936

Notice is hereby given the legal voters of the Town of Watertown that the town Meeting called for Monday evening, March 2nd, 1936 at 8.15 P.M., has been adjourned until Monday evening, March 23rd, 1936, at 7.00 P.M. to meet in the Senior High School Building, on Columbia Street, in said Town of Watertown, at which time and place all business called for in the warrant for the Annual Town Meeting of March 2nd, 1936, under Article 3 to Article 23 inclusive, will come before the meeting for consideration and action.

And the legal voters of the Town of Watertown are hereby notified and warned to meet at the time and at the place herein specified, by posting copies of this notice in ten or more conspicuous public places in town, twenty-four hours at least prior to the time of said meeting, and also by causing a copy of the same to be published in a Watertown newspaper.

Given under our hands this Fifth day of March, A.D. 1936.

EDWARD P. FURBER, Moderator
WM. P. McGUIRE, Town Clerk.

Clerk's Return on Notice

I have posted copies of the foregoing notice in ten or more conspicuous public places in town, at least twenty-four hours prior to the time of said Adjourned meeting, and have also caused a copy of the same to be published in the Tribune-Enterprise, a Watertown newspaper.

Notices were mailed to the Town Meeting Members at least twenty-four hours prior to the time of said Adjourned Town Meeting of the proposed business to be considered at the meeting.

WM. P. McGUIRE, Town Clerk.

Notice for Adjourned Town Meeting, Monday Evening, March 30, 1936

Notice is hereby given the legal voters of the Town of Watertown that the Town Meeting called for Monday evening, March 23, 1936, at 7.00 P.M., has been adjourned until Monday evening, March 30, 1936, at 7.30 P.M., to meet in the Senior High School Building on Columbia Street, in said Town of Watertown, at which time and place all business called for in the Warrant for the Annual Town Meeting of March 2, 1936 from Articles 1 to 23 inclusive, will come before the meeting for consideration and action, with the exception of Articles 2, 3, 9, 15 and 22, and such departments as have been disposed by votes passed in conjunction with Article 4.

And the legal voters of the Town of Watertown are hereby notified and warned to meet at the time and at the place herein specified, by posting copies of this notice in ten or more conspicuous public places in
Town twenty-four hours at least prior to the time of said adjourned meeting, and also by causing a copy of the same to be published in a Watertown newspaper.

Given under our hands this 23rd day of March, A.D. 1936.

EDWARD P. FURBER, Moderator
WM. P. McGUIRE, Town Clerk.

Clerk's Return on Notice

I have posted copies of the foregoing notice in ten or more conspicuous public places in Town, at least twenty-four hours prior to the time of said adjourned meeting, and have caused a copy of the same to be published in a Watertown newspaper.

Notices were mailed to the Town Meeting Members at least twenty-four hours prior to the time of said Adjourned Town Meeting of the proposed business to be considered at the meeting.

WM. P. McGUIRE.
Town Clerk.

Record of Annual Adjourned Town Meetings,
March 23 and 30, 1936

Meetings were called to order by Moderator, Edward P. Furber, on March 23rd at 7.00 P.M., and on March 30th, at 7.30 P.M. On March 23rd prayer was offered by Rev. Ernest S. Meredith, Pastor of the Unitarian Church.

Clerk's returns on notices for Adjourned Town Meetings were read by Town Clerk Wm. P. McGuire.

Number of Town Meeting members necessary for a quorum: 93; number present on March 23rd, 226; on March 30th, 175.

The Town Meeting Members present were sworn by Town Clerk, Wm. P. McGuire, as follows:

"Having been duly elected Town Meeting Members, you each of you severally, solemnly swear that you will perform the duties pertaining to that office with fidelity and impartiality, and for the best interests of the Town of Watertown, so help you, God."

Vacancies in Town Meeting Membership Filled

March 23. Notice was received from the Chairman of Precinct Four of the appointment of Jesse H. Mason, 12 Walnut Street, to fill one of the two vacancies expiring in 1938. This vacancy was caused by the resignation of Ernest M. Small who was appointed Chairman of the Planning Board. Mr. Mason to serve until the Town Election of 1937.

One vacancy expiring in 1938, to be filled.

March 23. Notice was received from the Chairman of Precinct Six of the appointment of the following to fill vacancies expiring in 1939 terms:
Walter B. Blizard, 128 Lovell Road, to fill vacancy caused by resignation of Norman D. MacKay, elected Selectman of Town of Watertown.
Walter F. Gilbert, 134 Standish Road, to fill vacancy caused by the resignation of Arthur I. Davis, appointed Chairman of Water Commissioners.

These appointments to serve until election of March 1937.

March 30. Notice was received from the Chairman of Precinct One of following appointments:
To fill vacancy in term expiring in 1938:
Albert W. Gaines, 32 Brimmer Street; vacancy caused by resignation of John J. Curran, appointed Chairman of Board of Assessors.

To fill vacancy expiring in 1939:
Natale Caterino, 7 Nichols Avenue, vacancy caused by Wm. J. Sullivan being already a member in term expiring in 1938.

March 23. Article 3. To hear the report of the Town Officers as printed, and to hear the report of any Committee heretofore appointed, and act thereon.

Mr. Small offered verbal report of the Special Committee on Zoning By-law.

Mr. Page submitted report on Committee on Addition and Alterations to Watertown Free Public Library Building on Main Street. Report placed on file, having been accepted, and it was Voted: That the committee be and is hereby discharged.

March 23. Article 4. To grant such sums of money as may be thought necessary for the uses and expenses of the Town for the ensuing year, direct how the same shall be raised, or take any action relating thereto.

Voted: That the following items as shown in Schedule be and are hereby appropriated for the use of the various Town departments for the current year.

Official Record of Appropriations Voted at Adjourned Town Meetings, March 23rd and 30th, 1936

March 30. Article 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1936, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

Voted: That the Town Treasurer be and is hereby authorized with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1936, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

March 30. Article 7. To see if the Town will vote to rescind action taken at Town Meeting held on August 13, 1934 under Article 24, by which it was voted to appropriate the sum of $25,000, to pay the cost of construction of water mains under the National Industrial Recovery Act, or take any action relating thereto.

Voted: That the action of the Town Meeting held on August 13, 1934, under Article 24, by which it was voted to appropriate the sum of Twenty-five thousand Dollars ($25,000) to pay the cost of construction of water mains under the National Industrial Recovery Act, be and is hereby rescinded.
March 30. Article 8. To see if the Town will appropriate a sum sufficient to pay the County of Middlesex as required by law on account of assessments levied on the Town for its share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1932 bonds maturing in 1936, issued in compliance with Chapter 10, Acts of 1932, also for any other indebtedness incurred and outstanding under said Chapter 10, also for the Town's share of the cost and interest on said bonds due in 1936, also for the care, maintenance, and repair of said hospital in 1935, and including interest on temporary notes issued therefor in accordance with sections of Chapter 111 of the General Laws, applicable thereto, and for all other expenses in connection therewith, determine how the money shall be raised, or in any way act thereon.

Voted: That the sum of Twenty-one thousand Five hundred thirty-one dollars and forty-five cents ($21,531.45) be and is hereby appropriated to pay the County of Middlesex as required by law on account of assessments levied on the Town for its share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1932 bonds maturing in 1936, issued in compliance with Chapter 10, Acts of 1932, also for any indebtedness incurred and outstanding under said Chapter 10, also for the Town's share of the cost and interest on said bonds, due in 1936, also for the care, maintenance, and repair of said hospital in 1935, and including interest on temporary notes issued therefor in accordance with sections of Chapter 111 of the General Laws applicable thereto, and for all other expenses in connection therewith.

March 23. Article 9. To see what method the Town will vote to adopt for the collection of taxes for the year 1936, and to fix the compensation of the Collector, or take any action relating thereto.

(Action taken in conjunction with Article 4).

Voted: That the same method for the collection of taxes be and is hereby adopted as was pursued last year, and that bills for taxes shall be sent out and interest shall be charged as provided by General Laws, Tercentenary Edition, Chapter 59, Section 57 and acts in amendment thereof.

(For Appropriations, see Schedule, Collector's Department).

March 30. Article 10. To see if the Town will appropriate a sum of money for the rent of the Grand Army Hall, care of the grounds around the Soldiers' Monument, and defray the expenses of decorating the graves of deceased soldiers on the next Memorial Day, and authorize Isaac B. Patten Post No. 81, G. A. R., to expend the same; also two hundred dollars ($200) of this amount to be expended under the direction of Watertown Post No. 59, The American Legion, and one hundred dollars ($100) of this amount to be expended under the direction of the Burnham-Manning Post No. 1105, Veterans of Foreign Wars of the United States.
(Action taken in conjunction with Article 4).

Voted: That the sum of Eleven hundred dollars ($1100.) be and is hereby appropriated for the rent of the Grand Army Hall, care of the grounds around the Soldiers' Monument, and to defray the expenses of decorating the graves of deceased soldiers on the next Memorial Day; eight hundred dollars ($800.) to be expended under the direction of the Isaac B. Patten Post No. 81, G. A. R.; two hundred dollars ($200.) to be expended under the direction of Watertown Post No. 99, The American Legion, and one hundred dollars ($100.) to be expended under the direction of the Burnham-Manning Post No. 1105, Veterans of Foreign Wars of the United States.

March 30. Article 11. To see if the Town will vote to appropriate a sum of money to pay the cost of providing suitable headquarters for Burnham-Manning Post No. 1105, Veterans of Foreign Wars of the United States, direct how the money shall be raised, or take any action relating thereto. (Request of Burnham-Manning Post No. 1105, Veterans of Foreign Wars of the United States.)

(Action taken in conjunction with Article 4).

Voted: That the sum of One thousand eighty dollars ($1,080.00) be and is hereby appropriated for the rent of Headquarters for Burnham-Manning Post No. 1105, Veterans of Foreign Wars of the United States, to be expended under the direction of the Selectmen.

March 30. Article 12. To see if the Town will vote to appropriate a sum of money to pay the cost of providing suitable headquarters for Watertown Chapter No. 14, Disabled American Veterans of the World War, direct how the money shall be raised, or take any action relating thereto. (Request of Watertown Chapter No. 14, Disabled American Veterans of the World War).

(Action taken in conjunction with Article 4).

Voted: That the sum of Three hundred sixty dollars ($360.00) be and is hereby appropriated for rent of Headquarters for Watertown Chapter No. 14, Disabled American Veterans of the World War, to be expended under the direction of the Selectmen.

March 30. Article 13. To see if the Town will vote to place the school janitors and custodians under Civil Service, or take any action relating thereto. (Request of School Janitors' Association).

Indefinitely postponed.

March 30. Article 14. To see if the Town will vote to appropriate the sum of Fifteen hundred dollars ($1500.00) for annuities to be paid to the dependents of two deceased firemen, as provided by Chapter 340 of the Acts of 1933, direct how the money shall be raised, or take any action relating thereto.

(Action taken in conjunction with Article 4.)

Voted: That the sum of Fifteen hundred dollars ($1500.00) be and is hereby appropriated to pay the amount due for the year 1936 for annuities to the dependents of Gilbert Nichols and Willard E. Streeter.
March 23. Article 15. To see if the Town will vote to raise and appropriate a sum of money for the improvement of Coolidge Avenue from Arlington and Arsenal Streets to the Cambridge Line; and Arlington Street, from Mount Auburn Street to Belmont Street; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose; or take any other action in relation thereto.

(Action taken in conjunction with Article 4.)

Voted: That the sum of Seventy six hundred dollars ($7600.) be and is hereby appropriated for the improvement of Coolidge Avenue from Arlington and Arsenal Streets to the Cambridge Line; and Arlington Street from Mount Auburn Street to Belmont Street, together with such sums as may be received from the State or County, or both, for this purpose.

127 voting in favor; 76 opposed.

Voted: That the sum of Seventy three hundred dollars ($7300.) be and is hereby appropriated for the construction of Langdon Avenue, the same to be expended only when the necessary water installations have been made by the Water Department under WPA.

March 30. Article 16. To hear the report of the Planning Board relative to a petition of Harold O. Whitney, et al. for a change in the Zoning By-Law affecting a certain parcel of land on Main Street, Watertown, Mass., which change, if voted, would change the land in question from 3-C (residential) to 2-B (store purposes). (Request of Planning Board.)

Indefinitely postponed.

March 30. Article 17. To see whether the Town will appoint a committee to study possible methods of co-ordinating and increasing the effectiveness of the Town's recreational activities, or take any action relating thereto. (Request of the Citizen's Recreation Committee, Ruth H. Purber, Chairman.)

Voted: That a Committee of Seven be appointed by the Moderator, to consist of one Selectman, one member of the School Committee, one member of the Park Commission, one member of the Playground Committee, and three others to be appointed by the Moderator with instructions to investigate and report to a later Town Meeting.

March 30. Article 18. To see if the Town will amend the present Zoning By-Law, or take any action relating thereto, by adopting the following: Zoning By-Law (As Noted in Warrant).

Voted: That the subject matter of this article be referred to the Planning Board with the request that further hearings be held after which time it will be submitted to the Town for further action.

March 30. Article 19. To see whether the Town will adopt the
following by-law or some modification thereof for the purpose of regulating billboards or other outdoor advertising devices, or take any action relating thereto:

By-Law for Regulation of Advertising Signs and Billboards

Section 1. AUTHORIZATION. In conformity with the General Laws and lawful state regulations for the proper control and restriction of outdoor advertising devices, and without relaxing any restrictions on said devices imposed by such regulations, said devices in the Town of Watertown are hereby further restricted as provided in the following sections.

Section 2. EXEMPTIONS. This by-law shall apply exclusively to outdoor advertising within public view of any highway, public park or reservation. It shall not apply to signs or other devices controlled under the provisions of Section 1, 2, or 8, of Chapter 85, General Laws, or to signs or other devices on or in the rolling stock, stations, subways, or structures of or used by common carriers, except advertising devices on bridges or viaducts or abutments thereof; and, except for lawful restrictions as to size and location, it shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon or advertise the property itself or any part thereof as for sale or to let and which contain no other advertising matter. It also shall not apply to any advertising device legally permitted and maintained on the date of the taking effect of this by-law, until one year after the first day of July next following said date.

Section 3. DEFINITIONS.

"Advertising devices" shall mean billboards, painted bulletins, poster panels, signs, placards and other outdoor units designed to call public attention to the matter displayed thereon.

"Advertising sign" or "sign" shall mean any outdoor advertising device.

"Sign-board" shall mean any structure designed for displaying an outdoor advertisement.

"Highway" shall mean any public way.

"Public Park" shall mean a piece of public land of at least five thousand square feet set apart for beauty and public enjoyment.

"Public reservation" shall mean a piece of public land set apart for recreational use, as a state or municipal forest, as a protection to a public water supply, as a memorial, or cemetery, or as a place of unusual scenic or historical interest.

"Permitted" shall mean authorized by an official permit.

"Display" shall mean to make or maintain visible from any highway, public park or reservation.
"Area" of a sign or signboard shall mean the area of the face view of the entire device, including all attachments except supports and lattice at the base thereof.

"Residential District" shall mean any area zoned as residential.

"Non-conforming business" shall mean a business located in a residential or rural district, other than such rural business as farming or the raising and sale on the same premises of farm, garden or orchard products.

"Lawful sign" shall mean any outdoor advertising device not prohibited by any provision of law or by any lawful regulation.

"Accessory sign" shall mean any outdoor advertising device which carries only advertisements strictly incidental and subordinate to a lawful use of the premises on which it is located, including signs indicating business transacted or goods sold or produced on the premises or an occupant thereof, but not including any sign sold or rented to an outside party.

"Sign on a wall" shall mean a sign closely attached throughout to and facing with that wall, or on a window or door therein.

"Lot" shall mean a plot of ground containing and devoted to the purposes of a building, or laid out to contain a building, with all required open spaces; or a larger tract of unbuilt, undivided land under one ownership.

Section 4. GENERAL RESTRICTIONS. No person, firm, association or corporation shall be permitted or allowed to erect, display or maintain any billboard or other outdoor advertising device, not exempted by Section 2 hereof, except those specified in paragraphs (a) (b) (c) (d) and (e) of this section.

(a) In districts not of a residential or rural character, any lawful sign on or attached to a wall of a building or any lawful ground or roof sign or signboard no part of which extends over fifteen feet above the part of the ground or roof on which it stands.

(b) In a residential or rural district, any lawful accessory sign or signs not exceeding five square feet in aggregate area on any one building or lot; or any lawful sign or signs advertising only the sale or rental of the premises, not exceeding a total area of ten square feet; or, on the premises of any public building, or of any farm, garden, tree-nursery or forest, any lawful accessory signs not exceeding altogether fifteen square feet in area within the limits of said premises; or any lawful accessory signs on the front wall of any building occupied by a non-conforming business.

(c) Any lawful sign not exceeding thirty-two square feet in area displayed by the town, or any sign displayed by the United States, the state or the county, relative to government business.

(d) At any boundary line of the town a lawful sign not exceeding five square feet in area indicating the meetings of any civic organization located therein.
(e) On property owned or principally occupied by a religious, civic or charitable organization, association of war veterans or the like, any lawful accessory sign displayed by written permission of the Selectmen and approval of the inspector of buildings if any, for a limited period not exceeding sixty days.

Section 5. SET-BACKS. No advertising sign or signboard shall be permitted or allowed to be so located as to obstruct a view between any points on connecting streets within fifty feet of a corner of the rights of way; or to obstruct any door, window or fire-escape on a building; or, if on a roof, to be set nearer than one-half its height to the wall thereof on a street front; or, in a residential district, to extend more than six inches nearer to any boundary of the lot or premises on which it is located than it would be lawful to maintain a building, except as provided in paragraph (d) of Section 4.

Section 6. PROHIBITIONS. Except signs exempted under Section 2, no person, firm, association or corporation shall be permitted or allowed to erect, display or maintain any billboard or other outdoor advertising device in any district.

(a) Except the owner or a tenant occupant of the premises where it is located, or a party holding written permission from either to display the device for a limited period, which party's name shall be conspicuously displayed thereon:

(b) Upon any rock, tree, fence or pole;

(c) Within one hundred feet of any church, public building, monument or memorial, or within three hundred feet of any public park, playground, or public reservation, if within view from any portion thereof; except that this paragraph shall not apply to accessory signs on the walls of buildings;

(d) If it contains any obscene, indecent or immoral matter;

(e) Unless all parts and attachments and the ground about the base thereof are kept in neat and safe condition.

Section 7. ADMINISTRATION. No advertising device for which a permit from any state authority is required shall be erected, displayed or maintained in the town until five days after a permit therefor, or a true copy thereof, has been filed with the Town Clerk. Whenever notice of an application for such permit is received by the Town Clerk, he shall immediately transmit it to the Inspector of Buildings or other officer, if any, charged with the administration of this by-law. Such officer, or in the lack of such officer, The Town Clerk, shall thereupon make an examination of the case and, as promptly as possible, within thirty days of the receipt of the application by the Town Clerk, shall send written notice to the state authority to whom the application is addressed, stating whether or not the proposed advertising device would violate any provision of this by-law, and, if so, what provision. Like notice shall be sent also to the applicant and to the owner or tenant of the proposed location of the device.
At least twenty-five days before an outdoor advertising device not requiring a permit from any state authority and not exempted under Section 2 shall be erected or displayed in the town, a description thereof and of its proposed location shall be filed with the Town Clerk, after which the procedure shall be the same as prescribed in the preceding paragraph in the case of an application for a state permit, except that notice whether or not the device would violate any provision of the law shall be sent, within twenty days after receipt of the description, only to the party filing the same and to the owner or tenant of the proposed location.

Section 8. PENALTIES AND ENFORCEMENT. Whoever violates any provisions of sections 4, 5 or 6 hereof, shall be guilty of a misdemeanor and shall be punished by a fine of not more than one hundred dollars, and whoever after final conviction for such violation unlawfully displays such outdoor advertising device for twenty days shall be punished by a fine of not more than five hundred dollars.

The Selectmen or any officer charged with the enforcement of this by-law shall cause any such violator to be prosecuted; and shall notify the state regulatory authority of Outdoor Advertising of any and all violations of lawful state regulations.

Any town officer or any interested party may petition the Superior Court in equity to enjoin the erection or maintenance of any outdoor advertising device erected or maintained in violation of any provision of this by-law, Town officials shall have the same right and power to cause the removal of any outdoor advertising device as of any structure or building maintained in violation of a by-law.

Section 9. If any provisions of this by-law is declared unconstitutional or illegal by any Court, the validity of the remaining provisions shall not be affected thereby.

Section 10. All regulations for outdoor advertising devices here-to-fore adopted by the Town and in force at the time of the adoption of the foregoing sections are hereby repealed.

Voted: That the foregoing By-law for Regulation of Advertising Signs and Billboards be and is hereby adopted and that two copies of the same be forwarded to the Attorney-General.

March 30. Article 20. To see if the Town will vote to authorize the Selectmen to remove the old Town Hall Building, or take any action relating thereto.

Voted: That the Selectmen be and are hereby authorized to remove the old Town Hall Building at such time as they deem it advisable.

March 30. Article 21. To see if the Town will vote to appropriate and authorize the Treasurer, with the approval of the Selectmen, to borrow under the authority and in accordance with the provisions of Chapter 188 of the Acts of 1935, as amended, such sum as may be necessary for the purpose of paying the Town's share of W. P. A. projects, or to take any action relative thereto.

(Action taken in conjunction with Article 4.)
Voted: That Twenty-five thousand dollars ($25,000.00) be and is hereby appropriated for materials only in connection with W.P.A. activities, or its successors.

March 30. Article 22. To hear the report of the Selectmen relative to the laying out of the following named street, to wit:

Bailey Avenue, from Mount Auburn Street to dead end; under the provisions of Chapters 82 and 80 of the General Laws, as amended, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street, as and for a public way, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, or otherwise acquire, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or land damages therefor; and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

(Considered in conjunction with Article 4)
Indefinitely postponed.

March 23. Article 23. To see if the Town will vote to accept Chapter 31 of the General Laws known as Civil Service Laws, or take any action relating thereto.

(Request of Watertown Town Employees' Union, Local No. 807.)
Indefinitely postponed.

WM. P. McGUIRE.
Town Clerk.

WARRANT FOR PARTY PRIMARY

The Commonwealth of Massachusetts. Middlesex, ss.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this Third day of April, A. D. 1936.

CHARLES F. SHAW,

NORMAN D. MacKAY,

JAMES H. SHERIDAN,

Selectmen of Watertown.

Officer's Return on Warrant

April 3, 1936

As required by the foregoing Warrant, I have notified and warned the legal voters of the Town of Watertown, to meet at the time and places herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

JOSEPH W. REGAN, Constable of Watertown.

Attest: WM. P. MAGUIRE, Town Clerk.
The Polls were opened at 2 P. M. and voting continued until 8 P. M. at which time the polls were closed.

The following Election Officers were present.

Precincts 4 and 6—Warden, Wm. M. Emerson; Clerk, John B. Watson; Inspectors, Lavinia Jensen, Madelien E. Van Dyke, Rosalie J. Whelan, S. Alice Youngman, Lester A. Murphy, Harold W. Duvall, Waldo P. Emerson, Hugh A. McBreen, Frances P. Stone, Thomas A. McNiff, Mary G. Luther, Ruth C. Emerson.

Precincts 9 and 10—Warden, Francis McCarthy; Clerk, Ellen B. Lougee; Inspectors, Eva M. Eagleson, Florence Haddie, Joseph M. Lally, Mary D. McElligott, Eleanor Mosman, Gerard Riley.

### Republican Ballot

Returns of this Pre-Primary Election were made to the Secretary of the Commonwealth as required by law of the votes cast in Watertown for the Offices of Delegates, Alternate Delegates, District Delegates, Alternate District Delegates, Presidential Preferences, State Committees and Delegates to State Committees.

WM. P. McGuire, Town Clerk.

Warrant for State Primary, September 15, 1936

Commonwealth of Massachusetts     Middlesex, ss.
To any Constable in the Town of Watertown, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Watertown, who are qualified to vote in primaries, to meet in their respective voting places in said Town:

PRECINCT 1—Coolidge School, Arlington Street
PRECINCT 2—Hosmer School, Winthrop Street
PRECINCT 3—East End Fire Station, Mount Auburn Street
PRECINCT 4—Senior High School, Columbia Street
on Tuesday, the fifteenth day of September, 1936, at 12 Noon for the following purposes:

To bring in their votes to the primary officers for the nomination of candidates of political parties for the following offices:

Governor, Lieutenant Governor, Secretary of the Commonwealth, Treasurer and Receiver-General, Auditor of the Commonwealth, Attorney General, Senator in Congress, Representative in Congress for the Ninth Congressional District, Councillor for Third Councillor District, Senator for Fifth Senatorial District, Three Representatives in General Court for Seventh Representative District, Register of Probate and Insolvency for Middlesex County, Two County Commissioners for Middlesex County, County Treasurer for Middlesex County, Clerk of the Courts for Middlesex County (to fill vacancy).

The polls will be open from Twelve (12) Noon to Eight (8.00) P.M.

And you will notify and warn the legal voters of Watertown to meet at the time and the places herein specified, by leaving at every inhabited house in Town, a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, in the office of the Town Clerk on or before the time of said meeting.

Given under our hands this Twenty-first day of August, A.D. 1936.

CHARLES F. SHAW,
NORMAN D. MacKAY,
JAMES H. SHERIDAN.
Selectmen of Watertown.

Officer's Return on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and at the places herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

JOSEPH W. REGAN,
Constable of Watertown.

Attest: GEORGE B. WELLMAN, Temporary Town Clerk.
Record of State Primary, September 15, 1936.

The polls were opened at 12:00 o'clock noon, and voting continued until 8:00 o'clock P.M., at which time the polls were closed.

The following election officers were present:

The recount showed that 51 ballots were included in Block 3, Precinct 8.

This fact was noted and recorded, the original vote for this Block thus being increased by one.
Warrant for Town Meeting, Wednesday Evening, September 16, 1936

Commonwealth of Massachusetts

To any Constable in the Town of Watertown, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Watertown to meet in the Senior High School Building, Columbia Street, in said Town, on Wednesday evening, the sixteenth day of September, 1936, at 7.30 P.M. to act on the following articles, viz.:

Article 1. To hear the report of any Committee heretofore appointed, and act thereon.

Article 2. To see if the Town will vote to authorize and empower the present Phillips School Committee for and in behalf of the Town to purchase furniture and equipment for the New Phillips School and pay the expense of installing the same and to use for that purpose money already appropriated for the construction of such school building, to be expended under the direction of said Committee and authorize and direct the Selectmen to accept on behalf of the Town, for use in carrying out such project, a Federal Grant of money pursuant to the Public Works Administration Act, or take any action relating thereto.

Article 3. To see if the Town will vote to appropriate, and provide by transfer or otherwise, the sum of eight thousand dollars ($8,000.) to purchase furniture and equipment for the New Police Station and pay the expense of installing the same, and pay the cost and expense of transferring the Police Signal System to the New Police Station and installing the same therein, direct how the money shall be raised, or take any action relating thereto.

Article 4. To see if the Town will vote to appropriate and authorize the Treasurer, with the approval of the Selectmen, to borrow under the authority of and in accordance with the provisions of Chapter 80 of the acts of 1936, the sum of fifty thousand dollars ($50,000,) for the purpose of paying for materials or other expenses in connection with the Works Progress Administration projects, or its successors thereto, or take any action relating thereto.
Article 5. To see if the Town will vote to appropriate, and provide by transfer or otherwise, the sum of one hundred dollars ($100.) to pay the cost of a survey of the Central Fire Station and Old Police Station, to ascertain the cost of repairs and remodelling the same, or take any action relating thereto.

Article 6. To see if the Town will vote to appropriate, and provide by transfer or otherwise, the sum of five hundred dollars ($500.) for effecting liens on real estate for unpaid bills due the Town for water heretofore or hereafter supplied by the Water Department, or take any action relating thereto.

Article 7. To see if the Town will vote to appropriate, and provide by transfer or otherwise, the sum of ten thousand dollars ($10,000.) to reimburse the Highway Department for expenses incurred in connection with the Works Progress Administration Projects, or take any action relating thereto.

Article 8. To see if the Town will authorize the Selectmen to purchase or take by right of eminent domain, the tract of land containing approximately 180,557 square feet of land, more or less, located on Arlington Street, for Playground purposes, bounded as follows:

Northerly by land now or formerly of Susan F. Brown, et al. and land now or formerly of Wilfred A. Norris, 453.77 square feet; Easterly by land now or formerly of Herbert Coolidge, et al. 363.17 square feet; Southerly by land now or formerly of Thomas O'Connell, and land now or formerly of Lillian P. Ellis, 409 square feet; Westerly by Arlington Street, 475 square feet. Being shown on plan of land in Watertown by Aspinwall and Lincoln, Civil Engineers, dated November 7, 1929, appropriate a sum of money not in excess of assessed valuation to pay the cost of the same, direct how the money shall be raised, or take any action relating thereto. (Request of Michael Spergiuro and others.)

And you will notify and warn the legal voters of the Town of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, into the office of the Town Clerk on or before the time of said meeting.

Given under our hands this 31st day of August, A. D. 1936.

CHARLES F. SHAW,
NORMAN D. MacKAY,
JAMES H. SHERIDAN,
Selectmen of Watertown.
Officers' Returns on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

JOSEPH W. REGAN,
Constable of Watertown.

Attest: GEORGE B. WELLMAN,
Temporary Town Clerk.

Notices were mailed to the Town Meeting Members at least seven days prior to the Town Meeting of the proposed business to be considered at the meeting.

GEORGE B. WELLMAN,
Temporary Town Clerk.

Record of Town Meeting, Wednesday Evening, September 16, 1936

Meeting was called to order at 8.00 P. M. by Moderator Edward P. Furber. Officers' returns on warrant were read by Temporary Town Clerk, George B. Wellman.

The counters reported there were 116 Town Meeting Members present; number necessary for a quorum: 93.

Article 1. To hear the report of any Committee heretofore appointed, and act thereon.

Judge P. Sarsfield Cunniff, Chairman of Committee on Resolutions in memory of the late Town Clerk, Wm. P. McGuire, presented the following Resolutions:

(Resolutions Printed on Pages 10-13)

Under Article 1.

Under motion of Charles P. Shaw, it was

Voted: That a Committee of Five be appointed by the Moderator to bring in suitable Resolutions on the late Thomas F. Vahey at the next Town Meeting.

Article 2. To see if the Town will vote to authorize and empower the present Phillips School Committee for and in behalf of the Town to purchase furniture and equipment for the New Phillips School and pay the expense of installing the same and to use for that purpose money already appropriated for the construction of such school building, to be expended under the direction of said Committee and authorize and direct the Selectmen to accept on behalf of the Town, for use in carrying out such project, a Federal Grant of money pursuant to the Public Works Administration Act, or take any action relating thereto.
The following motion was presented by Eric L. Johnson, Chairman of New Phillips School Committee:

Voted: That the present Phillips School Committee be and hereby is authorized and empowered for and in behalf of the Town to purchase furniture and equipment for the New Phillips School and to pay the expense of installing the same and for that purpose the sum of eight thousand, two hundred fifteen dollars and sixty-eight cents ($8,215.68) be and hereby is appropriated, this sum to be transferred and expended under the direction of said Committee from the balance remaining of money already appropriated for the construction of such school building and voted to be expended under the direction of said Committee.

The Selectmen are hereby authorized to file an application with the Federal Government for a grant of money under the Public Works Administration, or its successors thereto, for the above purpose and also they are hereby authorized and directed to accept such grant subject to applicable Federal regulations.

All money received from the Federal Government on account of this project shall be applied to meet the cost of said project, thereby reducing the cost of the same to the Town, or, in case the amount of the loan authorized for the construction of such school building by vote of the Town Meeting held Monday, September 16, 1935 is in excess of the town's share of the cost of such construction and the purchase of said furniture and equipment and the expense of installing the same, it shall be applied to the loan therein authorized to the extent of such excess.

The vote of said Town Meeting appropriating money for the construction of such school building is hereby, insofar as that is possible and necessary, amended to include the above purpose as one for which the money therein appropriated may be expended.

Article 3. To see if the Town will vote to appropriate, and provide by transfer or otherwise, the sum of eight thousand dollars ($8,000) to purchase furniture and equipment for the New Police Station and pay the expense of installing the same, and pay the cost and expense of transferring the Police Signal System to the New Police Station and installing the same therein, direct how the money shall be raised, or take any action relating thereto.

Voted: On recommendation of the Committee on Police Station, this article be postponed to the next Town Meeting.

Article 4. To see if the Town will vote to appropriate and authorize the Treasurer, with the approval of the Selectmen, to borrow under the authority of and in accordance with the provisions of Chapter 80 of the Acts of 1936, the sum of fifty thousand dollars ($50,000) for the purpose of paying for materials or other expenses in connection with the Works Progress Administration projects, or its successors thereto, or take any action relating thereto.
Article 7. To see if the Town will vote to appropriate, and provide by transfer or otherwise, the sum of ten thousand dollars ($10,000.) to reimburse the Highway Department for expenses incurred in connection with the Works Progress Administration Projects, or take any action relating thereto.

On motion of Charles F. Shaw, it was Voted: That Articles 4 and 7 be considered together.

Under Article 4.—76 in favor, 18 opposed.

Voted: That the sum of fifty thousand dollars ($50,000.) be and is hereby appropriated for the purpose of paying for materials or other expenses of projects for Works Progress Administration, or its successors thereto, and that the Treasurer, with the approval of the Selectmen and the Emergency Finance Board established under Section One of Chapter 49 of the Acts of 1933, as amended, be and is hereby authorized to borrow under the authority of and in accordance with the provisions of Chapter 80 of the Acts of 1936, the sum of fifty thousand dollars ($50,000.), and to issue the bonds or notes of the Town therefor, said bonds or notes to be paid in not more than five (5) years, or in such time as may be directed by said Emergency Finance Board, and that said sum be expended under the direction of the Selectmen.

Under Article 7.

Voted: That the sum of ten thousand dollars ($10,000.) be and hereby is appropriated to reimburse the Highway Maintenance Account for expenses incurred in connection with the Works Progress Administration Projects during the year 1936, this sum to be transferred from the twenty-five thousand dollars ($25,000.) fund appropriated for materials only in connection with activities under the W.P.A., or its successors, and assessed on the polls and estates for the year 1936.

Article 5. To see if the Town will vote to appropriate and provide by transfer or otherwise, the sum of one hundred dollars ($100.) to pay the cost of a survey of the Central Fire Station and Old Police Station, to ascertain the cost of repairs and remodelling the same, or take any action relating thereto.

Article 6. To see if the Town will vote to appropriate, and provide by transfer or otherwise, the sum of five hundred dollars ($500.) for effecting liens on real estate for unpaid bills due the Town for water heretofore or hereafter supplied by the Water Department, or take any action relating thereto.

Article 8. To see if the Town will authorize the Selectmen to purchase or take by right of eminent domain, the tract of land containing approximately 180,557 square feet of land, more or less, located on Arlington Street, for Playground purposes, bounded as follows:

Northerly by land now or formerly of Susan F. Brown, et al. and land now or formerly of Wilfred A. Norris, 433.77 square feet; Easterly
by land now or formerly of Herbert Coolidge, et al. 363.17 square feet; Southerly by land now or formerly of Thomas O'Connell, and land now or formerly of Lillian P. Ellis, 409 square feet; Westerly by Arlington Street, 475 square feet. Being shown on plan of land in Watertown by Aspinwall and Lincoln, Civil Engineers, dated November 7, 1929, appropriate a sum of money not in excess of assessed valuation to pay the cost of the same, direct how the money shall be raised, or take any action relating thereto. (Request of Michael Sperguirio and others.)

Under Articles 5, 6 and 8:

Lack of a quorum in attendance at the meeting was brought to the attention of Moderator Furber. Adjournment then took place, with no action taken on Articles 5, 6 and 8.

Committee on Resolutions on the Late Thomas F. Vahey, appointed by Moderator Edward P. Furber on November 23, 1936, under authority of vote passed under Article 1 of the Town Meeting held on September 16, 1936.

JOHN A. COLLINS, 43 Paul Street
CLIFFORD S. LOVELL, 176 Church Street
C. FRANCIS J. HARRINGTON, 9-B Fairview Avenue
CHARLES F. SHAW, 62 Langdon Avenue
EDWARD D. HOLLAND, 16 Stearns Road

GEORGE B. WELLMAN.
Temporary Town Clerk.

Warrant for State Election
Tuesday, November 3, 1936

Commonwealth of Massachusetts. Middlesex, ss.
To any Constable in the Town of Watertown, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Watertown, to meet in their respective voting places in said Town:

PRECINCT 1—Coolidge School, Arlington Street
PRECINCT 2—Hosmer School, Winthrop Street
PRECINCT 3—East End Fire Station, Mt. Auburn Street
PRECINCT 4—Senior High School, Columbia Street
PRECINCT 5—Central Fire Station, Main Street
PRECINCT 6—James Russell Lowell School, Lowell Avenue
PRECINCT 7—Administration Building, Main Street
PRECINCT 8—Central Fire Station, Main Street
PRECINCT 9—West Junior High School, Waverley Avenue
PRECINCT 10—Browne School, Main Street

on Tuesday, the third day of November, 1936, at 6 o'clock in the morning for the purpose of giving in their votes for the following United States, State, District and County Officers, viz.:
RECORD OF TOWN MEETINGS

Presidential Electors; Governor, Lieutenant Governor, Secretary, Treasurer, Auditor, Attorney General; Senator in Congress, Representative in Congress; Councillor, Senator; three (3) Representatives in General Court; Register of Probate and Insolvency, Middlesex County; Two (2) County Commissioners, Middlesex County; County Treasurer, Middlesex County; Clerk of Courts, Middlesex County (to fill vacancy).

Also for giving in their votes on the following questions:

To obtain a full expression of opinion, voters should vote on all three of the following questions:

(a) If a voter desires to permit the sale in this town of any and all alcoholic beverages to be drunk on and off the premises where sold, he will vote “YES” on all three questions.

(b) If he desires to permit the sale herein of wines and malt beverages only to be drunk on and off the premises where sold, he will vote “NO” on question one, “YES” on question two and “NO” on question three.

(c) If he desires to permit the sale herein, of all alcoholic beverages but only in packages so-called, not to be drunk on the premises where sold, he will vote “NO” on questions one and two and “YES” on question three.

(d) If he desires to permit the sale herein of wines and malt beverages to be drunk on and off the premises where sold and in addition other alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote “NO” on question one and “YES” on questions two and three.

(e) If he desires to prohibit the sale herein of any and all alcoholic beverages whether to be drunk on or off the premises where sold, he will vote “NO” on all these questions.

1. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

- YES
- NO

2. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

- YES
- NO

3. Shall licenses be granted in this town for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

- YES
- NO

"Shall sections twenty-six to thirty-one H, inclusive, of chapter thirty-two of the General Laws, inserted therein by section one of an act of the general court passed in the current year entitled ‘An Act providing for Contributory Retirement Systems for Cities and Towns that may be accepted by Them, and making Certain Other Changes
QUESTION OF PUBLIC POLICY UNDER GENERAL LAWS
(Tercentenary Edition)
Chapter 53, Section 19

"Shall the Representatives in the General Court from this district be instructed to vote in favor of amending the State constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding $25.00 for each one thousand dollars of assessed valuation?"

The vote on these questions will be "YES" or "NO".

The POLLS WILL OPEN AT 6:00 A. M. AND WILL CLOSE AT 8:00 P. M.

And you will notify and warn the legal voters of the Town of Watertown to meet at the time and at the places herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon into the office of the Town Clerk on or before the time of said meeting.

Given under our hands this thirteenth day of October, A. D. 1936.

CHARLES F. SHAW,
NORMAN D. MacKAY,
JAMES H. SHERIDAN,
Selectmen of Watertown.

Officer's Return on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the times and at the places herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

JOSEPH W. REGAN,
Constable of Watertown.

Attest: GEORGE B. WELLMAN, Temporary Town Clerk.

QUESTIONS

To obtain a full expression of opinion, voters should vote on all three of the following questions:

(a) If a voter desires to permit the sale in this city (or town) of any and all alcoholic beverages to be drunk on and off the premises where sold, he will vote "YES" on all three questions.

(b) If he desires to permit the sale herein of wines and malt beverages only to be drunk on and off the premises where sold, he will vote "NO" on question one, "YES" on question two and "NO" on question three.
(c) If he desires to permit the sale herein of all alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "NO" on questions one and two and "YES" on question three.

(d) If he desires to permit the sale herein of wines and malt beverages to be drunk on and off the premises where sold and in addition other alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "NO" on question one and "YES" on questions two and three.

(e) If he desires to prohibit the sale herein of any and all alcoholic beverages to be drunk on or off the premises where sold, he will vote "NO" on all three questions.

1. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

The Selectmen made return to the Secretary of the Commonwealth as required by law of the foregoing result of votes cast in Watertown.

Anthony Julian, Thomas J. Flannery and Leo P. Landry were declared elected Representatives in General Court, Seventh Middlesex District, and notices of their election were delivered to them by the City Clerk of Waltham (to Thomas J. Flannery) and the Town Clerk of Watertown, and forwarded to the Secretary of the Commonwealth.

GEORGE B. WELLMAN,
Temporary Town Clerk.

Record of Recount Held on Saturday,
November 14, 1936
Administration Building, Watertown
State and Presidential Election, Nov. 3, 1936

On November 4 and 5, 1936, petitions were received by the Board of Registrars for recount of votes cast for Representatives in General Court. The recount, held on November 14, 1936, resulted as follows:

REPRESENTATIVES IN GENERAL COURT—

The Registrars of Voters made an amended return to the Secretary of the Commonwealth as required by law of the result of recount of votes cast in Watertown for Lieutenant Governor.

Recount showed 51 ballots cast in one block in Precinct 1, and two less ballots cast in Precinct 6.

GEORGE B. WELLMAN,
Temporary Town Clerk.

Resignation of Collector of Taxes

The resignation of Collector of Taxes, Frederick J. Colby, was received and accepted by the Board of Selectmen on November 13, 1936.

Warrant for Town Meeting, Monday Evening, December 7, 1936

Commonwealth of Massachusetts. Middlesex, ss.

To any Constable in the Town of Watertown, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Watertown to meet in the Senior High School Building, Columbia Street, in said Town, on Monday evening, the seventh day of December, 1936, at 7.30 P.M., to act on the following articles, viz.:
Article 1. To hear the report of any Committee heretofore appointed, and act thereon.

Article 2. To see if the Town will vote to appropriate, and provide by transfer or otherwise, the necessary sums of money for the use of the various Town departments for the balance of the current year, or take any action relating thereto.

Article 3. To see if the Town will vote to appropriate, and provide by transfer or otherwise, the sum of eight thousand dollars ($8,000) to purchase furniture and equipment for the New Police Station and pay the expense of installing the same, and pay the cost and expense of transferring the Police Signal System to the New Police Station and installing the same therein, direct how the money shall be raised, or take any action relating thereto.

Article 4. To hear the report of the Planning Board relative to a petition of Harold O. Whitney, et al, for a change in the Zoning By-law affecting a certain parcel of land on Main Street, Watertown, Massachusetts, which change, if voted, would change the land in question from 3-C (residential) to 2-B (store purposes). (Request of the Planning Board.)

Article 5. To hear the report of the Planning Board on the petition of the Rohmer Wool Scouring Company of Newton for a change in the Zoning By-Law, affecting a certain parcel of land on California Street, which change, if voted, would change the land in question from 3-C (residential) to 1-A (business purposes). (Request of the Planning Board.)

Article 6. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1937 in anticipation of the revenue of the financial year beginning January 1, 1937, or take any action relating thereto.

Article 7. To see if the Town will authorize the Selectmen to convey by deed to Megardich Shamgoshian, 1585 square feet of land as shown on a Plan, showing "A proposed change in Street Line of Templeton Parkway", dated April 14, 1936, by Town Engineer; being a part of the land formerly taken from Lot No. 33, Sec. 11, Block 51, Plan 5-A, by Eminent Domain, or take any action relating thereto. (Request of Dexter S. Cohen and others.)

Article 8. To see if the Town will authorize the Selectmen to convey by deed to the Andover Savings Bank, 55 square feet of land as shown on a plan showing "A proposed change in street line of Templeton Parkway", dated April 14, 1936, by Town Engineer; being a parcel of land adjoining Lot 5B, Section 11, Block 51, or take any action relating thereto.

Article 9. To see if the Town will authorize the Selectmen to convey by deed to the Belmont Street Baptist Church, 1880 square feet of land as shown on a plan showing "A proposed change in street line of Templeton Parkway", dated April 14, 1936, by the Town Engineer; being
a parcel of land adjoining Lots A, B, and C, Section 11, Block 44, or take any action relating thereto.

Article 10. To see if the Town will vote to appropriate and provide by transfer or otherwise, Six Hundred and Twenty-nine Dollars and Thirty-two cents ($629.32) to pay architects' fees and advertising incidental to the purchase of furniture and equipment for the New Phillips School, said sum to be expended under the direction of the present Phillips School Committee, or take any action relating thereto. (Request of New Phillips School Committee.)

And you will notify and warn the legal voters of the Town of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, into the office of the Town Clerk on or before the time of said meeting.

Given under our hands this 23rd day of November, A.D. 1936.

CHARLES F. SHAW,
NORMAN D. MacKAY,
JAMES H. SHERIDAN.
Selectmen of Watertown.

Officers' Returns on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

JOSEPH W. REGAN,
Constable of Watertown.

Attest: GEORGE B. WELLMAN, Temporary Town Clerk.

Notices were mailed to the Town Meeting Members at least seven days prior to the Town Meeting of the proposed business to be considered at the meeting.

GEORGE B. WELLMAN,
Temporary Town Clerk.

Record of Town Meeting, Monday Evening, December 7, 1936

Meeting was called to order at 8.30 P.M. by Moderator Edward P. Furber. Officers' returns on warrant were read by Town Clerk, George B. Wellman. There was a quorum in attendance.

Article 1. To hear the report of any Committee heretofore appointed, and act thereon.

Charles P. J. Harrington, Chairman of the Committee on Resolutions on the late Thomas F. Vahey, presented the following Resolutions:
IN MEMORIAM

THOMAS F. VAHEY

1875-1936

On September 2, 1936, our Divine Lord called to his eternal reward, our respected and well beloved fellow-citizen, Mr. Thomas F. Vahey.

Born in Watertown, October 27, 1875, his entire life was passed in our midst. His more than sixty years of residence coincided with the greatest development of our Town. He saw it grow from a small place of about four thousand souls to our present grand community of nearly forty thousand people. It may be easily understood, therefore, that there was deeply rooted on his great heart a love and regard for the "Old Town" that yielded to no one in its sincerity and in its pride.

As a boy he received his education in the grammar and high schools of Watertown. As a young man he attended Boston College and there devoted himself to a fondness for athletics which resulted in making him a valued member of the College football team. Later, he received his degree of Bachelor of Law from Boston University.

Long before he was old enough to participate in its deliberations he was an attentive observer at Town Meeting. With the knowledge of local government thus obtained, combined with a great natural ability and a keen, orderly mind, he was especially well fitted to help in the solution of every problem he was called upon to meet in the administrative offices he held, and in the debates on the floor of this meeting in which he took a conspicuous part.

He was elected to public office early in his business life, and he served with honor as Selectman, member of the Board of Health, Clerk to the Selectmen, and on Building, Street Widening and kindred committees. He was an elected member of this Town Meeting since the adoption of the Limited Town Meeting Form of Government, and he was ever active and zealous in all movements which had for their purpose the betterment of the Town and the well being of its people.

His early boyhood education instilled in him a love for the public schools of his native Town that was reflected in the deep interest he took in the welfare of the schools and teachers. On the floor of Town Meeting he was their frequent defender and champion, and parents, teachers and pupils are indebted to him for his well directed and earnest efforts in their behalf.

He was an earnest student, a lover of good books and he had great fluency and graciousness of speech and pen which were ever quick to respond to any worthy appeal.

Always an interesting, forceful and effective speaker, he was at his best when pleading the cause of the humble, the unfortunate, the weak. Often he might have chosen to align himself with those who possessed more of the elegance and substance of the world, but he found greater happiness in expending his rich talents in the cause of those less privileged.
He fought manfully and untiringly for what he believed to be right but whether the fight was lost or won he never lost his good nature nor harbored resentment. There was no room for malice or ill-will in his great heart.

On the lighter side he was the spirit of camaraderie and good fellowship. Gifted with a winning personality, a rich vein of healthy humor and anecdote upon which he could draw a moment’s notice to charm, enlighten and entertain, he was the life of every party, and it endeared him to a wide circle of friends.

He was good company. He was a good friend, sympathetic when in need, jovial when humor would help, sincere and helpful in adversity.

All who knew him loved him. Those who knew him best loved him most.

The Town has lost a public-spirited and faithful citizen and friend. To his bereaved family we offer our deepest sympathy.

Resolved: That this appreciation of the work and worth of our late associate be spread upon the records of this Town Meeting, and that a copy be presented to his family.

C. FRANCIS J. HARRINGTON, Chairman
JOHN A. COLLINS,
CHARLES F. SHAW,
EDWARD D. HOLLAND,
CLIFFORD S. LOVELL,
Committee on Resolutions.

Article 2. To see if the Town will vote to appropriate, and provide by transfer or otherwise, the necessary sums of money for the use of the various Town departments for the balance of the current year, or take any action relating thereto.

With the approval of the Finance Committee, it was Voted: That the following sums be and are hereby transferred for the use of the various Town Departments for the balance of the current year, as indicated in the following Schedule:

Article 3. To see if the Town will vote to appropriate, and provide by transfer or otherwise, the sum of eight thousand dollars ($8,000.00) to purchase furniture and equipment for the New Police Station and pay the expense of installing the same, and pay the cost and expense of transferring the Police Signal System to the New Police Station and installing the same therein, direct how the money shall be raised, or take any action relating thereto.

Under Article 3.

Voted: That the Town appropriate the sum of Fifty-seven Hundred Dollars ($5700.00) for the purpose of purchasing furniture and equipment for the New Police Station and to pay for the expense of installing the same, and to pay the cost and expense of transferring the Police Signal System to the New Police Station and installing the same therein, Eleven Hundred Dollars ($1100.00) of this sum to be transferred from Water, Palfrey Street; Five Hundred Dollars ($500.00) from Water, Langdon Avenue; and the balance, Forty-one Hundred Dollars ($4100.00) to be transferred from the Overlay Reserve Fund.

Article 4. To hear the report of the Planning Board relative to a petition of Harold O. Whitney, et al, for a change in the Zoning By-law affecting a certain parcel of land on Main Street, Watertown, Massachusetts, which change, if voted, would change the land in question from 3-C (residential) to 2-B (store purposes). (Request of the Planning Board.)

Chairman Ernest M. Small submitted the following report of the Planning Board.
To the Honorable Town Meeting:

The Planning Board hereby submits its report on the petition of Harold O. Whitney, et al., for an amendment to the Zoning By-law.

The area to be considered is that shown on the Engineer's Plan of the Town of Watertown, as Section 3, Block 38, Assessors' Lot No. 1, containing 137,350 square feet of land. The amendment or amendments would, if adopted, change the provisions of the Zoning By-law applicable to the above-mentioned area from District 3-C (residential) to District 2-B (store purposes), with the exception of a strip of land running the entire width of the lot on Main Street, and extending back 100 feet from said Main Street, which is already zoned under District 2-B (store purposes), in accordance with Section 5, Article 4 of the Zoning By-law of the Town of Watertown.

A public hearing was held by the Planning Board on this petition on March 6, 1936. The Petitioner appeared and stated his only reason for the petition was his desire to remodel his barn for a tea-room as an accessory to his antique furniture business. A re-hearing on this petition was held November 8, 1936, at which said petitioner did not appear. After due consideration, the Planning Board recommends "no change" on this petition.

Reasons for this recommendation are as follows:

1. The Zoning By-law should not be amended because a single individual desires an amendment, except it can be shown that public welfare would be best served by the change.

2. To amend the Zoning By-law as requested would be to establish a precedent which would act to nullify the law.

3. It would be unwise to change the Zoning restrictions on about three acres of land which could easily develop into an objectionable business use, such as: an open air market, building wrecking establishment, railroad siding and oil supply depot, etc.

4. That to provide a store district at this point would create a traffic hazard.

5. A store district at this point is not desirable from an economic point of view.

6. The commercialization of this area would cause a depreciation in real estate values in the neighborhood.

7. The beauty of Saltonstall Park would be affected by the change.

8. The petitioner is in no way committed to retain ownership of the property, and if the change is permitted any use now permitted in a 2-B store district and other less conforming uses, could be maintained there.

Respectfully submitted,

WATERTOWN PLANNING BOARD

John H. Dardis, Secretary. Ernest M. Small, Chairman.
Report of the Planning Board recommending "no change" was unanimously adopted.

Article 5. To hear the report of the Planning Board on the petition of the Rohmer Wool Scouring Company of Newton for a change in the Zoning By-law, affecting a certain parcel of land on California Street, which change, if voted, would change the land in question from 3-C (residential) to 1-A (business purposes). (Request of the Planning Board.)

Chairman Ernest M. Small submitted the following report of the Planning Board.

REPORT OF THE PLANNING BOARD ON THE PETITION OF ROHMER WOOL SCOURING AND CARBONIZING COMPANY OF NEWTON, MASS.

December 7, 1936.

To the Honorable Town Meeting:

The Planning Board hereby submits its report on the petition of the Rohmer Wool Scouring and Carbonizing Company of Newton, Mass., for an amendment or amendments to the Zoning By-law of the Town of Watertown affecting two lots of land on California Street.

The amendment or amendments if granted, would change the Zoning restriction applicable to said lots from 3-C residential to 1-A business district.

The land in question is that land known as lots 1 and 4 of Section 1, Block 25 containing 6,740 square feet and 2,660 square feet respectively, extending from California Street to the Metropolitan Park Reservation. A public hearing on this petition was held on October 6, 1936.

Eight owners of real estate in the immediate vicinity of the proposed change appeared as opposed to the erection of new buildings similar to those now in use by the petitioner, and to the processing and storing of material which causes disagreeable odor at times. A letter from the Newton Savings Bank in opposition was read. The petitioner did not appear.

The Planning Board after consideration of the petition recommends "no change".

Reasons for this recommendation:

1. The Zoning By-law should not be amended to less conforming use to accommodate any business or individual unless it can be shown that public welfare would be best served by the change.

2. There would be a serious depreciation in real estate values in the neighborhood of the proposed change.

3. The proposed change would add practically no tax income to the Town of Watertown.

4. To grant this petition would be to establish an unwise precedent.
5. The business of wool scouring is a nuisance industry, and as such is undesirable, and prohibited in the Zoning By-law.

6. The Board is of the opinion that if this amendment is granted, the business of wool scouring and storage would be in the future extended to include the corner of California and Watertown Streets.

Respectfully submitted,

WATERTOWN PLANNING BOARD,

John H. Dardis, Secretary.  Ernest M. Small, Chairman.

Unanimously Voted: That the report of the Planning Board recommending "no change" be adopted.

Article 6. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1937, in anticipation of the revenue of the financial year beginning January 1, 1937, or take any action relating thereto.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and is hereby authorized to borrow money on and after January 1, 1937, in anticipation of the revenue of the financial year beginning January 1, 1937, and to issue the note or notes of the Town therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1937.

Articles 7, 8 and 9 were acted upon as a group.

Article 7. To see if the Town will authorize the Selectmen to convey by deed to Megardich Shamgoshian, 1585 square feet of land as shown on a Plan, showing "A proposed change in Street Line of Templeton Parkway", dated April 14, 1936, by Town Engineer; being a part of the land formerly taken from Lot No. 33, Sec. 11, Block 51, Plan 5-A, by Eminent Domain, or take any action relating thereto. (Request of Dexter S. Cohen and others.)

Article 8. To see if the Town will authorize the Selectmen to convey by deed to the Andover Savings Bank, 55 square feet of land as shown on a plan showing "A proposed change in Street Line of Templeton Parkway", dated April 14, 1936, by the Town Engineer; being a parcel of land adjoining Lot 5-B, Section 11, Block 51, or take any action relating thereto.

Article 9. To see if the Town will authorize the Selectmen to convey by deed to the Belmont Street Baptist Church, 1880 square feet of land as shown on a plan showing "A proposed change in street line of Templeton Parkway", dated April 14, 1936, by the Town Engineer; being a parcel of land adjoining Lots A, B, and C, Section 11, Block 44, or take any action relating thereto.

Voted: To postpone Articles 7, 8 and 9 until the next Town Meeting.

Article 10. To see if the Town will vote to appropriate and provide by transfer or otherwise, Six Hundred and Twenty-nine Dollars...
and Thirty-two cents ($629.32) to pay architects' fees and advertising incident to the purchase of furniture and equipment for the New Phillips School, said sum to be expended under the direction of the present New Phillips School Committee, or take any action relating thereto. (Request of New Phillips School Committee.)

Voted: To appropriate the sum of Six Hundred and Twenty-nine Dollars and Thirty-two cents ($629.32) to pay architects' fees and advertising incident to the purchase of furniture and equipment for the New Phillips School, to be provided by transfer from the funds of the New Phillips School Committee, and to be expended under the direction of said Committee.

GEORGE B. WELLMAN,  
Temporary Town Clerk.

SELECTMEN'S REPORT

The past year, like each since the beginning of the depression, has presented to the Board of Selectmen and to all Administrative Boards of the Town, the difficult and perplexing annual problem of normal and efficient operation within the limits of progressively reduced annual appropriations.

That such operation has been successfully maintained thus far with a minimum curtailment of necessary and essential services shows a commendable spirit of effort and co-operation by Department heads and employees alike, in carrying out those policies of economy recommended by successive Finance Committees and adopted by the responsible appropriating body, the Town Meeting.

Throughout this difficult period it has been both natural and necessary for the measure of all local expenditures to have the closest scrutiny, with resulting curtailment.

It has now become a question of moment just how much further this policy of curtailment can be pursued in respect to the ordinary current operation of the Town without direct and serious reduction in the scope and efficiency of its many services.

In the determination of this important question by those bodies responsible for final decision, whether recommenda-
tory or legislative, it must not be forgotten that a municipal organization is and must continue to be a going concern. On one hand are the large capital investments made in past years by its citizens for their safety, protection, education, health and convenience. These should be maintained and in common prudence ought not to be allowed to deteriorate. On the other hand new capital investments, which after careful scrutiny promise immediate or eventual economy, may become of equal importance in the field of efficient operation.

Thus the balancing of a sound financial policy in respect to these things with the financial resources of the community is the real problem of municipal finance which continues to confront us.

Its answer calls for clear thinking, careful planning, and above all a willingness and desire of all placed in positions of responsibility, to meet those responsibilities courageously and for the welfare of the Town as a whole.

In spite of the worry and strain of these depression years the Town of Watertown may take some pride in its present financial condition, and great hope for the future.

Its credit remains good, because it has been exercised judiciously. Our "pay as you go" policy in current operation has proved to be sound as annual savings of debt principal and interest payments is one of the few remaining sources controllable in the search for tax relief.

While direct Welfare Relief expenditures continue large and are a major item in the budget, they have been met from current tax levies and not by borrowings which only transfer a burden to future years in addition to what those years must normally assume. Major capital expenditures for large public works such as Water, Drainage and Sewer are well by their peak due to the gradual saturation of our residential areas. Even the immediate school-housing problem is less than in any period within memory.

Thus with much of the expensive necessities of municipal life bought and paid for, or in the rapid process of being paid for, it is now possible to foresee an approaching time when we may turn confidently to the development of some
of the so called luxuries, long deferred by more insistent and immediate demands incident to our rapid residential and industrial growth from 1900 to 1930.

These wait only a more complete return to normal business conditions for their initiation.

For the details of expenditures and operation, the reports of Departments and the Auditor and Treasurer are comprehensive. Therefore the comments of this report in relation thereto are limited to more general statements of accomplishment or recommendations of policies to be adopted during the coming year.

**Fire Department**

The report of the Chief of the Fire Department, this year as in preceding years, calls attention to pressing needs, and certain of these cannot longer be safely postponed.

Additional motor apparatus is at once needed to replace that worn out through long years of service or by obsolescence.

As stated to the Finance Committee and to the Town Meeting a year ago we are this year presenting plans to remodel and modernize the Central Fire Station, and shall urge a sufficient appropriation for that purpose at the annual Town Meeting.

After careful study, plans and cost estimates have been prepared by a competent Architect and Engineer, the adoption of which will restore this building to safety and increase its operating space by inclusion of the former Police headquarters. The estimated cost of doing this work is not excessive considering the type and age of the present building and the relatively small amount of maintenance given it since its erection in 1906. The benefits gained by such expenditure are so apparent that it is one of the few major projects recommended for attention in the coming year.

**Police**

With occupancy of a new and commodious building by the Police Department, consideration must be given during
the coming year to the question of a more adequate force and its efficient organization to better meet the increasingly complex duties of this important Department.

While protection of the Community from crime or its commission remains a major duty, other equally important duties have developed during the past decade, chiefly that of Traffic Regulation and Control.

As a first step in that regulation the Board of Selectmen will shortly promulgate comprehensive Traffic regulations. For enforcement and for the protection of all citizens as well as the orderly regulation of motor traffic this highly specialized phase of police work properly should be directed by officers trained for and assigned to those duties.

With such eventual assignment in mind, a Lieutenant and Sergeant were detailed this Summer as students at the Traffic School sponsored by Harvard University. The results of their study and training has been extremely helpful already in the examination of our local traffic problem. We are this year recommending the establishment of a permanent traffic force within the Department.

Other organization changes to meet modern conditions of police work may also be desirable but neither these or efficient traffic regulation can possibly be achieved without an adequate personnel.

The police force of Watertown is now undermanned and has been for a number of years. A reasonable increase in the force we believe will soon justify its additional cost by affording increased protection to our residential and business areas and by a direct reduction in the local cost of automobile liabilities insurance through reduction of accidents and fatalities.

Highway Department

The reports of the Superintendent of streets and the Town Engineer give in detail the highway, sewer, drainage and associated work completed during the year.

Principal street construction included Arlington Street and Coolidge Ave.; the cost of these projects being met proportionately by the Town, State, and County under the
provisions of Chapter 90. Langdon Ave. was also resurfaced for most of its length by special appropriation of the Town and the small portion uncompleted before the cold weather will be finished early in the spring.

The principal administrative problem of the year in the Highway Department was the necessary reduction of its operating personnel to a basis which could be financed within the balance of the Highway appropriations, available, after heavy and extraordinary expenditures for snow removal and maintenance made between January 1 and March 8, 1936.

We now believe the present force of approximately 95 men, is the minimum number required for the routine operations of this Department.

In the interests of economy as well as efficient operation the Selectmen recommend the purchase this year of a Snow Loader and a Gasoline Street Roller and also a replacement of those heavy duty trucks which now require regular and expensive maintenance.

It also appears desirable to include some estimate of snow removal cost as a segregated item in the budget in order that the maintenance item may be relieved in some degree, of this annual charge against it and a larger portion be available for actual highway and department uses.

Some months ago it became advisable to cancel the Town's lease of the Garage located in the East End. The Selectmen therefore effected a lease of the Garage located on Spring Street nearly opposite the Boston and Maine Railroad property. This Garage is in good condition and centrally located for the operations of the Highway Department.

The lease as executed contains an option from the present owner allowing purchase of the property by the Town of Watertown for $35,000. if the option is exercised before December 31, 1937.

We are therefore recommending its purchase at this price as probably the cheapest solution of the Town Garage problem which has been before the Town for a number of years.
Relief Agencies

Squarely faced and looking to the future, the hopeful belief can no longer be maintained that the expansion of our various Relief agencies since 1929 is to be followed by a contraction in any way proportional to the positive and relieving influences of a new and rising business cycle.

Broadening of the requirements of old statutes and recent mandatory legislation, both State and Federal, has now placed the stamp of permanency on much hitherto considered of a temporary or emergency nature. New efforts in the field of social ameliorations also confront us.

Because the administration of these laws, both old and new, are in the first instance a local responsibility, and more important, because the large State and Federal contributions necessary for their financing are dependent upon the accurate and efficient administration of certain mandatory provisions, the Town for its financial protection must meet these provisions fully and promptly.

Additional and detailed records must be maintained and translated into regular and intricate reports to both State and Federal authorities. Careful investigation of new applicants for relief and benefits as well as regular and constant investigation of the condition of active recipients of relief and benefits are more than ever demanded.

The additional duties thus imposed cannot properly be met within the present Welfare organization. Therefore the Welfare Agent's recommendations of some increase in personnel as well as raising the compensation of present employees from a temporary basis to the standards of regular Town employees having similar responsibilities appear to be well founded.

During 1936 the Department of Soldiers Relief was made a separate department as required by Statute and its activities placed in charge of a full time agent. The results obtained by so doing have been very satisfactory in every way.

Both due to the depression and to the approach by Veterans of the World War to an age when physical disabilities
develop more rapidly, the demands for Soldiers Relief will probably increase rather than diminish.

W. P. A. activities have continued throughout the year and the wage payments made by the Government continue to relieve the Town of an unemployment relief problem which otherwise would be a tremendous financial burden. Just what the status of this form of relief will be after July 1, 1937 is now unknown, but in common with most State and local officials, we believe far better results will be obtained by returning to local administration with much more initiative and final decision in respect to this activity than has been possible under present Federal routines.

It will be necessary to continue the local W. P. A. office as long as these Federal activities are carried on. All records and the office forces connected with the W. P. A. have recently been centralized in the old Grant School Building where also three Sewing Units are now operated.

Retirement System

The Town of Watertown, by vote registered at the November 1936 election accepted the provisions of Chapter 319 of the Acts of 1936, thereby approving the establishment of a Contributory Retirement System for municipal employees. This System must be organized and financed in 1937.

The purpose of the fund to be established under the provisions of this Act is to provide for retirement annuities, ordinary disability retirement payments, accident disability payments, and death benefits. In effect it is an insurance fund administered and operated on an actuarial basis.

This fund will be set up by deductions from the salaries and wages of Town employees, by annual appropriations by the Town, and by such interest payments as investments of the fund may earn.

The Town Treasurer acts as Custodian of the fund and its management is vested by Statute in a Board consisting of the Town Auditor and two others appointed by the Selectmen; one an employee member of the System, and the other a citizen of the Town.
Of immediate effect financially during the early years of this system will be the relatively high appropriations required of the Town in order to finance it. However, over a period of years these annual appropriations by the Town are expected to diminish and disappear in proportion to an accumulation of employee contributions sufficient to meet annual disbursements and the cost of operation.

On and after July 1, 1937 any person entering the employ of the Town under the age of 55 must become members of the Retirement System. Those already in the employ of the Town must elect prior to July 1, 1937 whether or not they will join the System.

In conclusion of this report, the Board of Selectmen must express officially, and for the entire Town, whom he served faithfully for so many years, the sorrow and great loss occasioned by the death of Town Clerk William P. McGuire on May 7th, 1937.

Resolutions prepared following Mr. McGuire's death have already been engrossed by the Board of Selectmen and by the Town Meeting and are included in the records of this volume.

His services as an official of the Town were outstanding and the influence of his strong personality and sound advice in all things relating to community advancement will be sincerely missed.

CHARLES F. SHAW,
NORMAN D. MACKAY,

Selectmen of Watertown.
Gentlemen:

The following report relating to work done and money expended for the year ending December 31, 1936 is respectfully submitted.

Langdon Avenue

$8,000.00

We were not able to finish this street due to the fact that the Town was awaiting the action of the Federal Government to grant us money for a project to install water pipes, and by the time this work was completed the cold weather was upon us, and we were unable to finish the construction. It is our intention of finishing this work in the early Spring, and the street will then be in good condition, and will remain so for many years.

Arlington Street

That part of Arlington Street which lies between Mt. Auburn Street and the Belmont line was built under Chapter 90.

The entire work was under the supervision of the State Engineers. They furnished all lines and grades and did all the inspection work.

A number of catch basins were first installed. Then a heater was used to burn off the old oil, and after that the depressions were taken out by a binder course. The street was resurfaced with a Type E Bituminous concrete top. A spreader was used in laying the top.

The cost of the street was borne by the County, State and Town, and we look for excellent results from said street.

Coolidge Avenue

The section of road from Arsenal Street to the Cambridge line was a source of continual trouble and expense for a great many years. The old road surface was the roughest piece of road in Town.

This year this section was torn up and entirely rebuilt with bituminous macadam. The bottom course consists of trap rock and is four inches in thickness and bound with sand. The top course is trap rock two inches thick and bound with asphalt and pea stone. Two gallons of asphalt was used in the first application and one half gallon per square yard was used on the seal.

The drainage was taken care of by the installation of the necessary drains and catch basins.
This street was built under Chapter 90, and the cost was borne by the Town, County and State, and with a little attention we feel sure this street will give good service for many years.

The appropriation for sidewalk construction should be greatly increased, and we should not lose sight of the fact
that property owners bear one half the expense of the building of new walks on public streets, and this money goes directly into the Town Treasury.

We are now dumping all our ashes and papers in our Bemis dump. This became necessary due to the fact that available dumping places have all been filled in.

Each succeeding year finds an increasingly difficult problem in finding dumping places, and it is only a question of time when Watertown will have to follow the example of adjacent Towns and Cities which have found a way out of their difficulties by the installation of a municipal incinerator.

If the citizens of the Town were more careful to keep waste paper separate from the ashes this department would find it easier to keep the dumping places in a more sightly condition, and consequently avoid complaints from those living nearby.

**REPORT OF BOARD OF WELFARE AGENT**

**Outside Aid Department**

The unquestioned improvement in business conditions during the past one and one-half years has made no appreciable decrease in the number of persons who are compelled to come to this department for assistance. There are several reasons for this condition. The most obvious is the lessened amount and intermittent nature of Federal Relief. Another factor is the continued depletion of the private resources of those who, during the depression have been unable to obtain regular employment. We still have new cases who have, within the past year, reached the bottom of their savings. Another thing which we must remember is that business and industry in general has not reached the point where it can employ as many as it did in 1928 and 29.

The heaviest Town Welfare load came in 1932 with an expenditure of **$257,809** for Outside Aid alone. In 1933, with the help of the Watertown Unemployment Committee, and later in the year the Federal C. W. A., the amount was reduced to **$218,658**. In 1934 the lowest point since 1932
was reached with an expenditure of $144,040. In 1935, when the control of Federal Relief funds was, to a great extent, taken out of the hands of the local authorities, the trend was again upward, and expenditures in 1936 reached nearly $157,000. This increase is not peculiar to Watertown but has been experienced by other communities.

The Welfare case load for 1936 was, as should be expected, the heaviest during the winter. January 31st records show 688 open cases and February and March 710 and 711 respectively. From that date there was a continuous drop each month until November when the trend was again upward.

Owing to the uncertainty of the amount of Federal Relief it is impossible to do anything more than guess what the requirements will be for 1937. If we receive the same amount of assistance from the State and Federal Governments, the trend during the last year would indicate that it would be somewhat less.

Mothers' Aid

There has been little change in this department. Some cases drop out every year and some new cases are added. The amount expended remains approximately the same. Commencing with June, 1936 the Town will receive part reimbursement from the Federal Government. We have already received one check covering June, July and August, 1936. The total expenditure for the year 1936 was $32,400.

During the past year there has been a change in the law which allows children under 16 to receive aid while in the care of relatives other than the mother. This doubtless will increase somewhat the number of active cases.

Old Age Assistance

There has been a continued increase in assistance given through this department during the five and one-half years that it has been in force. The number of cases receiving assistance Jan. 1st, 1936 was seventy-seven. There have been one hundred cases added during the year and twenty-
two cases closed. This left one hundred and fifty-five cases open on January 1st, 1937.

There is a great amount of misunderstanding in connection with this law. Newspaper information was good, as far as it went, but gave only a part of the facts. The age limit since Sept. 1, 1936 has been sixty-five years. The requirements are: American citizenship and residence in the Commonwealth not less than five years during the nine years immediately preceding the date of application and continuous residence in the Commonwealth for one year immediately preceding the date of application.

The assistance is given solely on a basis of need. It cannot be given if the children (whether married or single) are able to support their parents. The fact that the children are not willing to do this, or that the applicant is not willing to have them do so, does not make the applicant eligible.

Owing to the limited personnel in this office it has been impossible to take the applications promptly. Your Agent is very appreciative of the patience of would be applicants.

It appears from the last four months experience that by the end of the year we will have more than two hundred and twenty-five cases receiving assistance. This means an appropriation more than twice the amount expended last year. The larger part of this will be returned to the Town by the State and Federal governments.

Supplementary Assistance

In addition to the regular W. P. A. projects there are two Federal agencies which give supplementary relief to welfare recipients and W. P. A. workers' families.

The surplus commodities division located in the old Grant school building is distributing quantities of food and clothing. The housekeeping and nursing project is sending helpers and houseworkers into home where sickness exists.

Administration

The increasing requirements of the Federal government as well as the cramped quarters and limited personnel have
made it increasingly difficult to properly administer this office. This is particularly true in connection with the Old Age Assistance. It is absolutely necessary that the records be kept and reports made as required by Federal authorities, otherwise we will not receive our full reimbursement.

Without adequate inspection it is impossible to save the taxpayer from unnecessary expenditures and it is equally impossible to see that the relief given goes to those most deserving. If the increase asked for by your Agent is granted, and added office space given, as now planned, I believe we can better serve both the taxpayer and the applicants for assistance.

W. H. LUCAS,
Agent.

REPORT OF INFIRMARY DEPARTMENT

To the Honorable Board of Public Welfare:

Gentlemen:

I herewith submit my report as Keeper of the Infirmary for the year ending December 31, 1936.

Total number of inmates have been forty-five which includes re-admissions. Six have been removed to another place of support; ten secured employment; four were transferred to the Waltham Hospital; three to the Cambridge Hospital; one to the Haynes Memorial Hospital; one to the Massachusetts Memorial Hospital; one to St. Elizabeth Hospital and one was placed in care of relatives. The average number of inmates has been seventeen. There are eighteen inmates at the present time.

There are several inmates who are chronic invalids who need lots of care and attention. The general health has been exceptionally good. About one acre of land was planted which furnished enough vegetables for our own use a greater part of the time. Any surplus vegetables were sold. Our inmates at present are all men and most of them are permanent cases. When the Infirmary was re-built arrange-
ments were made for only sixteen inmates, consequently we will be obliged to build additional lockers this coming year. I again call attention to the condition of the outside of the Infirmary; it is in a terrible condition, for the lack of paint, and repairs to the gutters, which are leaking very badly.

I again call your attention to the necessary of building a wire fence to surround the building to protect the grounds and lawn from being made a common thoroughfare.

The interior of the building is in fairly good condition; all necessary repairs have been made, also a considerable amount of painting and varnishing has been done.

I wish to thank the visitors who have brought magazines, books, etc., for the inmates to read. Magazines and books are always acceptable and are enjoyed very much.

I wish to thank the Watertown Emblem Club who always remember the inmates with gifts at Christmas.

Our Town Physician, Dr. Walter N. Secord has carefully attended to all the inmates who have been ill.

We welcome visitors during reasonable hours. In closing I wish to thank the Honorable Board for its kind and courteous attention.

GEORGE H. WHITE,
Keeper of Infirmary.
REPORT OF THE CHIEF OF POLICE

December 31, 1936.

To the Honorable Board of Selectmen:

Gentlemen:

In compliance with the By-Laws of the Town, I have the honor to submit the annual report of the Police Department of the Town of Watertown for the year ending December 31, 1936, together with recommendations for the ensuing year.

The personnel of the Police Department during the past year consisted of forty-five men, viz: Chief, 3 Lieutenants, 4 Sergeants, 37 Patrolmen, 1 Wagonman, 1 Janitor.

The total number of arrests constituted 1031. Of this number 1007 were males, 24, females; 812, native born; 219, foreign born. Of this total number 446 were for drunkenness and 143 for automobile violations, with the balance for miscellaneous causes.

In addition to the arrests made, numerous miscellaneous matters were investigated and duly reported to the Selectmen, and 1450 summonses were served for out-of-town departments.

Valuation of Property Stolen and Recovered, 1936

<tr>
<td>Value of property recovered for out-of-town departments</td>
<td>$10,658.00</td>
</tr>
</tbody>
</table>

Changes

Patrolman Frank L. Mannix died on March 21, 1936.
Patrolman Patrick J. Callahan resigned from the Department on June 9, 1936.
Francis A. Garafalo was appointed a regular patrolman on April 9, 1936.
Stephen F. Lyons was appointed a regular patrolman on July 2, 1936.
Andrew A. Borden was appointed a regular patrolman on December 1, 1936.
Thomas F. Sheridan was appointed Wagonman on April 30, 1936.

Crime

Although the records show a decrease of 23 in the arrests for all crimes as compared with 1935, the department is still faced with the vexing problem of delinquents committing various minor infractions of the law. There were 119 cases of larceny reported, too many of them involving delinquents. There were forty-two arrests and prosecutions, but in many of the cases of the wayward children where the property was recovered no complaints were issued.

The breaking and entering cases recorded an increase from 52 in 1935 to 78 in 1936. There were 33 persons, many charged with several counts, arrested and prosecuted for this type of crime. While it is true that very little of value is taken in many of these cases, nevertheless the department is striving to reduce this offense to a minimum.

Again this year the record of the department for recovering all stolen cars was maintained as the 36 reported stolen were returned to their rightful owners.

Liquor Laws

The police during the past year have been successful in upholding the liquor laws and the rules and regulations governing the licenses. There was only one arrest and the violation in that case was for a sale before the lawful hour of opening.

The number of arrests for drunkenness decreased from 512 in 1935 to 446 in 1936.

In general the various licensed places, with the exception of a few isolated cases, are being conducted along the
high standards set by the department which is exercising a constant supervision of them.

Traffic

The regulation of motor-vehicle traffic, in all its phases, is one of the most important problems confronting the Police Department. The list of killed and injured because of this danger is appalling. Continued and constructive efforts must be made in order to cope with this situation.

There were 433 automobile accidents on the highways of this Town during 1936, and coincidentally the number was the same in 1935. This figure includes all accidents, whether there was personal injury or not, 57 of them being cases where dogs were killed or injured. It is our practice to carefully investigate serious accidents, and prosecute the operator when the facts show that he is probably at fault.

Six persons were killed by motor-vehicles this year, being a decrease of 3 as compared with 1935. In all cases the operator of the car involved was prosecuted for Manslaughter and operating a motor-vehicle so as to endanger lives and safety.

I renew my recommendation of last year that traffic lights be installed at the intersection of Galen and Watertown Streets. I believe such installation will take care of a bad traffic situation at this point.

Radio

During the year 2391 calls were sent to the three radio-equipped patrol cars.

The prompt service afforded by this means of communication has been invaluable in our efforts to combat crime.

Broadcasting to cars is done over Station WPFA, the Newton Police Department. I desire to commend the prompt, efficient and intelligent co-operation which we receive from the personnel of that Department.

Recommendations

I recommend that the two Ford Cruisers, now in use in the Department, be replaced. The Cruisers are in constant
use and, in my opinion, will have deteriorated to such an extent that retention for another year would be poor economy.

I recommend the replacement of the four motor-cycles now in use. These cycles have been in operation for 3 years and should be replaced.

Conduct of Officers

It is with sorrow and regret that I announce the death of two members of the Department, Patrolman Frank L. Mannix on March 21, 1936 and Patrolman Richard J. Owens on November 10, 1936. Both of these officers were faithful in the performance of duty.

The conduct of the officers in the Department has been good. Several officers were commended in general orders for meritorious work in line of duty, and were given extra time off.

It was necessary to discipline several of the men for infractions of the Rules and Regulations, and one man resigned with charges pending.

All men were called upon to do extra duty at various times and responded willingly.

Conclusions

I desire to thank the Justices of the Superior and District Courts, the Clerks of same, and Honorable Board of Selectmen, the Town Officers and those citizens who cooperated with this Department during the year.

Respectfully submitted,

JOHN F. MILMORE,
Chief of Police.
To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit the following report of the Fire Department for the year ending December 31, 1936.

The membership of the department remains the same as past years and consists of (49) members classified as follows: one (1) permanent chief; three (3) permanent captains; four (4) permanent lieutenants; one (1) call captain; one (1) call lieutenant; one (1) mechanician; thirty-eight (38) permanent ladder and hosemen.

Alarms and Losses

The total number of alarms for 1936 was 430, a decrease of 16 over 1935. Of these 275 were still alarms and 155 were bell alarms sounded from street boxes or sent out from Fire Alarm Headquarters on notification of fire.

False alarms received totaled 23, or 20 less than our peak year, 1934, when 43 false alarms were sent in.

<table>
<thead>
<tr>
<th>Values</th>
<th>Losses</th>
<th>Insurance Paid</th>
</tr>
</thead>
<tbody>
<tr>
<td>Buildings</td>
<td>$369,200.00</td>
<td>$18,374.87</td>
</tr>
<tr>
<td>Contents</td>
<td>112,894.00</td>
<td>6,820.70</td>
</tr>
<tr>
<td></td>
<td>$482,094.00</td>
<td>$35,195.57</td>
</tr>
</tbody>
</table>

Losses show a marked decrease and are the lowest since 1925, when we had a loss of $20,349.00 from 301 alarms. The uninsured loss included in above report was $1,179.00. But six losses were in excess of $1,000.00 with the largest individual loss $3,740.40 in a block of stores and tenements.

Fire Prevention inspection by department members, one man being assigned to this work, co-operation of the public and educational work by our excellent school systems, are contributing factors to a reduction in alarms and losses.

Some progress has been made during the year in the removal of dilapidated buildings. Not many remain that would create a serious fire hazard by exposing other buildings in case of fire.

As reported last year, the Old Town Hall continues to present a problem as an exposure to other buildings, should fire occur. I repeat my recommendation of 1935 that this
building be made secure or removed entirely as a fire prevention measure.

It is pleasing to report that during the past year, 3 of our most important buildings were equipped with automatic sprinklers. This was made possible by the cooperation of the Water Commissioners in changing a regulation regarding this type of service. A greater sense of security prevails by the automatic sprinklering of these buildings, one of which was a theatre.

**Recommendations**

I repeat my recommendations of former years—that Engine No. 3 be replaced with a new pumping unit of at least 750 gallons capacity. The present engine has been in service since October 1917, and is practically of no value now as a pumping unit.

We have in service another pump purchased in July, 1919 that is unreliable because of age and should both of these engines break down at or about the same time, a serious condition would exist, as machines of this type are not ready for immediate delivery.

The Chief's car, purchased in 1929, is now in its 8th year of service; has been driven a distance of 63,800 miles to Dec. 31st. This machine shows rapidly increasing deterioration and is doubtful if it will stand up another year. I therefore recommend a new car for the Chief of Department.

I recommend an appropriation for the purchase of 1 1/2" and 2 1/2" hose to replace the usual losses from use of hose in service, some of which is 12 years old.

I repeat my recommendation of 1935 that an appropriation be granted this year for the purchase of uniforms, as no appropriation has been made for this purpose since 1931.

It may be of interest to your honorable board to know that the men work an average of 12 hours per day, for which they receive 50 cents per hour. In addition, many hours of duty are performed by men who respond to alarms while off duty. It appears to me that for loss and wear of clothing which they are compelled to wear, reimbursement should come from the town, at least occasionally.
I repeat my recommendation of 1935; that the New England Insurance Exchange be invited to make a survey of the department with recommendations for its improvement. This work is done at no expense to the Town. No survey has been made since 1923.

Having in mind that a survey of the Central Station is in progress and that there is a possibility of relieving our crowded conditions by procuring the old police station as additional quarters, I withhold any recommendations at this time and only urge that the work be carried out as speedily as possible.

I earnestly recommend that the telephone service be restored to the home of the Chief of Department. This is an emergency service, which has not been discontinued but is carried at personal expense, believing it was for the best interests of the service, which we are called upon to perform.

In behalf of the department, may I thank your honorable board for your excellent co-operation and say to you we are grateful for the friendly advice and feeling that you have extended to us throughout the past year.

To the members of the department I extend thanks. Through your assistance it has been possible to close the year with a reduced fire loss.

Respectfully submitted,

JOHN W. O'HEARN,
Chief of Department.

REPORT OF TOWN COUNSEL

To the Honorable Board of Selectmen of the Town of Watertown:

Gentlemen:

In accordance with the law and the by-laws of the Town of Watertown, I hereby make my first annual report to you. A statement of each case, claim or proceeding for the year
ending December 31, 1936, which has been referred to me and has been carried over to the year 1937, is as follows:

1. **James F. Kennedy vs. Town of Watertown.**
   This case is pending in the Superior Court for the County of Middlesex. Mr. Kennedy seeks to collect damages for injuries received by him as a result of falling through an opening in the fence adjacent to the Boston and Maine Railroad property on Bacon Street near Main Street. The case has not yet been reached for trial.

2. **Hazel Feeley vs. Town of Watertown.**
   The plaintiff brought suit in the Superior Court for the County of Middlesex to recover damages for injuries sustained by her as a result of an alleged defective condition of the sidewalk on Watertown Street opposite Pond Street. It has not been reached for trial.

3. **Margaret M. Reid vs. Town of Watertown.**
   This action is pending in the Second District Court of Eastern Middlesex in Waltham. The plaintiff alleges that she received injuries because of the defective condition of the sidewalk on Main Street near Olcott Street. This case was reached for trial during the year but was continued at the request of the plaintiff when the Town disclaimed liability for the repair of the street because it is a state highway.

4. **Mary E. Rogers vs. Town of Watertown.**
   Suit was brought during the year in the Second District Court of Eastern Middlesex in Waltham. The plaintiff alleges that she was injured because of a defect in Merrill Road. Answer was prepared and filed for the Town and the case has not been marked for trial.

5. **Natick Trust Co. vs. Annie M. Kelley, Town of Watertown and Harry W. Brigham, Treasurer.**
   This action was begun in the Land Court to cancel a tax title deed given by the collector of taxes to Annie M. Kelley, dated June 6, 1934, conveying to her certain premises numbered 41-43 Chapman Street for the non-payment of taxes assessed to the Natick Trust Co. in the year 1933. The case was tried and argued by counsel. The Court suggested that the plaintiff make a reasonable offer of settlement and is withholding decision of the case to give the parties an opportunity to negotiate settlement. Settlement has not yet been made.

6. **Catherine H. Petite vs. Town of Watertown.**
   This case was begun during the year in the Superior Court for the County of Middlesex. The plaintiff claims damages for injuries sustained by her as a result of a fall due to the defective condition of Lexington Street about opposite the premises numbered 98-100 Lexington Street. Answer was prepared and filed for the Town but the case has not been reached for trial.

7. **Antonio Villante vs. Town of Watertown.**
   This action is pending in the Superior Court for the County of Middlesex. The plaintiff seeks damages for injuries received as a result
of a fall caused by the alleged defective condition of the bridge on Galen Street at Watertown Square. The case is on the trial list but has not yet been reached.

   Selectmen of the Town of Watertown, and others.
   This is a proceeding in equity in the Superior Court for the County of Middlesex in which the plaintiff seeks to have annulled and cancelled the action of the State Fire Marshal ordering the Selectmen to revoke the gasoline permit issued to the Board by them. This case has not been tried.

   The plaintiff brought this action in the Superior Court for the County of Middlesex to recover damages for an injury caused by an alleged defect on Lexington Street at or near lot number nine on said Lexington Street. The case was not on the trial list during the year.

10. Andrew Sullivan vs. Town of Watertown.
    This action is pending in the Second District Court for the County of Middlesex at Waltham. The plaintiff claims to have been injured because of an alleged defect in School Street. The case was not marked for trial during the year.

    The plaintiff brought suit in the Newton District Court to recover damages for injuries resulting from a fall due to an alleged defective condition in the sidewalk in front of 195 Watertown Street. The case was tried at length and the Court found for the defendant. The plaintiff appealed to the Appellate Division. The report was established and a brief was prepared and filed on behalf of the Town. The case is still pending on appeal before the Appellate Division.

12. Martha E. Murphy vs. Town of Watertown.
    This action is pending in the Superior Court for the County of Middlesex. The plaintiff seeks to recover damages for injuries due to the defective condition of Wells Avenue. The case was not on the last trial list.

13. Peter Thomay vs. Town of Watertown.
    Mr. Thomay claims damages because of injuries received by him when he fell on the sidewalk in front of the premises numbered 488 Mt. Auburn Street because of an alleged defect in the sidewalk. Liability has been denied and no suit has been brought.

    The above named parties have made claim against the Town for payment of the bill of the Cambridge Hospital for care and service rendered by it to Elaine Pipes. Elaine Pipes was injured as the result of an accident in which an automobile owned by the Health Department
was involved. Miss Pipes was taken to the Cambridge Hospital by an employee of the Health Department following the accident. Liability has been denied and no suit has been brought.

Miss Ross claims her automobile was damaged because of a defect in Williams Street. Liability has been denied and time for suit has not expired.

Mrs. Daley claims she was injured because of the defective condition of the sidewalk near where she lives at 164 Langdon Avenue. After investigation liability was denied and the claimant has not commenced legal action.

17. Michael Dwyer vs. Town of Watertown.
Mr. Dwyer claims he was injured because of the defective condition of the sidewalk on Main Street near the bridge over the railroad. Liability was denied because Main Street is a state highway. Suit has not been instituted.

18. Persus Kurbjian vs. Town of Watertown.
Mrs. Kurbjian claims her property was damaged because of a leak in the water pipe outside her premises. She has been notified through the Water Department that the Town is not liable.

Damages are claimed because of injuries sustained on account of an alleged defect in Arsenal Street at or near the premises numbered 418 Arsenal Street. The Engineering Department and the Police Department both report no defect in Arsenal Street at that place.

20. Carmela Cappucci vs. Town of Watertown.
The claimant says she was injured because of a defect in Grove Street. The Police Department and the Highway Department report no defect at the place where the accident occurred.

Miss Ames claims her automobile was damaged because of a defect in the street about opposite 5 Harrington Street. No suit has been brought.

22. Haig Najarian vs. Town of Watertown.
Mr. Najarian claims his house and personal property at 10-12 Coolidge Hill Road were damaged as a result of the clogging of the main sewer pipe on the street. The Highway Department and the Engineering Department have reported that the sewer was clogged as claimed. Efforts have been made to settle the claim. Negotiations are still in progress.
23. Peter Hobolian vs. Town of Watertown.

This claim is based upon the same cause as the claim of Mr. Najar-ian in the preceding paragraph. Negotiations for settlement are being made.

24. Margaret Mahoney vs. Town of Watertown.

This is a claim for damage alleged to have been done to a store win-
dow in Newton by shots from the revolvers of members of the Water-
town Police Force who were attempting to capture an animal which had escaped from the stock yards in Brighton. Liability has been denied.

25. Teresa Fallon vs. Town of Watertown.

The claimant alleges that she fell on the walk leading from the Grant School to the street. She claims the fall was caused by a defect in the walk. A hearing on this case was had before the Selectmen. Liability was denied.

26. Ralph Conant vs. Town of Watertown.

Mr. Conant claims his automobile was damaged when a manhole cover on Galen Street tipped up as he drove over it and it came in con-
tact with the bottom of his car. He alleges that such a condition con-
stituted a defect. The Town has refused to pay the bill for the repairs to the automobile.

27. Charles H. Gifford vs. Town of Watertown.

This claim arises as the result of a collision between Mr. Gifford's automobile and a truck belonging to the Highway Department. Liability for the damage to Mr. Gifford's car has been denied.

28. Vincent Blakeley vs. Town of Watertown.

This is a claim for damages to land of the claimant because of the widening of a ditch or water course through such land by W.P.A. workers on a W.P.A. project. As the project was carried on wholly at the expense of the Federal Government the Town refused to honor the claim.

29. Thomas F. Rogers vs. Town of Watertown.

This claim results from the collision of Mr. Rogers' automobile with a truck belonging to the Town Highway Department. The Town has refused to pay the bill for repairs to Mr. Rogers' automobile.

30. Celia Pecoraro vs. Town of Watertown.

This is a claim for damages on account of injuries sustained by the claimant when she fell on the sidewalk on Laurel Street about one hun-
dred feet west of the premises now numbered 108 Laurel Street. The fall was alleged to have been caused by a defect in the sidewalk. The accident occurred in the month of December and investigation is now in progress.
31-34 inc. Workingmen's Cooperative Bank vs. Board of Assessors.

These are petitions to the Board of Tax Appeals. The petitioner claims over-valuation of the premises situated at 51-53 Myrtle Street, 4-5 Chapman Street and 191 Warren Street in the year 1935, and 28 Partridge Street in the year 1936, and seeks abatement of the taxes for said years on account thereof. Answers have been prepared and filed in each case. They will doubtless be reached for trial during this year.

35-42 inc. Reliance Cooperative Bank vs. Board of Assessors.

These are petitions to the Board of Tax Appeals. The petitioner claims over-valuation of the premises situated at 42-44 Copeland Street, 23-25 Morton Street, 16-18 Lawrence Street, 144 Dexter Avenue, 193-195 Pleasant Street, 60-62 Laurel Street, 19-14 Chestnut Park and 13-15 Hazel Street in the year 1935 and seeks abatement of the taxes for 1935 on account thereof. Answers have been prepared and filed in each case. They will doubtless be reached for trial during this year.

In these petitions to the Board of Tax Appeals the petitioner claims over-valuation in the year 1935 of premises situated at 51-53 Prentiss Street, 21 Hosmer Street and 38-40 Dartmouth Street. It claims that it is entitled to an abatement of the taxes on each piece of property for the year 1935. Answers have been filed but the cases have not yet been placed on the trial list.

This is a petition to the Board of Tax Appeals claiming abatement for taxes for the year 1935 on the premises situated at 70 Main Street. Answer has been filed but the case has not been reached for trial.

49. Volunteer Cooperative Bank vs. Board of Assessors.

The petitioner asks the Board of Tax Appeals to abate the tax for the year 1935 on the premises numbered 71-73 Prentiss Street on the ground that it was over-valued by the Assessors. Answer has been filed and the case is pending.

In this petition to the Board of Tax Appeals the petitioner asks abatement of the tax for the year 1935 on the premises situated at 249 Main Street and 24 Whites Avenue on the ground of over-valuation. The case is still pending.

51. Everett B. Rich vs. Board of Assessors.

The petitioner claims abatement of the tax for the year 1935 because of over-valuation of the premises situated at No. 148 North Beacon Street. Answer was prepared and filed in this case. It has not been reached for trial.
52. Union Market National Bank, Trustees Under the Will of L. Sidney Cleveland vs. Board of Assessors.

This is a petition to the Board of Tax Appeals claiming over-valuation of the premises situated at 112 Russell Avenue in the year 1935 and asks for an abatement of the tax thereon for that year. Answer was prepared and filed and the case is pending.

53. Jasper Iannelli vs. Board of Assessors.

The petitioner claims abatement of taxes for the year 1936 on the premises situated at 68-74 Bigelow Avenue on the ground that the property was over-valued by the Assessors. Answer has been prepared and filed and the case is pending.

54-55. H. M. Sawyer and Son Co. vs. Board of Assessors.

The petitioner claims abatement of the taxes assessed for the year 1936 on the premises situated at 7 Stanley Avenue and 6 Stanley Avenue on the ground that said premises were over-valued by the Assessors. Answers have been prepared and filed and the cases are pending.

56. Cemetery Department.

The Anchor Post Fence Company contracted to construct a fence on the rear line of the Common Street Cemetery. I prepared the contract and saw to the proper execution of it by the parties. I understand the fence has been constructed in accordance with the terms of the contract.

57. Building Committee For a New Police Station vs. Joseph M. Concannon.

During the year the contractor defaulted in his contract with the Town for the construction of the new Police Station. At the request of the Building Committee I consulted with the members of the committee, the Selectmen, the P. W. A. attorney, the P. W. A. resident engineer, the architect and the attorney for the bonding company. I advised against assigning to an assignment by the contractor of the payments due him under such contract. At my suggestion an alternative plan was adopted whereby the contractor authorized the Town Treasurer to make payments to subcontractors and laborers directly by delivering to them checks payable to the contractor and previously endorsed by him. By this means the Town was able to protect subcontractors and laborers on the project and to carry out the terms of its contract with the Federal Government. It was necessary to attend numerous meetings and conferences with the above named persons. The building has been completed and accepted by the Building Committee. By such means funds have been made available to pay all subcontractors and laborers and to insure receipt from the Federal Government of the money allotted by it to that project. If this plan had not been carried out and if the details of the matter had not been strictly attended to, it would doubtless have been necessary for the Town to take over the completion of the contractor's
contract and finish the building itself. Had that become necessary it would have imperiled payment of the stipulated allotments of money by the Federal Government to the Town.

58. Water Department.

At the request of the Water Department I have prepared and submitted to it a form of instrument to be filled in and executed by it in such instances as that department might deem it necessary to place liens upon real estate to which water was supplied by the Town.

59. Lease of Premises at 10 Church Street for Headquarters for the Disabled American Veterans of the World War.

I refused to approve the form of lease submitted by the owner to be executed by the Town because it did not recite the use to which the premises were to be put and did not limit the Town to its statutory liability for mere payment of rent.

60. General Town Meeting.

I advised the Selectmen to refuse to call a general town meeting in accordance with the terms of a petition so to do filed with them by various citizens. The Selectmen were requested by such petition to call a general town meeting for the purpose of ascertaining whether or not petition should be made to the General Court of the Commonwealth of Massachusetts for such legislation as may be necessary to erect and constitute city government in the Town of Watertown. I advised against calling such a meeting because the act of the Legislature establishing limited town meeting government in Watertown apparently requires that any measure affecting the town's municipal existence or changing the form of its government shall first be submitted to the voters of the Town at large, using the ballot and checking lists therefor.

61. Town of Watertown vs. John Donnelly & Sons.

I prepared for the selectmen a formal objection against erection of an outdoor advertising sign or device on the roof of the premises numbered 53-55 Galen Street. Such objection was filed with the Department of Public Works for the Commonwealth of Massachusetts. No hearing has yet been held on the matter.

I prepared a contract to be executed by the Town with the Cities Service Refining Company by the terms of which the Town agreed to purchase and the Cities Service Refining Company agreed to sell gasoline for the use of the Town for the period of one year at a stipulated price.

63. Contract with Neponset Oil Company.

I prepared a contract to be executed by the Town with the Neponset Oil Company by the terms of which the Town agreed to purchase and
the Neponset Oil Company agreed to sell motor oil for the use of the Town for the period of one year at a stipulated price.

64. Contract with Cornelius Shea.
A contract was prepared to be executed by and between the Town and Cornelius Shea for the sale to said Shea of garbage to be collected by the Town of Watertown during the calendar year of 1937.

65. Patrick McDermott vs. Town of Watertown.
Mr. McDermott claimed damages against the Town for the construction of Hill Street and also because the construction of said Street made the construction of a retaining wall necessary by him for the protection of his property. The street was constructed under the Betterment Act and betterments had been assessed against the claimant’s property. I prepared a release to be executed by him in consideration of an abatement of a portion of such assessment.

66. Lease of Garage.
The Selectmen agreed to lease the garage at 51 Spring Street from the Harvard Trust Company from February 1, 1937 to January 1, 1938. I prepared the necessary lease and saw to the proper execution of the same by both parties.

67. Trustee Cases.
I prepared trustee answers to be filed by the Town Treasurer and filed in Court by him in such cases as the Town was named Trustee in suits brought against employees of the Town. There were eighteen such cases.

68. Eunice Beck vs. Town of Watertown.
The plaintiff claimed damages for injuries caused by an alleged defect in Spruce Street at its junction with School Street. The Highway Department and the Police Department reported a defect at the place of the accident. The case was settled for $400.00 before it was reached for trial.

69. Mary A. Oates vs. Town of Watertown.
The plaintiff fell on the sidewalk about opposite 37 Union Street. She claimed the fall was due to the defective condition of the sidewalk at that place. Investigation by the various departments revealed probable liability. The case was settled for $100.00 before suit was brought.

70. Agnes Bouchie vs. Town of Watertown.
The plaintiff brought suit in the Superior Court for the County of Middlesex claiming she was injured because of an alleged defect in Jackson Road. The case was tried to a jury. A verdict was entered for the defendant.
71. Max Ginsberg vs. Town of Watertown.

The plaintiff was injured on Mt. Auburn Street about opposite Stearns Road. The automobile in which he was riding was struck by a street car belonging to the Boston Elevated Railway Company. The claim was that the browstone along the rail of the street railway tracks was higher than the rail and created a groove in the street in which the wheel of the automobile became engaged. This caused it to swerve and skid across the tracks in front of the oncoming street car. The plaintiff was very severely injured. He brought suit in the Suffolk Superior Court against the Boston Elevated Railway Company claiming negligence and against the Town claiming an alleged defect in the street. The case against the Town was tried to a jury together with the Elevated case and three other companion cases. The case was very stubbornly contested. The longest trial of a tort case ever held in Suffolk County resulted. It lasted for three weeks and one day of actual trial. The Court admitted much technical, engineering and expert evidence. The Boston Elevated Railway Company sought to place the liability on the Town. The Town denied liability for repair of the street railway tracks and the browstone outside the rails of the tracks. This case, for the first time, raised the question of the meaning and effect of the relocation agreement made with the street railway company more than a score of years ago. By statute the railway company is now liable to repair its tracks which by judicial decision has been defined as the space between the rails. The relocation contract specifies that the street railway company would repair and maintain its tracks and the browstone along the tracks for a distance of eighteen inches outside the outside rails thereof until such time as the Town should install a “permanent pavement”. Apart from the seriousness of the damages in the instant case the question of the liability for the repairs of that portion of the street in the Town occupied by the street railway involved many thousands of dollars. A verdict was entered for the defendant in the case against the Town. It was a notable victory. Liability of the Boston Elevated Railway Company for the repair and maintenance of the browstones along the railway tracks belong to it on streets where a permanent pavement has not been installed is still an open question.

72. Eli Zalinger vs. Town of Watertown.

This case is a companion case of the one reported in the preceding paragraph. Zalinger was operating the automobile in which Ginsberg was riding at the time of the accident. He was injured and made the same claim as was made in the other case. It was tried with the Ginsberg case and a verdict was entered for the defendant.

73. Town of Watertown vs. City of Somerville.

This action is pending in the Superior Court for the County of Middlesex. It was brought to recover money paid by the Town to the Massachusetts Memorial Hospital for the board and care of June Duff. It has not been reached for trial.
74. **Town of Watertown vs. City of Lowell.**

This action was brought in the Middlesex Superior Court to recover money paid by the Town Welfare Department in aid of the family of Albert McCormack. This case has not been reached for trial.

75. **Town of Watertown vs. Watertown Excavating Company.**

This action is pending in the Second District Court of Eastern Middlesex at Waltham. It was brought by the Collector of Taxes in an attempt to collect automobile excise tax and personal property tax assessed to the defendant in the year 1932. The case has not been tried because the defendant owes similar taxes for subsequent years and suit should be brought in an attempt to collect the same. All the cases should be tried together. The new suit should be begun as soon as a new Collector is elected and the taxes have been committed to him for collection.

76. **Town of Watertown vs. Paul A. Dever, Attorney General.**

This is a petition for Writ of Certiorari praying that the action of the defendant in disapproving certain sections and clauses of the Town by-laws for regulation of advertising signs and billboards be reversed and that he be ordered to approve such by-laws. The case will be tried in due course.

77. **Town of Watertown vs. Agostino Caira.**

This action was brought in the Waltham Court by the Welfare Department to recover money paid to the defendant by that department for assistance.

78. **Town of Watertown vs. Concegio Caruso.**

This case is similar to that reported in the foregoing paragraph.

79. **Town of Watertown vs. Vincenzo Cerrato.**

This case is also pending in the Waltham Court. It was brought to recover money paid for welfare assistance.

80. **Town of Watertown vs. Sahag Calagian.**

This case is in the Waltham Court brought by the Welfare Department to recover money paid the defendant in welfare aid.

81. **Town of Watertown vs. Axel Milton.**

The Welfare Department gave assistance to the defendant and thereafter brought suit in the Waltham Court to recover money so paid.

82. **Town of Watertown vs. Paul Procopio.**

This is another welfare case in the Waltham Court.

83. **Town of Watertown vs. Giosue Principe.**

This case is also pending in the Waltham Court. It was likewise brought by the Welfare Department.
84. **Town of Watertown vs. Giuseppa Rizzo.**

This is an action to recover money paid as welfare assistance. It is pending in the Waltham Court.

85. **Town of Watertown vs. Carlos Virgilio.**

This case was also brought by the Welfare Department in the Waltham Court to recover money paid as aid for the defendant.

86. **Town of Watertown vs. John Zarharian.**

The Welfare Department rendered aid to the defendant and thereafter brought suit in the Waltham Court to recover money paid for that purpose.

87. **Town of Watertown vs. M. Teresa Stagliano.**

This is a claim for damage to Town property in the Senior High School building. The party against whom the claim was made signed the application agreement for use of the auditorium hall in the Senior High School building on October 2, 1936. As the result of such use Town property was damaged.

88. **Town of Watertown vs. Anna Torosian and Paul Torosian.**

Anna Torosian is the minor daughter of Paul Torosian. It is claimed that she mutilated certain books borrowed by her from the East Branch Library. Claim had been made against both her and her father on account thereof.

89. **Tax Redemption Certificates.**

At the request of the Town Treasurer 140 tax redemption certificates have been drawn and I have attended to the proper execution of each of them.

In addition to the foregoing I have attended, when requested, to the various legal matters arising in the various Town departments, preparation of votes of the town meeting, preparation of articles for the town meeting warrants and many other matters. I have given numerous written opinions at the request of various Town officers or departments. In addition I have given opinions and advice to Town officers, agents and others on occasions too numerous to detail, on the street, at the Administration Building, at my office and at my home. I feel that the interests of the Town have been well protected in all matters referred to me.

It has been pleasant during the year to be associated with and to work with the Town officials, members of the Police Department and the employees of the various Town departments. I hereby extend my sincere thanks to the Town officers and the various Town employees for their kind cooperation during the year.

Respectfully submitted,

**EARLE S. TYLER,**

*Town Counsel.*
REPORT OF TOWN ENGINEER

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit the following report of work done by this department for the year ending December 31, 1936.

Assessors' Plans

Plans have been prepared and brought up to date as usual for the Assessors' Department and for all other departments using these plans. Plans show each parcel of land, all buildings, areas, lot and house numbers. There were one hundred and ninety two (192) permits issued for dwellings, mercantile buildings, garages, alterations and removals which have been located on the ground and placed on plans.

W. P. A. Program

Under the Works Progress Administration, plans, estimates and final reports were prepared for fourteen (14) projects for the construction of sidewalks, street resurfacing, sewer and drains, retaining walls and regrading. The following is a list of work done on W. P. A. Projects for 1936.

<table>

Uncompleted Work

- Retaining Wall, West End Playground
- Ridgelawn Cemetery ledge removal
- Warren Street Brook
- Ridgelawn Cemetery Survey
- Bench Marks
- Zoning Map
Thirteen engineers, draftsmen and clerks have been employed under the W. P. A. on the resurvey of Ridgelawn Cemetery, Zoning Map and Bench Marks. Due to the requirements of the W. P. A. the amount of time given these projects has been limited. A new system of Bench Marks, which has been needed for many years, is being established over the entire town and when completed will be of great value to this department.

Miscellaneous

The usual amount of work has been done in the preparation of plans and reports for the Board of Selectmen, Town Counsel and Police Department. Street lines and grades have been furnished property owners and others as requested.

*Relocation
Private Sewer Connections During 1936

Number of Sewer Connections located  24
Total Length of Sewer Connections located, feet  1255

The Sewer system of Watertown is now sixty-three and eighty three one hundredths (63.83) miles long, and has six thousand one hundred twenty (6120) sewer connections.

Respectfully submitted,

OTIS D. ALLEN,

Town Engineer.

REPORT OF WIRE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

The report of the Poles and Wires Department for the year ending December 31, 1936, is herewith submitted:

During the past year poles were replaced by renewals in numerous sections of the Town in accordance with the customary annual practice of the Edison Electric Illuminating Company, the New England Telephone & Telegraph Company, and the Boston Elevated Railway Company, thereby entailing necessary changes on the aerial lines and the underground connections of the Fire Alarm and Police Signal Systems.

The necessary wires, cross-arms, fittings and equipment were installed for these changes and several of these installations involved the transfers of police signal boxes and fire alarm boxes.

A thorough check-up was made of all signal lines, both aerial and underground, to maintain efficiency of service. Renewal of decayed cross-arms, broken ties, insulators, drawing up slack, clearing of grounds, and retention of proper spacing from the lines of the Public Utility Service were included in this task. However, weather beaten wires in many sections still command attention.

In the course of the year seven fire alarm tappers were transferred to new locations.

The underground cable line running from Water Street, down Galen Street, and along Capitol Street, being a branch of the oldest section of cable on the system, showed many symptoms of trouble and consequently had to be replaced by a new line. The underground cable running from Main Street through Beacon Square is a problem for consideration in the near future as it is at the point of showing weaknesses which will require a renewal of the line. The lines running along Mt. Auburn Street from Upland Road to the Cambridge line present a very hazardous condition as the signal wires are constantly exposed to the dangers of high tension lines all the way. Therefore, while I am
not asking at this time for any appropriation for this work, I would recommend the continuation of the underground lines along the entire area of Mt. Auburn Street.

Stand pipes, aerial terminal boxes, fire alarm boxes and police signal boxes were painted—in so far as departmental means would permit. All signal boxes, both fire alarm boxes and police signal boxes, were oiled, tested and examined periodically throughout the year to insure their proper performance. One fire box case was demolished by a motorist who failed to report it.

Incidentally, I would repeat, that there is opportunity for improvement, in so far as the fire boxes are concerned, by annually retiring a portion of the older type boxes and replacing them with modern equipment, so that eventually the older type boxes will have been completely eliminated. I am not asking for any appropriation at this time for this work, but it is something which will have to be taken care of in the near future.

Maintenance of traffic lights was transferred from the Edison Company to this Department on August 1, 1936; consequently it is impossible to state at this time the sum of money necessary to carry on the work on the basis of a full year, and, therefore, I recommend the continuance of the appropriation under the old procedure—namely under the Street Lighting appropriation.

In the matter of the Fire Alarm Central Office: four operators are working on regular schedule and the duties of that branch are being conducted in an efficient and satisfactory manner. The concrete floor, battery racks, stands and surroundings were painted in order to maintain the property in a presentable condition. It was essential to install a blower fan to clear the atmosphere of an acid condition that existed in the battery room.

The street lights were attended to carefully, and many that had been discontinued for the past few years were restored to service. Applications for new lights, and complaints in regard to troublesome or burned out lamps were investigated and reports were submitted accordingly.

Regarding motor equipment: The truck now being used
has rendered ten years of active service, and its condition speaks for itself, in view of the fact that it is essentially a piece of emergency equipment and must be prepared for service at all hours of the day and night. I, therefore, recommend the purchase of a new truck suitable for the purpose.

Relative to interior wiring; 958 permits for wiring in dwellings and industrial plants were issued. This wiring necessitated over 3600 inspections, as many jobs required repeat inspections. As to commercial inspections—no permits are required—as such inspections are made at stores and places of business that have been vacated and the current turned off. Upon approval of the wiring and notification to the Edison Company the service is restored.

The fees for inspection permits amounted to $479.00, and said amount was submitted to the Town Treasurer.

I wish to express my appreciation to the Board of Selectmen for their co-operation during the year. I also extend my thanks to the heads of the various departments, to the Gamewell Company, the Edison Electric Illuminating Co., and the New England Telephone & Telegraph Co., for the courtesies they have shown me during the past year.

Respectfully submitted,

PATRICK J. VAHEY,
Inspector of Wires.

REPORT OF INSPECTOR OF BUILDINGS

January 1, 1937

To the Honorable Board of Selectmen:

Gentlemen:

I herewith respectfully submit the following report of Permits issued from this office for the year ending December 31, 1936.

Respectfully,

VICTOR M. ANDERSON,  
Sealer of Weights and Measures.
REPORT OF TREE WARDEN

January 11, 1937.

To the Honorable Board of Selectmen:

Gentlemen:

The report of the Tree Warden for the year ending December 31, 1936, is herewith submitted:

We have given the trees throughout the Town a general pruning, but owing to the limited appropriation were not able to do a very thorough job and were obliged to leave quite a lot of work for future attention.

A number of old, decayed and dangerous trees—which were a menace to public safety in different parts of the Town were cut down, and new shade trees should be put in their places.

In connection with the Edison Electric Illuminating Co., and the New England Telephone & Telegraph Co., we cut away the dead wood in trees through which their respective wires were run, and had the Edison Company thoroughly insulate their wires in order to protect the trees.

We set out 200 new maple trees, some of which were replacements, but as the appropriation for new trees simply covered the cost of purchasing, we were handicapped in procuring the necessary tree food and protectors for these new trees. We will need a number of new trees this year to replace those cut down and damaged, and recommend an appropriation of at least $2000.00 to purchase, plant and properly care for these trees. All newly planted trees should have tree guards and I would stress the fact that sufficient funds should be appropriated to cover the cost of this work.

Practically all of the trees in the Town have been sprayed for the Elm Leaf Beetle, the Elm Bark and Aphis, and we are doing all we possibly can to help fight these pests which are causing so much damage each year. I would recommend that an appropriation of $1000.00 be made to help exterminate the Elm Leaf Beetle and Aphis—and other pests.

I would recommend an appropriation of $5000.00 for the general care and maintenance of the trees to enable us to
keep them in good condition. They will need tree food, tree guards, bolting of the older trees and general trimming and pruning, as each year takes its toll.

Because of the necessity of moving from the garage back of the old Town Hall building, it will be necessary for us to have some place to adequately store our trucks, equipment and material for both the Tree and Moth Departments. We will require a garage for this purpose and would recommend an appropriation of $1,200.00 to build one on Town property. In this way we can keep better control of our tools, material and equipment and thus avoid the loss of so many tools, etc. Our trucks and equipment would be under the same roof and our men could keep better track of them and there would not be any interference from other sources.

I wish to thank the Board of Selectmen, The Edison Electric Illuminating Co., and the New England Telephone & Telegraph Co. for the cordial co-operation extended to me in the work of the Department during the year.

Respectfully submitted,

JOHN C. FORD,
Tree Warden.

REPORT OF MOTH DEPARTMENT

January 11, 1937.

To the Honorable Board of Selectmen:

Gentlemen:

The report of the Superintendent of the Moth Department for the year ending December 31, 1936, is herewith submitted:

The work of suppressing the Gypsy and Browntail Moths was carried on in the usual manner. Where nests and egg clusters were found they were destroyed, and the Gypsy Moth egg clusters were treated with creosote. The Town
REPORT OF MOTH DEPARTMENT 181

trees, as well as those on private property, were carefully inspected for the Gypsy Browntail and Satin Moths and the Cottony Scale. The fall and winter work was followed by spraying when the foliage came out sufficiently in the spring to hold the spray.

Spraying was carried on extensively also to help exterminate the Elm Leaf Beetle and the Tent Caterpillar. The Elm Leaf Beetle and the Elm Bark Beetle are infesting our elm trees and the various maple trees and they should be treated with dormant spraying. We should also continue to be on the alert against the invasion of the Dutch Elm Disease. The only way to protect the trees is to keep them free from dead wood—which causes unknown diseases to attack the shade trees, and to be ever vigilant with spraying. If these pests are not checked they will destroy our trees and cause greater expense in the future.

We are unable to do this work effectively as the sprayer we have is very old, of low horse-power, and not heavy enough to do the work. We have had to let out most of the spraying on contract for the past few years. I would, therefore, recommend an appropriation of $1500.00 for the purchase of a new sprayer for the Moth Department. This new sprayer is necessary in order that all the high trees may be efficiently sprayed and it is impossible to do this unless we have the power.

The work of the Department for the coming year should include extensive spraying for scale, disease, and leaf eating pests.

Respectfully submitted,

JOHN C. FORD,
Superintendent of Moth Department.
REPORT OF TOWN PHYSICIAN

January 14, 1937.

To the Honorable Board of Selectmen:

I hereby respectfully submit my report for the period from April 1, 1936 to December 31, 1936 inclusive.

During this period I have made 1,606 examinations, consultations and house visits on Welfare patients alone.

In addition I have made numerous examinations for the Board of Selectmen, the Agent of Workmen's Compensation, the Agent of Soldiers' Relief and the Police and Fire Departments. This is in addition to calls to the Police Station.

I wish to express my appreciation of the co-operation of the Board of Selectmen, the Agent of Public Welfare, the Agent of Workmen's Compensation, the Agent of Soldiers' Relief, the Police Department and the heads of other departments.

Yours truly,

WALTER N. SECORD, M. D.,
Town Physician.

REPORT OF SOLDIERS' RELIEF AGENT

January 14, 1937.

To the Honorable Board of Selectmen:

Gentlemen:

A comparison of the expenditures for Soldiers' Relief, Military and State Aid, for the year 1936, with those of 1935, shows a decrease of $2,201.40.

When the writer assumed the duties of Soldiers' Relief Agent on April 23, 1936, there were 125 active cases on
relief. By July 10th, this number had dropped to approximately 80 cases and continued to drop to about 70.

The principal reasons for this reduction are:

The payment of the Veterans' Adjusted Compensation or "Bonus" on June 15, 1936.

The opportunity to secure employment in private industries, as well as on Federal and State projects.

Also, the elimination of some cases, which, upon investigation, were found to be unworthy of aid.

There was some increase in cases during the fall months and a decided increase, from about the middle of November through December. The year closed with about 90 cases, several of which appear to be temporary.

This increase is due largely to the curtailment of work on Federal and State projects and to the approach of winter.

Over 30% of the cases now on the rolls consist of veterans who are more or less incapacitated and of veterans' widows.

Prevailing conditions make it difficult to forecast the needs of the department for the ensuing year.

Respectfully yours,

CLIFFORD S. LOVELL,

Agent.
Health, Police Department or State Division of Livestock Disease Control. In a few instances visits have been made at the request of a neighboring Board of Health when some individual has been bitten by a Watertown dog. In each case of dog bite the animal is kept under quarantine for a period as required by law.

No case of rabies has been found in the Town during the year. 70 clinics for the vaccination of dogs against rabies were held during the year in as many cities and towns throughout the State and undoubtedly this is the reason for the marked decrease in the number of cases of rabies which have been found in Massachusetts during 1936.

Seven visits were made to the Police Station during the year to examine stray dogs or those injured by accidents and picked up by the Police.

Inspection of all properties in the Town on which farm animals are kept has been carried out and certification of health and sanitary conditions made to the State authorities, a copy being furnished the owners. Inspection of premises to see that proper disinfection has been carried out following the detection of tuberculosis has been made in one instance.

Eighteen visits were made to the Town Barn to treat or examine Town horses. Necessary medicines have been supplied and treatments administered.

No outbreaks of infectious diseases in animals have occurred during the year.

Respectfully submitted,

H. W. JAKEMAN, V. M. D.,

Town Veterinarian and Inspector of Animals.
REPORT OF DOG OFFICER

To the Honorable Board of Selectmen:

Gentlemen:

My annual report as town dog officer is respectfully submitted.

During the year an active campaign has been conducted on stray dogs to prevent as much as possible bite cases and rabies. There have been no Rabies and less bite cases.

There have been

- 801 dogs licensed
- 73 dogs returned to owner
- 2 dogs sold
- 254 dogs killed

This has been in nine months of 1936. There has been 118 calls made on complaints on dogs and cats for various reasons and all were adjusted without any court action. I expect if in office in the ensuing year that the results will be much more gratifying.

In carrying out the duties of my office I wish to express my sincere appreciation for the co-operation and the helpful attitude taken by all Town Officials and Employees.

G. S. GILL,

Dog Officer.

IN MEMORIAM

SALLY HATCH WHEELER
Appointed Teacher, September 8, 1915
Died, November, 1935

BELLE S. WHITE
Appointed Teacher, September 13, 1922
Died, September, 1936
To the Citizens of the Town of Watertown:

It is the custom at this time of the year for the Chairman to report for the Committee on School Department business. It is a pleasure to fulfill that duty for the year 1936.

First—I want to record my appreciation of the honor conferred in designating me as chairman of the Committee.

Second—A desire for cooperation and a recognition of equality of views and expression of opinions has prevailed at every meeting, and I have endeavored to discharge my office with the dual thought that the Committee is the connecting link between the schools and the townspeople who elected it to office.

The year was begun under the happy auspices of good feeling between the School Committee, the Finance Committee, Town meeting members, and citizens of Watertown, and I am glad to record that so far as I am aware this pleasant relation continues at the close of the year.

Headmaster Senior High School

We were called upon early in the year to seek a successor to Mr. E. H. Whitehill, Headmaster of the Senior High School. Although many applications for the office were received by the School Department, the Committee felt that the position should seek the man and not the man the job, and the Superintendent was directed to submit recommendations. He brought to the Committee the names and records of several persons who, in his opinion, would make a desirable head of our highest ranking school. Members of the Committee, after studying the applications and records, visited the schools at which the most promising candidates were serving, and exhausted the various avenues of information concerning their fitness. An opportunity was also afforded individuals aspiring to fill the office of Headmaster to appear before the Committee.
The Committee finally voted to tender the appointment to Mr. Herbert H. Archibald, then Headmaster of the Norwood High School. The appointment was accepted and Mr. Archibald entered upon his duties at the Senior High School with the opening of the fall term of the year.

The Committee felt that recognition of the retiring Headmaster was warranted by his long years of service in Watertown and by his contribution to our school system, and at a testimonial dinner given by citizens of the town I was authorized to announce that the Committee was unanimous in conferring upon Mr. Whitehill the honorary title of Headmaster Emeritus, Watertown High School.

Guidance

A special committee was appointed to study the subject of Guidance and it has submitted a report. Dr. Allen of the Providence School Department came to Watertown to assist us in a better understanding of this subject, and a local citizen, Mr. John G. Gregory contributed a series of articles to the Watertown Sun which emphasized the need of vocational guidance in our schools.

That guidance should be given to our young people is now obvious to everybody. Our boys and girls are aware of it themselves and are looking forward eagerly to the adoption of a program which will enable them to enter industry, commerce and the professions with a forehanded knowledge of the requirements and a fitness based upon their natural aptitudes as developed through individual and group guidance.

To enlarge on this most necessary phase of our educational system will require some changes in our teaching staff. An additional teacher will be required in each of our Junior High Schools, whose special function will be to initiate a more progressive and worthwhile guidance program.

Revised Rules—School Department

A very important duty was fulfilled by the Committee when it adopted Revised Rules for the School Department of Watertown.
The high lights of this document are as follows:

Recognition of the mission of the School Committee in its relation to the schools and to the townspeople of Watertown and outlining Committee procedure.

Designating the Superintendent of Schools as the executive officer of the School Committee to administer and to supervise the schools of the town, under the direction of the Committee.

Placing full responsibility at all times on Principals of schools for the condition of their buildings, grounds and appurtenances.

Establishment of an eligible list of candidates for permanent and substitute teaching positions in our schools under the general classifications of Elementary Schools, Junior High School, and Senior High School, and subdividing the Junior High and Senior High lists into subject fields.

During the year, pressure to appoint applicants of varying qualifications to teaching positions has continued to be exerted on the members of the School Committee.

As the principals of our schools are held responsible, under the Superintendent, for the character of the work performed by the members of the teaching staff, it is deemed conducive to better results to give an opportunity to two Boards of Principals—one made up of the Headmaster of the Senior High School and the Masters of the East and the West Junior High Schools and the other made up of grade school principals—to pass on all the teaching applications received and grade the applicants under rules laid down by the Committee. The spirit of the rules is to make it possible to build up for Watertown a qualified, congenial, and personable teaching staff. A carefully selected staff engenders an esprit de corps which is vital to the success of our school system.

The system adopted, while it may prove not to be perfect, affords a starting point, which it is hoped will be improved upon by the Committee as experience and conditions suggest such action.

The Committee has cooperated with the recreational ac-
tivities conducted by the W. P. A. and at this time the two Junior High School buildings and the Parker School are being used.

The Committee records the completion of the new Phillips School and its dedication with appropriate ceremonies on December 13, 1936. With the completion of this building, the old Grant School was released from school use and turned over to the Board of Selectmen.

The Committee is pleased to report that at present the School Department is comfortably housed, and through the cooperation of the Board of Selectmen, in its W. P. A. activities, has been able to effect many necessary and desirable repairs to its buildings.

With an eye to the future, we recommend that favorable action be taken at a date compatible with the public purse to complete the Phillips School development. When this is again under consideration it is recommended that provision be made to house the entire school administrative unit in this building, effecting thereby a much needed step toward greater efficiency in our school system.

We feel that the greatest good would come to our schools and at the same time we would progress in education by appointing an assistant to the Superintendent of Schools, whose special responsibility would be the maintenance of teaching efficiency in our school system, curriculum planning and testing, and coordinating the guidance program of our High Schools.

We believe that it is the duty of the technical heads of our school system to examine carefully the various activities and courses of study offered to our children. They should be doubly sure that all subjects are absolutely necessary and worthy of the financial expenditure made and commensurate with the results attained.

The necessity for departmentalization in the Senior High School is urgent and we recommend that provision for Department Heads be made in the 1937 budget.

We acknowledge our continued indebtedness to the Columbia survey. The recommendations of the School Com-
mittee find their confirmation in this comprehensive study of our school system.

In closing, the Committee is pleased to compliment the entire School Department of Watertown on the completion of another successful year. Watertown parents owe much to members of our teaching staff, who by precept and example guide our children through their most impressionable years.

Respectfully submitted,

CARL G. A. JOHNSON, Chairman.

REPORT OF THE SUPERINTENDENT

To the School Committee:

In accordance with your custom, I am submitting herewith a report upon the conditions of the schools for the year 1936. This is the ninety-ninth in the series of School Committee reports and the twenty-ninth that has been written by the present incumbent.

You may be interested to know something of our building program since 1913:

The East Junior High School was built in 1913 and occupied in March of that year.

The Parker School opened November 14, 1914.

The Hosmer School erected in 1899. The first addition of twelve rooms was completed in 1920 and opened January 3, 1921. The second addition of ten rooms completed and occupied in September 1928.

West Junior High School built in 1922 opened September 1922. An addition of eight rooms built in 1927 and occupied September 1927.

The James Russell Lowell School built in 1926; occupied in May 1926. An addition of ten rooms in 1930; occupied in September 1930.

Senior High School in old Phillips Building from 1855
until March of 1913, at that time moved to what is now the East Junior High School and then to the present Senior High School in September of 1925. An addition of twelve rooms and a small auditorium completed and occupied in September of 1935.

Browne School built in 1929 and opened January 1930.

The new Phillips School built in 1936 and ready for occupancy. This beautiful building stands on the site of the old Phillips which was built in 1855. The building is so designed that a new unit may be added. There are twelve classrooms and a library. Every room seats forty pupils and is equipped with a clock, a loud speaker and inter-communicating telephones. Other rooms include a principal's office, a health unit; equipped for medical and dental examinations and teachers' rooms. The total cost of the building fully equipped was approximately $173,500. The United States Government, through the Public Works Administration granted $66,834. making the town's share of the cost approximately $106,666.

The old Grant School built in 1895 was abandoned in December 1936 and turned over to the Selectmen.

At two different sessions of the Harvard Summer school, I have been asked to show our buildings to its members and this I have felt was a great honor, but deserved.

Any real estate man will tell you that about the first questions asked in regard to a town are about its churches, schools and libraries. Watertown can give a proud answer to these as well as to some others which I have not time to mention. Money invested in education pays a big dividend for it is in this way that we are giving the youth something that can never be taken away from him and fitting him for the best in life. Let us remember that education leads the way.

Mr. Whitehill came to the Watertown High School in September 1907 and remained there as a teacher of commercial subjects and history until the fall of 1921 when he was elected Principal of the School. Thus he served the high school for fifteen years as its efficient leader; under the law he was required to retire July 1, 1936.
The School Committee chose as his successor Mr. Herbert H. Archibald who came to us from the Norwood High School, where he had served for a number of years as high school principal. We wish for him much success in his new field here in Watertown.

There are many phases of school work that should be covered by this report. To this end, I have asked the High School principal and several of the directors and supervisors to submit to me a report of their work. I am therefore including a portion of their reports as a part of my annual report.

REPORT OF THE HIGH SCHOOL PRINCIPAL

Herbert H. Archibald

I take pleasure in submitting to you a report of the first four months of the present school year as relates to the senior high school.

The school year opened with a faculty of 48 teachers besides the headmaster, all of these teachers having been in service here before this year. The opening of school was on September 9 with an enrollment of 1209, approximately, and this steadily increased until we had a maximum enrollment of 1278.

It is with regret that we have received the resignation of Miss Alice M. Hodge who terminates a long and faithful service in the interest of education at Watertown High School. At the present time, Miss Althea Johnson is filling this vacancy as a substitute. Miss Ruth Sturdy, teacher of Home Economics, resigned her position in October to become married. Miss Mildred Jones, teacher of Home Economics in the East Junior High School has been secured to take Miss Sturdy's place.

The work of the several classes in the school has progressed splendidly through the first four months of the school year. I have experienced very faithful co-operation from the members of the faculty and feel that they are earnest in their work and are whole-heartedly desirous of carrying on to the highest tradition the work of the school. I am hopeful that as time goes on it will be possible to have
our various departments headed up by a department head and that in particular I feel the need of immediate attention to the Physical Education program and work of the school.

We greatly appreciate the additional equipment in visual education which has recently been purchased and feel that a very decided need in the interest of modernizing our instruction in the class room has been met.

I greatly appreciate the very splendid support which you and the School Committee have given me in my first few months as Headmaster of the Watertown Senior High School. I shall earnestly try to carry on the very efficient administration which preceded my coming here under Mr. Whitehill.

REPORT OF THE PHYSICAL EDUCATION DEPARTMENT

Sally T. Biggane, Supervisor

The growth of girls and boys depends upon sufficient exercise, because it provides stimulation for growth; upon sunlight, because it furnishes vital elements for growth; upon fresh air, because it provides conditions favorable to growth; as well as upon adequate sleep, regularity, and proper food. Keeping the first three objectives in mind, our program for the fall term is planned entirely for the outdoors. The games which we play are graded according to the age and ability of the child. These games contribute to character growth as well as physical growth, by an insistence upon the following traits, i.e., obedience to reasonable commands, cheerfulness, courtesy, self-reliance, honesty, and respect for the rights of others.

In the organization of these games which are played at recess, also, each class is assigned a definite space on the playground for play. Each class has a permanent organization of two groups of boys and two of girls who choose captains to take charge of the game, thus developing leadership. In this way every boy and girl feels that he or she belongs to a definite team regardless of whether he is a good or poor player. This outdoor program is used in the spring, also.
During the winter term, the activity is centered in the playroom and classroom with marching, posture exercises, folk dancing and stunts. The Marshall Spring and Lowell Schools are very much handicapped because of the lack of a playroom. Much of the material which is taught in the physical education period can be used for leisure time activity outside of school. This is especially true of the girls’ work in the senior high school where the spring program consists of tennis instruction, horse shoes, shuffleboard, table tennis and bowling.

Posture is one of our most important objectives and each year we have excellent results with our individual posture classes. After the doctor’s examination in September, the defects of poor hearing and eyesight are followed up because these definitely contribute to poor posture. The physical instructor gives each pupil a posture examination and those classed as C or D are grouped for the special posture class. In the high school this is done individually, because of the excellent results from such a plan. The early discovery of a defect means a quicker cure than a case of long standing. Poor posture is largely a case of poor habits, standing and sitting and we need the co-operation of pupils, teachers and parents to develop good habits in their place.

Last year I urged all girls who play in sports to take the tuberculin test which is given each spring to the middler class. This is a health measure which should be a requirement for all those competing in sports.

REPORT OF THE SCHOOL CAFETERIAS

Marion P. Keep, Supervisor

The Watertown School Department Cafeterias are in operation in the Senior High School, the East Junior High School and the West Junior High School with a total enrollment of 2938 students.

The present system, under the management of a home economics trained director, is a simple yet effective one. Each cafeteria is operated as a separate, self-supporting unit, the three comprising the whole Cafeteria Department,
which is carried on in a business-like, scientific way. All records are accurately kept and audited each year like any well-organized business.

The original equipment was furnished by the School Department some ten or eleven years ago. This equipment must, however, be maintained, improved, replaced or added to from the Cafeteria Department funds. All expenses including wages of workers, upkeep of equipment, care and cleaning of the cafeteria are paid by the Cafeteria Department, in addition to food supplies. This entails the necessity of building up a depreciation fund.

Through careful planning and wise buying, the Supervisor has been able to meet all cafeteria expenses to date without increasing prices to the students. Because of the great fluctuation in the quality and cost of meats, fruits and vegetables, these items are not bought on bid but are bought as needed from firms selected by the Supervisor. Canned goods are bought on future and delivered to each cafeteria when needed. The total volume of business of the whole department makes it possible for the Junior High Schools as well as the Senior High School to have the advantage of low prices and high quality foods.

The Supervisor makes out the menus, which are changed daily, and usually no item is repeated within two weeks time, except for the standard items such as milk, fruit juices, ice cream and cookies. The menus offer well-balanced and attractive combinations. The daily hot dish, which includes meat or fish, potato, gravy, vegetable and one slice of bread and butter, sells for ten cents. In a surprisingly short time, even the younger students learn that the hot dish is the best value for their money, though a bowl of soup made with fresh vegetables and meat stock and served with crackers, which may be bought for five cents, runs a close second. Standardized recipes, measures and utensils are used to insure daily standard servings of uniform quality and size. All crackers and sandwiches, except the hot meat sandwich, are wrapped in waxed paper or placed in glazed paper bags. The Cafeteria Supervisor visits each cafeteria daily and alternates for the entire
lunch period among the three schools. In this way it is possible to keep in intimate touch with the cafeterias and see that the standards are kept up.

REPORT OF THE INDUSTRIAL ARTS DEPARTMENT

John Black, Director

During the past year the total enrolment of this department has reached a new high. Each year finds the various classes in the elementary schools holding about the same registration. In the Junior High Schools there has been a slight increase. The Senior High School shows a greater number each year. The enrolment this year has 96 Juniors, 80 Middlers and 59 Seniors, making a total of 235 boys, a record for this department.

With industry slowly but surely increasing its production and absorbing more and more of the unemployed there is still a great demand for skilled mechanics. It is doubtful if the old time apprentice system will ever become a fact again as industry is too busy in active competition to train mechanics in their factories.

With no opportunities to learn his trade in these establishments a boy must receive the fundamentals of his training at the high school or the day or evening trade school. With the American Federation of Labor voting in favor of a 30-hour per week schedule we are confronted with the problem of properly using this extra leisure time.

The work of this department from the 6th to the 12th grades is laying the foundation for real practical work that will be both useful and valuable not only as a vocation but will serve as an avocation.

The projects made in the 6th grade are changed each year to allow for variety. There is no greater interest shown in any of our shops than that displayed by these pupils. Here the foundation for the future is laid for many boys.

At the Junior High Schools there have been several pieces of furniture such as bookcases and cabinets made for elementary schools, besides the regular work outlined in the course. The teaching of mechanical drawing with the shop
courses has become very beneficial to the pupils as it enables them to visualize their completed projects and to read blueprints more readily.

At the Senior High School, the room formerly occupied by the machine shop is now being made ready to accommodate the print shop. A brick wall, eight feet high, has been built in place of the low wooden fence. The upper area will have windows to allow daylight in the corridor. The present print shop will be made into two rooms with a solid brick wall between. The larger room to be used for related work for shop subjects and the smaller one for a conference room for vocational guidance.

The 2-13" back geared lathes which have been built by the pupils in the pattern making and machine shop classes are ready for use when the motors arrive.

During the past year, a large amount of work has been completed in the shops for various departments of the town which has given practical training to the pupils and made a substantial saving for the town. Much time has been spent by the woodworking department in constructing and rebuilding stage scenery for the several plays.

REPORT OF THE DRAWING DEPARTMENT

Florence H. Russell, Supervisor

An adequate program of Art Education today, transcends art periods and art studies and permeates all school life. As children like to draw there is no need to urge them. Every child is born with the power to create and it remains for us as teachers to release and develop the power wisely, that it may become for him a key to joy and wisdom and possibly self realization.

Art Education in our schools is not a subject considered alone. The program in the elementary grades is carried on through integration of other subjects. Problems in design, color, lettering, constructive handwork and art appreciation are manifest in all phases of school work and become a part of the general activity program.

Art is a guide in the arrangement of subject matter on a page whether in arithmetic, spelling, or composition. Sto-
ries and poems awaken the interest of the child who is permitted to illustrate them. History and literature are visualized more clearly and incidents made more vivid by the development of a frieze or construction of a project on the sand table; and subjects otherwise uninteresting and perhaps abstract may be made to take on new life and added significance.

In the junior and senior high school years special opportunities are provided for developing school service programs around art. Here the pupils have practical application for problems in design, color, lettering and construction; in the designing and painting of scenery, posters, properties and costumes for assemblies, and plays as well as many problems related to home and community service.

The making of illustrated maps, designing of note books with sketches and covers, linoleum printing for the school annual and Christmas cards, all provide for progressive instruction leading to cooperative service and consequently integration.

Constructive handwork such as tooled leather, basketry, ship carving, and other forms of craft work which because of cost of material and tools has been taken out of many art courses in recent years is again being required in all progressive programs. This type of work fosters invention and creative ability and I hope we may again introduce it into our course to some extent.

Our program aims to cultivate in the child a love of his tools, a regard for neat, orderly and conscientious work.

All children can draw, but not all equally well. In every class, one or more pupils stand out as having more than average ability. This talent we encourage and develop by permitting them to do more advanced work. Our country needs artists in the field of industry as it has never needed them before. A growing demand for beauty as well as utility in industrial products is opening a wider field for these pupils. Our boys and girls will be artists as well as artisans of the future.

"Fortunate is he who at an early age knows what Art is."
REPORT OF THE MUSIC DEPARTMENT
Rena I. Bisbee, Supervisor

The general organization of the music classes is the same as last year. There have been so few changes in grade teachers that the work has not been interrupted anywhere. It is very satisfactory to find such interest and accomplishment on the part of both pupils and teachers when visiting classes unannounced as well as on regular schedule. A shortage of music books in many instances presents difficulties, requiring ingenuity on the part of the instructor to spread out the material.

The teachers having charge of music in the Junior High Schools are the same ones who have done such efficient work before. Music appreciation is combined with drill in note reading, part singing and memorizing. A special demonstration of chorus work was given last June. Selected groups from each class in the two schools were used. The seventh grade sang in three parts, the eighth and ninth both in four parts. This concert was given twice—on an afternoon in the East Junior and on an evening in the West Junior High School.

It was decided this fall to make the High School chorus more selective and put it on the basis of a glee club. Every applicant was tested as to voice and ability to read. Even with these restrictions over a hundred were chosen. The club will make its first public appearance on January 8, 1937 at the band concert.

The orchestras and the High School band have increased somewhat in numbers. These organizations assisted as formerly at games, assemblies and plays in their respective schools. The usual concerts were given this past year: High School and Legion Bands in January under the leadership of Mr. Chick; High School Orchestra and High School Band in March, led by Miss Bisbee and Mr. Chick; combined Junior High Orchestras in May trained by Miss Bisbee; and the Elementary School orchestras in May under the direction of Mrs. Drew.

The New England High School Music Festival was held in Springfield, March 11-14, 1936. This consisted of a chorus,
a band and an orchestra and the final concert was broadcast. Watertown was represented in all three organizations, having sent eleven pupils.

Our records show an increase in the number of corrections of remediable physical defects, including vision, resulting in the improvement of the general health of our school population.

In the Spring of 1936 a Survey of Grades 7-9-11 was made by the Middlesex County Clinic. Of the 875 tested, 120 reacted to the Tuberculin Test, these reactors were x-rayed and 29 pupils were recommended for observation and check-up.

We continue to have the services of the state clinic for retarded pupils, three of these clinics were conducted in our elementary grades during the past year.

We wish to thank all who have given us their help and cooperation.

REPORT OF SCHOOL PHYSICIAN

Benjamin T. Loring, M. D.

During the year the regular calls at the various schools have been made, so far as possible early in the sessions, recording the date and time of the call in the register provided.

By cooperation with the nurses, the calls have been made on days other than when the nurse was at the same schools, arranging it so that either the doctor or the nurse was present each day.

The monthly reports have been made promptly at the end of each month.

One emergency call in another district was made.

The annual examination of each pupil has been made as usual and recommendations for corrections of defects have been sent to parents, and followed up by calls by the nurses where necessary.

By the assistance of Parent Teachers Associations, children needing more nourishment have been provided with a small bottle of milk at the morning recess in not a few cases, always with resulting gains in weight and strength.

There has been no serious epidemic of sickness in any of the rooms under my care during the year.

Number of pupils examined physically 1109
Defects found in yearly examination 146

- Needing tonsils removed 20
- Enlarged tonsils 14
- Adenoids 3
- Nasal obstruction 7
- Heart murmurs—functional 11
- Heart murmurs—organic 0
- Malnutrition (over 10% underweight) 16
- Poor posture 23
- Scabies 1
- Pediculosis 3
- Enlarged cervical glands 16
- Not successfully vaccinated 32
REPORT OF SCHOOL PHYSICIAN
Albert B. Toppan, M. D.

Number of school pupils seen in daily school visits during the year:
- Infectious conditions: 46
- Noninfectious conditions: 324

Visits made on each school weekly and one school daily.
Yearly physical examinations of all pupils, not including above:
- Parker: 276
- Grant: 85
- West Junior: 856
- Browne: 436
- Marshall Spring: 301

Defects found in yearly examination:
- Enlarged tonsils: 81
- Heart defects, organic or functional: 32
- Lung defects: 4
- Orthopedic cases, including postural and foot defects: 181
- Skin diseases: 8
- Nasal defects: 2
- Poor nutrition: 30

1954: 338

In addition to the above, I attended one-third of the football games played by the High School, and made such other emergency calls for consultation on first aid treatments as were necessary during school hours.

REPORT OF SCHOOL PHYSICIAN
H. Zovickian, M. D.

Yearly physical examinations of pupils: 2296
Defects found in yearly examination:
- Cardiac cases: 18
- Eczema: 2
- Miscellaneous: 462
REPORT OF SCHOOL DEPARTMENT

Number of school pupils seen in daily schools visits 297

Accidents—first aid treatment 6
Chicken pox 1
Common colds 96
Impetigo 104
Mumps 42
Ringworm 13
Scabies 4
Sore throats 11
Tonsillitis 20

Examinations for employment cards 4
Posture examinations 44

Attended three of the Senior High School football games.

REPORT OF THE ATTENDANCE AND CERTIFICATING DEPARTMENT

The Supervisors of Attendance investigated two thousand and thirty three cases of reported non-attendance during the year ending December 31, 1936. Of these cases three hundred and sixty four were due to truancy and sixty eight attributed to the indifference and neglect of the parents. Five cases were referred to the Waltham District Court, four of which are still pending. The other case was dismissed after a probationary period during which the attendance of the pupil was improved. At the present time we have no one committed to the Middlesex County Training School.

We had two hundred and nine cases of absence from school because of want of clothing. These children were cared for by the Supervisors of Attendance and School Nurses through the School Welfare Fund, which is maintained by the voluntary contributions of the school employees. Clothing and rubbers were also obtained from the Watertown District Nursing Association Office.

This office issued six hundred and forty eight certificates to employed minors, and sixty two minors were licensed to sell newspapers. During the past year, we have been more fortunate in placing those seeking employment through our
office. It is noted that many of the larger concerns are not employing minors under eighteen years of age.

JOSEPH L. CARROLL,
FRANCIS M. CAVERLY,
Supervisors of Attendance.

In conclusion I desire to express my appreciation to the School Committee for their loyal support and to the school teachers for their hearty cooperation in carrying out the work of the schools.

Respectfully submitted,
WILFRED H. PRICE,
Superintendent.

REPORT OF THE TRUSTEES OF THE
FREE PUBLIC LIBRARY, WATERTOWN

To the Citizens of Watertown:

In the early summer of 1936 the planting on the
grounds of the Main Library was done with the $250 ap-
propriated by the Town.

Two honors have come to the Library this year. Miss
Lydia W. Masters, our librarian, was elected president of
the Massachusetts Library Association and Miss Corinne
Mead, one of the assistant librarians, was elected president
of the Charles River Library Club.

There is an increasing use of the library and a definite
need for more money for books and binding.

The circulation at the North Branch has increased to
the point where it seems advisable to ask the town to ap-
propriate money to carry out the plans which were made
at the time the building was turned over to the Library de-
partment for a branch library. Plans were drawn by Her-
bert G. Mason and the estimated cost, at that time, was
$12,000.

Respectfully submitted,

RUTH H. FURBER,
Chairman.

REPORT OF THE LIBRARIAN

To the Trustees of the Watertown Free Public Library:

Ladies and Gentlemen:

It is a satisfaction to tell you that there has been an
increased use of the library during the past year. There
were 398,998 books given out, an increase of 3.7 per cent
over 1935. We have not come back to the all-time high
circulation of 1933 but I feel that the record would have
been higher if we had been able to buy more books and to
duplicate more freely the books in most demand. It has been the experience of all libraries that a shortage of up-to-date books has a direct effect upon the use of a public library.

Of the 4,283 books added in 1936, 1,171 were replacements, most of which we were able to purchase at a low rate. Only 71 were reference books. Of the remaining 3,112 many were duplicates for the three branches. It has been impossible to buy many desirable books which people wished to read and books in great demand often have waiting lists for more than a year.

In the years of 1927 and 1928 the library had $7,000 for books, periodicals and binding. In 1929, 1930 and 1931 it had $8,000, then in 1932 all departments in town cooperated in meeting the economic crisis and this appropriation went down to $6,000, a cut of 25 per cent. In 1933 the appropriation for this purpose had an additional cut of 10 per cent but the use of books in this five year period had gone up 75 per cent. In 1934, 1935 and 1936 we have received $6,000 again. I realize that the Town has given us just what was asked for books in these years. As special appropriations were needed to enlarge and more adequately equip our Main Library the regular appropriations were practically unchanged. If we can believe what we read in the papers, better times are ahead. I therefore hope that our appropriation for books, periodicals and binding may be increased in 1937.

There is a library slogan that "every book is a new book to me until I have read it." Most good books are ageless and if the "to me" is left out, the slogan would be true of most children's books and fiction, much of biography, history, travel and general literature. It would be far from true of technical and business books, economics, and the natural, social and political sciences. Our standing among the public libraries of the State is high but until we return to the $8,000 appropriation for books, periodicals and binding, we are receiving less than the standard amount for libraries of our size. The average appropriation for public libraries in Massachusetts is $1.15 per capita and
this figure is pulled down by the low rate in many cities. Our library received $1.02 per capita last year.

The standard set for circulation of books in towns, or cities, of our size is “not less than 6”. In 1936 we circulated 11.13 books per capita at a cost of 10.6 per book. This does not take into account the even more valuable services rendered. The standards of library service have broadened and now in addition to the routine work of preparing and circulating books, larger efforts are made in service to the individual and in contacting the potential reader outside the library walls through talks on books and library service, story hours and clubs for adults as well as those for the young people. Forty-two story hours and many talks have been given during the year. Most of this service has had to be done on the “free time” of the staff.

The alterations to the Main Library which were completed in 1935 have proved most satisfactory. This year the interior of the main floor of the East Branch was painted. This is the first time it has been done since the branch was built in 1927. The repairs next in order are those needed at the North Branch. I hesitate to repeat what has been said in previous reports on the condition of this building and the opportunities for enlarged service in this community. We have done our best to arrange this small room so as to handle the work efficiently but with a circulation of over 53,000 I believe conditions warrant taking over the whole building as originally planned.

One of the outstanding events of the year was the exhibition of arts and crafts done by Watertown residents. This exhibition was sponsored by the Art Committee of the Woman’s Club. It opened on Sunday, November 8, with a reception and tea and it remained at the library until the 14th. All parts of the library were used for the exhibition which attracted many people from out of town as well as the townspeople. Without an art gallery, the library displayed the collection with admirable effect, notably the beautiful seven foot painting, “The Wife of the Albanian Consul”, by Elmer Green, which was hung over a window in the reading room.
Hearing that the library had no suitable book-plate, Putnam & Cox, architects of the recent addition to the library, offered to make one for us. The design was made by Mr. O. P. Morton. The library now has a book-plate which is a credit to it and to the donors of our two book funds. It may inspire others to give funds for that purpose.

For the detailed figures of the work of the year and the condition of the library I refer you to the charts prepared. I wish to mention, however, that our library, in common with all public libraries, is still suffering from the selfishness of individuals who think that the word “free” means freedom to purloin illustrations, pages from books, or entire books, if they happen to want them. Our losses were somewhat less this year because the books on art, science and local history are now kept under lock and key, thereby depriving others from browsing among these books and finding knowledge and pleasure in them. Without doubt this has had a decided effect on our circulation. We can report, however, that the percentage of non-fiction circulation has increased.

The personnel of the staff has remained unchanged, except for the addition of Miss Beatrice Collins, Simmons 1935, who had been a part-time worker. Miss Helen E. Smith, a junior assistant, took courses at Duke University during the summer and has been made an assistant in charge of the work with children at the East Branch. Miss Blazo has also been made an assistant and given charge of the work with children at the North Branch.

Members of the staff have attended various library meetings and in November our library entertained the Charles River Library Club. Luncheon was served to them by ladies of the Church of the Good Shepherd.

In the Boston Globe of January 6 there was an editorial from which I quote the last paragraph. “Whether a democracy is up to the task of educating itself in time to stave off disaster is a question which the 20th century may see answered. Meanwhile, the public library is poten-
tially one of our propellers. We would do well not to stint money or labor to keep it in prime condition.”

Our standards have always been high and I know that you, as Trustees, and we, the library staff, will try to keep them high during the coming year.

Respectfully submitted,

LYDIA W. MASTERS,
Librarian.

EARL J. WYLIE, M. D.

Board of Health Nurses
ROSE AJEMIAN, R. N.
AGNES KIRKER, R. N.

School Dentists
JAMES E. DONAHUE, D. M. D.
CHARLES E. KELLEY, D. M. D.

Dental Assistant
IRENE K. DRUMMEY, R. N.

Baby Clinic, Eastern
R. C. LAVRAKAS, M. D.

Baby Clinic, Western
L. B. SILVERSTEIN, M. D.
To the Citizens of the Town of Watertown:

The Board of Health submits the following report for the year ended December 31, 1936:

The Board organized March 4, 1936, electing Guy C. Pesce, M. D., Chairman; Eugene F. Gorman, M. D. Secretary, with Albert L. Biller, M. D., as the third member.

At a later meeting, held March 25, 1936, the following employees were reappointed:

Health Officer, Mr. Fred W. Bodge
Bacteriologist, Mr. Arthur E. Burke
Clerk, Miss Alice H. Farnham
Nurse, Mrs. Rose Ajemian
Nurse, Mrs. Agnes Kirker
Dental Assistant, Mrs. Irene K. Drummey
Superintendent of Cemeteries, Mr. Van D. Horton
Board of Health Physician, Dr. Earl J. Wylie

At the regular meeting of the Board held April 3, additional reappointments were made, as follows:

Dental Clinic, Dr. Charles E. Kelley
Dental Clinic, Dr. James E. Donahue
East Well Baby Clinic, Dr. R. C. Lavrakas
West Well Baby Clinic, Dr. Louis B. Silverstein

The year 1936 has proved to be a year of very little sickness in general. This refers particularly to the item of contagious diseases. There have been no cases of diphtheria, rabies, or typhoid fever.

Again, this year, the Board wishes to impress on the citizens of the town the need of more dental work in the lower grades of the public schools.

The Board also extends its thanks to all persons, departments, and department heads, for any assistance in carrying out its work.

Respectfully submitted,

GUY C. PESCE, M. D., Chairman
EUGENE F. GORMAN, M. D., Secretary
ALBERT L. BILLER, M. D.
REPORT OF THE HEALTH OFFICER

To the Board of Health, Town of Watertown:

Gentlemen:

I herewith submit the following report of work done by the department during the year ended December 31, 1936. The report here presented is necessarily brief, but complete details are on file in the office.

Financial Report

Appropriation for 1936: $32,600.00
- General Administration $8,500.00
- Contagious Diseases 20,000.00
- Dental Clinic 2,500.00
- Well Baby Clinic 440.00
- Two New Cars 1,000.00
- New Refrigerator 160.00

Expenditures:
- General Administration $8,499.07
- Contagious Diseases 19,979.09
- Dental Clinic 2,500.00
- Well Baby Clinic 439.83
- Two New Cars 1,000.00
- New Refrigerator 150.00

Gross Expenditures $32,567.99
Returned to Treasurer 32.01

Gross Expenditures per Capita .893
Reimbursements during 1936, exclusive of Plumbing and Cemetery $6,911.18
- Licenses 434.50
- Dental Clinic 81.50
- State Subsidy for Tuberculosis 5,079.95
- Private Reimbursements for Tuberculosis 180.16
- State Subsidy for Other Contagious Diseases 649.50
City and Town Reimbursements for Other Contagious Diseases $154.82
Private Reimbursements for Contagious Diseases $230.50
County Commissioners for Rabies Vaccine and Treatment $100.25

Net Cost to Town $6,911.18
Net Cost per Capita $25,656.81
Net Cost per Capita .702

Summary of Vital Statistics
Population (Estimated) 36,500
Births 493
Birth Rate per 1,000 population 13.3

Corrected Death Rate
Note: The corrected death rate is found by eliminating the deaths of all non-residents dying in Watertown and adding the deaths of all residents of Watertown dying elsewhere, as shown by the records of the Town Clerk.

Deaths of residents occurring in Watertown 187
Deaths of residents of Watertown occurring elsewhere 167

Total (Stillbirths not included) 354
Death rate per 1,000 population 9.69
Tuberculosis Deaths 17
Tuberculosis Deaths per 100,000 population 46.5

**Communicable Diseases**

The cases of communicable diseases have been on a par with the previous year, with no notable increase in any particular disease. There were 940 reports registered at the office, against 963 in 1935.

The following chart shows the diseases by months:

### Contagious Diseases for the Year 1936

**Anterior Poliomyelitis**

We were fortunate in having only one case of anterior poliomyelitis reported during the year 1936. This case was
of the paralytic type. The child was 1\frac{1}{2} years old, who is now at the orthopedic department of the Lakeville Sanatorium.

**Dog Bites**

There were 146 dog bites reported during the past year, which were all reported to Dr. H. W. Jakeman for examination and restraint. There were no serious bites, and a very large percentage of these was due to children tormenting dogs, and in practically every case was more the fault of the human being than it was that of the dogs for biting.

**Rabies**

There were no rabies cases reported among dogs or humans during the past year. This goes to show conclusively, that vaccinating dogs is very important and without a doubt holds down the dangers of rabies developing. Eight people were given anti-rabic treatment during the past year. These were cases where the owner of the dog could not be located, or where the bite was around the head or shoulders of the person bitten. Some of these persons were given only one injection, some seven, and some fourteen. This was done at a cost of $26.25 for vaccine and $74.00 for administering the vaccine. This sum has been repaid by the County Treasurer.

For the ninth consecutive year five free clinics were held in April for the immunization of dogs against the possibility of rabies. Six hundred eighteen dogs were vaccinated, which is approximately 77% of the number of dogs licensed. Again we urge all owners of dogs to avail themselves of this opportunity and have their pets immunized during the coming year, further to protect children and adults.

**Diphtheria**

No cases of diphtheria were reported during 1936. We sincerely hope we shall be as fortunate during 1937. There were 264 children immunized against this disease at five clinics, held during October and November, and there will be another clinic held during 1937.

We urge upon all parents of children over six months of
age, to go to their family physician and have their children given toxoid or toxin-antitoxin, that they may be immunized while very young and susceptible to diphtheria.

Scarlet Fever

Again during 1936 we were very fortunate in having only 60 cases of scarlet fever reported, and only one death occurred. Of these cases only 16 were hospitalized in 1936. Although there were only a few cases, several developed mastoids, which necessarily extended the period of quarantine in the hospital. The usual letter of instructions was given all parents, and a close watch was kept on all homes in quarantine. We are looking forward, hoping that within a few years, science will have provided an immunizing agent, which will put this disease on a par with diphtheria.

School Clinics

As a result of the ten-year program directed by Dr. Henry Chadwick, the county sanatoria offer to the towns
in their respective counties, a yearly survey of the children in the seventh, ninth and eleventh grades, in the hope of detecting early cases of tuberculosis in the adolescent age group. All the children in the above mentioned grades are asked to have their parents sign request blanks, if they desire to avail themselves of this service. Those whose parents request the service are given the tuberculin test (Von Pirque, using O. T.). This test is read in from three to four days. Any showing a positive reaction are then X-rayed, using a portable apparatus in the schools. Those children showing any suspicious X-ray evidence are given a physical examination and finally classified into active cases, observation cases, and negative cases.

The results of our clinic were as follows:

**Summer Camps**

The Watertown Branch of the Southern Middlesex Health Association was instrumental in sending seven children to Camp Merriland in Sharon, during the summer months, and fourteen to the Prendergast Preventorium in Mattapan, for a three-week period, through the sale of Christmas seals. Each of these children received a great deal of benefit, gaining on an average of six pounds each. We sincerely hope the people of Watertown will continue to assist in this work, as it is a very worthy cause.

**Diagnostic Clinic at Middlesex County Sanatorium**

It has been the aim of the department to provide sanatorium care for those persons suffering from tuberculosis and especially those in the early stages of the disease. From an economic standpoint alone, a patient receiving
early treatment and checking of the disease, will save the community the necessity of providing years of care at a later date. By early diagnosis and isolation of the patient, the danger of infecting contacts is materially lessened. With this in view, the physicians in Watertown have been informed as to the privileges of the Middlesex County Sanatorium in Waltham, where persons may receive physical examination by chest specialists with an X-ray and diagnosis, without charge. Patients may be referred on a consultation basis to this diagnostic clinic and all reports are sent direct to the attending physician, who continues to supervise his patient and prescribe whatever therapy may be required. Besides the diagnosis of cases, the clinic is of great value in supervising contacts.

**Typhoid Fever**

No cases of typhoid fever were reported, or no deaths occurred from this disease, in the year 1936.

**Well Baby Clinics**

These were held two afternoons a week, Tuesdays at the West Junior High, and Fridays at the Coolidge School. There were 98 clinics held during the year, 1216 babies were examined by the physicians in attendance, and advice in feeding and child hygiene was given. The weight of each child was taken and recorded in each case.

**School Nursing at St. Patrick's and Sacred Heart Schools**

It is the duty of one of the nurses of this department to visit both the St. Patrick’s and Sacred Heart Schools each school day. There were 352 visits made to the schools and 4434 examinations of children; 485 first aid treatments were given and 808 home visits made on sick patients and absentees.

**Dental Clinic**

During 1936, the Dental Clinic was held in the following schools: Hosmer, Browne, Marshall Spring, and starting on the Coolidge. Clinics were held each morning, and a total of 165 extractions were made, 1285 fillings put in and 501 treatments were given. In the afternoons, the dental
assistant gave general instruction in dental hygiene, in the different grades of the several schools. There was collected during the year, $81.50, which was turned over to the town treasurer, for work done among those who could afford to pay for it.

Again, this year, we feel that there should be an additional clinic provided by the voters of the town, in order that more work can be done among the younger children in the schools, as they are in crying need of this kind of work. It is impossible to get around to the different schools oftener than every other year.

Food Distribution

There were 2270 store inspections, 1215 of eating places, 214 bakeries, 118 milk plant inspections and 36 of ice cream manufacturing plants. On food inspection, a number of pounds of fish have been found and destroyed, which was not up to the standard, and some meat. We feel that this is a very fine showing and that our stores are in good condition.

General Sanitation

There were 165 nuisance complaints registered, investigated and adjusted.

Milk Inspection

There were 25 samples of cream, 26 samples of ice cream and 606 samples of milk collected during the year, and these were analyzed for butter fat and bacteria in our laboratory, and it is a matter of record that the average butter fat content for milk sold in Watertown is 4.16%, which is a very high average for milk. We feel that the town is being supplied with an excellent quality.

Removal of Dead Animals

There have been removed from the streets adjoining property, the following dead animals, at a cost of $186.50 to our department: 83 dogs, 180 cats, 8 skunks, 8 rabbits, 2 squirrels and 1 muskrat.

In conclusion, I wish to thank the members of the Board
for their co-operation and confidence, and the employees of the office and those connected with other departments, for their assistance in carrying on the work of the Health Department.

Respectfully submitted,

FRED W. BODGE,
Agent.

REPORT OF SUPERINTENDENT OF CEMETERIES

To the Board of Health:

Gentlemen:

The report of the Superintendent of Cemeteries for the year ended December 31, 1936, is herewith submitted:

Total Appropriations $11,670.00
Total Expenditures 11,662.08
Balance $7.92

See Auditor's report for detailed appropriations and expenditures.

Amounts paid to Town Treasurer for the sale of lots, single graves and general labor, including interest on Perpetual Care Fund: $6,029.36

Interments in Ridgelawn Cemetery 87
Interments in Common Street Cemetery 7
Vaults Used 5
Lots sold:
  Two-grave lots 4
  Three-grave lots 6
  Five-grave lots 5
  Single-grave lots 40
Foundations placed 37
Special Appropriations:
New Chain Link 6-gauge Wire Fence, placed on rear line of Common Street Cemetery, 780 feet.

Water Extension, Ridgelawn Cemetery, 470 feet cement lined pipe and fittings used.

Respectfully submitted,

VAN D. HORTON,
Superintendent of Cemeteries.

REPORT OF PLUMBING INSPECTOR

To the Board of Health:

Gentlemen:

I herewith submit my annual report as Plumbing Inspector for the year 1936:

Total amount of fees received for permits $564.00
Total number of permits issued, for which a fee was charged 141
Total number of permits issued for boilers and no fee charged for replacements 36
Total number of fixtures installed 720
Total number of inspections 280
Total number of water tests on plumbing 140
Total number of sanitary inspections 75
Total number of permits issued and not finished 8

Many hours of this office are taken up in consultation in laying out of work, and adjustments on sanitary inspections and general complaints.

Respectfully submitted,

CHARLES M. HEWITT,
Inspector of Plumbing.
The fifty-second year of the Water Works of the Town has now closed.

During the year 7,569 feet of water mains have been laid on construction and reconstruction.

Smaller sizes of pipe have been replaced with larger sizes. Numerous dead ends have been connected up giving a free flow of water. In the meter division of the department, 1,292 meters were changed and repaired. Six new hydrants and twenty-three services were installed. Eighty-six hydrants were repaired. Four hydrants were broken, at a total loss to the Department. New mains were laid in Charles River Road, from Irving St., to Wheeler Lane. Chestnut Street has been relaid with 6-inch pipe the entire length, replacing the old sheet iron cement pipe of former years.

In addition to our regular work we installed three fire connections, two being new and one replacement, from a 4-inch line to a six-inch line.

The Board recommends that new hydrants be added as recommended by the Chief of the Fire Department. That the existing two-inch mains be replaced by larger pipe, and as many as possible of our numerous dead ends be eliminated. We have already recommended replacement of 6-inch pipe on Dexter Avenue with 12-inch pipe as a W.P.A. Project and the Selectmen have granted the department the money for the material for this job.

The old cement lined pipe on Fifth Avenue should be renewed, thus completing an all cast-iron system on the South Side of the river.

On W.P.A. work we laid a ten-inch pipe on Langdon Ave., replacing six-inch. A 12-inch pipe replaced a 6-inch pipe on Elton Avenue. On Arlington Street a 10-inch pipe replaced a six-inch pipe. On Nichols Avenue 587 feet of 12-inch pipe replaced 6-inch pipe, this project is not as yet
completed. On Coolidge Hill Road 777 feet of 10-inch pipe replaced 6-inch pipe, this project still being uncompleted.

On these different W. P. A. projects the Department was obliged to spend 6,172 man hours.

Respectfully submitted,

ARTHUR I. DAVIS, Chairman
EDWARD C. HALL, Secretary
ARTHUR C. FAGAN

REPORT OF THE WATER DEPARTMENT

The fortieth annual report of the Water Department for the year ending December 31, 1936, is respectfully submitted. The transactions relating to this department are as follows:

Receipts

| Appropriation for maintenance | $40,000.00 |
| Appropriation for office       | 1,800.00   |
| Appropriation for vacations    | 1,439.00   |
| Appropriation for Palfrey Street | 5,400.00 |
| Appropriation for Langdon Avenue | 8,000.00 |
| Appropriation for clerks       | 2,336.00   |
| Appropriation for superintendent | 3,200.00 |

$62,175.00

Expenditures

Respectfully submitted,

WALTER E. RUNDLETT,
Superintendent.

Statistics of Consumption of Water

1. Estimated total population to date, 36,500.
2. Estimated population on lines of pipe, 36,500.
3. Estimated population supplied, 36,500.
4. Total consumption for the year, 753,239,000 gallons.
5. Passed though meters, 631,880,000 gallons.
6. Percentage of consumption metered, 80.
7. Consumption for manufacturing purposes, 158,983,000 gallons.
8. Average daily consumption, 2,058,000 gallons.
9. Gallons per day to each inhabitant, 57.
10. Gallons per day to each consumer, 57.

Statistics to Distribution System

Mains

1. Kind of pipe, cement and cast-iron.
2. Sizes, 16-inch to 2-inch.
3. Extended, 1,101 feet during year.
4. Total now in use, 75.81 miles.
5. Number of hydrants added during year, 6.
6. Number of hydrants now in use, 715.
7. Number of stop gates added during the year, 26.
8. Number of stop gates now in use, 1,768.
9. Range of pressure on mains, 115 lbs to 30 lbs.

Services

10. Kind of pipe, wrought iron, cement lined, cast iron.
11. Sizes, $\frac{3}{4}$-inch to 10 inches.
12. Extended, 896 feet.
13. Total now in use, 22,753 miles.
14. Number of service taps added during the year, 23.
15. Percentage of services metered, 100.

REPORT OF THE PARK COMMISSIONERS

January 13, 1936.

To the Citizens of Watertown:

The Board of Park Commissioners submits the following report for the year ending December 31, 1936.

Victory Field, the Parks and Deltas received the usual good care by the Superintendent and his men and at this time we express our appreciation to them for their work at night made necessary by the use of Victory Field for twilight baseball, keeping the Tennis Courts open each week day night until 9 P. M. and the flooding of the skating rink.

It was with regret that we accepted the resignation of our Chairman, George B. Wellman and we wish him success in his new office. The Board was pleased to welcome Lawrence Donnelly who was appointed by the Board of Selectmen to fill the unexpired term of George B. Wellman.

Winthrop G. Rockwell was appointed to fill the vacancy caused by the resignation of Norman D. MacKay.

Victory Field was used by the various athletic teams of the High School and several other clubs were constant users of the field for twilight games.

We are pleased to mention the erection of a new steel Flag Pole at Victory Field and the donation of the old Flag
To the Honorable Board of Selectmen:

The annual report of the Superintendent of Playgrounds is herewith submitted as the report of the Playground Commission for the year 1936.

The recreation season officially opened July 16th and closed September 2nd. On the opening day the playgrounds were equipped with athletic paraphernalia, horseshoes and handicraft materials. New slides were erected on the Bemis and Coolidge Playgrounds. Sprinklers were distributed to the several playgrounds for use on hot days. To each center was assigned a corps of competent instructors as well as a capable crew of lifeguards and two matrons at the bathing beach.

The recreational activities consisted of baseball, horseshoes, track and basketball for the boys. While baseball, football, handiwork and paddle tennis claimed the attention of the girls, baseball leagues were formed for boys. These leagues were comprised of four groups namely, Seniors—made up of boys 16 years and under; Juniors—including boys 14 years and under; First Midgets—consisting of boys 12 years and under; Second Midgets—composed of boys 10 years and under. Similar batball leagues were arranged for girls and inter-playground competition flourished under the careful supervision of the instructors. Horseshoes and paddle tennis tournaments received the popular acclaim of the youngsters of all ages.

As in previous years, special playground "Days" were
"Play Day", "Pet Day", "Freak Day" and "Parade Day" were attended in large numbers and by enthusiastic children and parents.

The Exhibition, the grand finale of the playground season was held in Victory Field on September 1st. The large attendance and interest shown by the citizens of the Town at this function amply repaid the instructors for their efforts to achieve a successful closing.

The measure of success in playground activity is the attendance on the part of the children. And since this is true, we submit that the recreational season of the year 1936 was highly successful. Attendance records show a weekly attendance of about 7000 children while the Bathing Beach accommodated about 500 bathers daily.

Recommendations

We recommend that the area of the Bemis Playground be increased by the acquisition of the plot of land adjacent to the playground; that a new and permanent equipment house be erected to house the playground equipment in the off season. At present the same is being kept in a section of the town barn and is constantly being moved around with the result that many of the accessories are lost, and the equipment itself sometimes permanently disabled. We would also recommend in the interests of safety, that all the swing frames be carefully examined and repairs and replacements made where necessary. Some of the present equipment is old and wornout and constitutes a hazard to the safety of the children.

In conclusion, we wish to thank the Board of Selectmen and all officials and citizens of the town who by their kind cooperation and assistance made the Summer of 1936 a pleasant and successful recreational season in Watertown.

Respectfully submitted,

JOSEPH W. ANDREWS, Superintendent,
EDMUND P. HICKEY, Chairman,
BERNARD S. McHUGH, Secretary,
WINTHROP W. ROCKWELL,

Watertown Playground Commission.
REPORT OF PLANNING BOARD

To the Honorable Board of Selectmen:

The Planning Board wishes to report that the general health, welfare and convenience of the citizens has been well safeguarded during the year. The Board has rendered reports to the Town Meeting on two petitions for the change of zoning during the year. The recommendations of the Board were upheld in each case, and no change has been made.

New conditions and demands are creating a necessity for new and more comprehensive Zoning By-Laws to control them.

The Board is alive to their responsibility to keep abreast of the times and to give due notice to the Town Meeting when danger threatens.

The new Zoning By-Laws, which represent the opinions of Zoning experts in the State, will be approved, we hope, early in 1937.

Although Watertown is a manufacturing Town, we can be glad that, in no case, does a manufacturing plant cause a distinct blight upon the surrounding neighborhood. Plant owners keep their premises neat, and seem to take an interest in appearances.

The use of ugly, painted wood signs on buildings is giving way to the more attractive Neon signs, but there are still a number of such wood signs in Watertown Square which are a nuisance, and never brought a cent's worth of trade to the merchants who own them, and never will.

In general, manufacturing towns are apt to be shunned by prospective home owners because of the lack of civic pride shown by the citizens.

We now have an opportunity to so strengthen and broaden our Zoning By-Laws that we will always have a good looking Town, and one where a home owner is secure from the evils of encroachment.

The Board is deeply concerned at the excessive speed of automobiles on Mount Auburn and Main Streets, and trusts
that no fatal accidents occur due to negligence of our traffic regulations.

The Planning Board, as now organized, is a strictly non-partisan Board, every member of which has the best interests of the Town at heart, and the record of the Board for the last six years has been one of achievement.

With the co-operation of the Board of Selectmen and the Building Inspector, we hope to achieve greater permanence for Real Estate values this year.

REPORT OF FINANCE COMMITTEE

To the Citizens of Watertown:

We respectfully submit the report of the Finance Committee to the Citizens of Watertown, after very careful consideration and study of the various requests for appropriations by the Departments of the Town.

We are charged with using reason and good judgment in recommending the amounts we believe should be spent by each Department, and we have done so to the best of our ability. We have been unable, however, to determine just what our Public Officials are thinking about when they submit their annual requests for money. The money has to come from the Tax-Payers, and every Public Official should realize by now that our Tax-Payers haven't as much income as formerly.

During 1936 we are going to receive a tremendous shock when we take up the burden of relief that is now being carried by the Federal Government. During the past five years, we have received about $2,000,000 from the National Treasury to assist us in relieving distress in Watertown, and we have expended about $1,500,000 of our own funds for the same purpose. The load to be carried by our Tax-Payers will increase during the year, because of Federal reduction of assistance, and potential increases in State
and County expenditures. In addition, we have declining valuations, and no new construction for replacement. With these problems before us, we naturally recommended reductions in requested appropriations, as we do not believe we are in a position to undertake increased taxation. The present outlook will require all Public Officials and employees to bend every effort toward increased efficiency at minimum cost. This will be especially true in the larger Departments of the Town, including the Schools.

The Superintendent of Schools sounded such a warning two years ago, when he stated in his annual report on Page 166, Report of 1934: "We should fearlessly clear the curriculum of such matter that has no immediate social or economic value, and include in our curriculums materials that will create in our boys and girls desirable attitudes toward citizenship and life." We believe that the School Department should require the Superintendent of Schools to name these subjects and eliminate them from the system. A report of such nature in 1934 should have some results by 1936, but we find no indication of such a trend in the School budget of this year. There has been improvement in School plant and equipment, and the personnel is more experienced. With the closing of one School building this year, and the usual retirements and adjustments within the system, we believe an effort should be made to decrease educational costs. The Schools are our heaviest spenders, and we are confident that the application of proper administrative and executive methods can provide improvements for the Teachers, Pupils, and Tax-Payers.

We have again recommended the removal of telephones from private homes that are operated at public expense, and have indicated various economies to Departments that might be accomplished.

We have recommended some street construction upon the condition that the State and County contribute the greater part of the cost. The construction of Coolidge Avenue, under such a joint arrangement, while not absolutely essential, appeared to be desirable to provide some employment, and to relieve the Town of greater expense later on.
We have recommended the sum of $25,000. to cover the cost of materials for use on projects approved by the Works Progress Administration, or its successor. This amount supplements the sum of $50,000 appropriated late in 1935 for the same purpose. We do not know what other sums will be needed for this or other relief purposes after June 30, 1936, when most WPA projects will be completed, but we do ask the Town Meeting Members to bear in mind that sizable amounts will be needed later in the year.

Nearly all Departments have benefited by the Relief Agencies of the Federal Government and we can see no excuse for any Division being without improvements that could be accomplished under such a system. However, we still find Departments that want the money to spend themselves, instead of saving money by having the work done at Federal expense.

During this year we will open a new Police Station. The quarters vacated by the Police Department should be remodelled to meet the requirements of the Fire Department, and the equipment of both the Police and Fire Departments should be carefully studied and brought to proper standards.

As Chairman of the Finance Committee, I have enjoyed the interest and sincerity of the members, and I thank them for their co-operation and faithfulness, and for the privilege of serving as their presiding officer. Their efforts have certainly been in the best interests of all the Citizens of Watertown.

Respectfully,

JOHN A. COLBERT, Chairman.

Voted: That the report of the Chairman of the Finance Committee, be adopted as the Report of the Committee.

MATTHEW W. J. CARLEY, Secretary.

Balance, December 31, 1936 $50,521.07

The following is a list of all moneys and securities which
have been placed in my charge by virtue of any gift, devise, bequest, or deposit:

The Martha Sanger bequest in the shape of a fund deposited in the Watertown Savings Bank.

Balance on hand, December 31, 1936 733.87
Interest for year, 1936 22.16

Balance, December 31, 1936 $756.03

The Templeton Fund, $2,500 which is represented by two $1,000 four per cent first mortgage gold bonds of the New York, New Haven and Hartford Railroad, Harlem River and Port Chester Division, and an account in the Watertown Savings Bank, for $500.00. The interest on same $15.11 paid to the Associated Charities for distributing at Christmas time as per order of the Board of Selectmen.

I have also in my charge the following property of the Public Library, which are not direct bequests to the Town.

Benjamin Hosmer Pierce Fund represented by a deposit in the Watertown Savings Bank amounting to, including interest, $1270.84.

Barry Fund, deposited in Watertown Savings Bank, amounting to, including interest $1025.22.

Mary D. Emerson Fund, deposited in the Watertown Savings Bank, amounting to, including interest $3,066.27.

Bonds belonging to the Trustees of the Asa Pratt Bequest amounting to $2,000.

HARRY W. BRIGHAM,
Treasurer.
REPORT OF THE BOARD OF ASSESSORS

The Board of Assessors hereby submits its annual report for the year 1936.

Despite a reduction in valuation of $308,745.00 in real estate, brought about by adjustments which the Board of Assessors deemed necessary, we were pleased to announce that there would be no increase in the tax rate, the same remaining as the previous year, namely $33.40 per thousand.

The total valuation for 1936 is $52,756,275.00, of which $47,994,385.00 is on real property and $4,761,890.00 is on personal property.

The Board does not anticipate any increase in valuation for 1937 which would materially aid in effecting a further reduction in the tax rate.

We wish to call to the attention of the taxpayers that applications for abatement of real and personal taxes must be filed in the office of the Board of Assessors on or before October first of the year in which the tax is assessed; also to the necessity of filing with the Board the "Form of List" which should be in our hands on or before January 31st of the taxable year.

The following is a list of State and County taxes and valuations for the year 1936.

Respectfully submitted,

JOHN J. CURRAN, Chairman,
EDWARD F. WRIGHT,
EDWARD A. OATES,
Board of Assessors.

ANNUAL REPORT

OF THE

AUDITOR

OF THE

TOWN OF WATERTOWN

FOR THE

YEAR ENDING DECEMBER 31, 1936
AUDITOR'S REPORT

I herewith present the annual report of the financial transactions of the Town of Watertown, for the year ending December 31, 1936.

The various funds in charge of the Town Treasurer belonging to the Trustees of the Public Library have been examined and found correct.

I have certified the cash of the Town Treasurer and Tax Collector and found it correct.

Periodical examinations of the Tax Collector's Outstanding Accounts have been made and check against the Controlling Account in my office.

Respectfully submitted,

W. W. NORCROSS, Jr.,
Auditor.

Watertown, Mass.

Then personally appeared the foregoing subscriber, W. W. Norcross, Jr., who made oath that the foregoing statements subscribed by him are true.

GEORGE B. WELLMAN,
Justice of the Peace.
